History.—Reorganization, June 7, 1880, of the Savannah & Charleston RR. Co. (See MANUAL for 1890.)

"Under an agreement made on June 7, 1880, between H. B. Plant and the holders of the 6 p. c. and 7 p. c. bonds of the old Savannah & Charleston RR. Co., it was agreed that the holders of the bonds and coupons, which were decided by the court to be entitled to a priority of payment, should receive 7 p. c. first preferred income bonds for the principal and interest due on such bonds and coupons, and that the holders of the other bonds and coupons should receive second preferred income bonds, bearing 7 p. c. interest for the principal and interest due on their bonds and coupons, and that the holders of income bonds not to exceed one million dollars each, and that the capital stock of the new company should be 5,000 shares of \$100 each.

"The road being laid with old iron rails, it was necessary after the organization of the new company to relays same with steel rails; to purchase new equipment; build new bridges; fill trestles and rebuild the roadway; for which purpose an issue of \$600,000 1st mtge. bonds was authorized. Subsequently another mtge. of \$1,500,000 was authorized and the former mtge. and bonds were cancelled.

"Interest paid on first preferred income bonds for the year ending Dec. 31, 1888, 1½ p. c.; 1889, 2 p. c.; 1890, 6 p. c.; 1891, 6 p. c.; 1892, 5 p. c."

 Car trust notes, 5 per cent., dated June 1, 1889 (15 notes due quarterly)..... 9,375 00
 The authorized issue of consols is \$1,800,000, of which \$1,000,000 are reserved to retire the 1st mtge. bonds of 1881, and \$213,000 are in treasury, leaving \$587,000 outstanding as above. Nos. 1 to 1,600 are for the \$1,000 each, and the balance for \$100 each. The 2d mtge. bonds are income for 5 years, and are a 1st lien on the company's lands; 600 of them are for \$1,000 each and 1,000 of them for \$100 each. Interest due Oct., 1893, of the incomes was not paid. Receipts from land sales are applicable to payment of interest on 2d mtge. bonds, but when interest is paid from earnings they go to a sinking fund for retirement of the bonds. Interest on all three issues is payable at the office of the Central Trust Co., New York, trustee.

Land Department.—Under Act of Congress of Aug. 11, 1856, the Vicksburg and Meridian RR. Co. received a land grant estimated at 404,800 acres. In the reorganization, the Alabama and Vicksburg Ry. Co. acquired, at the public sale, Feb. 4, 1889, 131,189.19 acres. There were sold between that date and the close of the last fiscal year 22,280 acres, including 80 acres discovered to have been sold prior to June, 1885, leaving 108,909.19 unsold July 1, 1893. To this has been added 2,440 acres purchased at tax sales, obtained by cancelled sales, etc., making the total 111,349.19 acres, in addition to which the company has acquired the "surface rights" to 880 acres. In addition to the above lands in fee-simple, the company owns the mineral rights to 5,040 acres of land. Receipts from land sales during the period from Feb. 4, 1889, to June 30, 1893: Fee-simple, 18,120 acres (cash, \$25,186.50; notes, \$11,437.50), \$36,624; surface, 4,160 acres (cash, \$5,370; notes, \$6,770), \$12,140—total, 22,280 acres (cash, \$30,556.50; notes, \$18,207.50), \$48,764, an average of \$2.19 per acre. Cash receipts of Land Department, Feb. 4, 1889, to June 30, 1893, \$49,121.24. Payments: Taxes, \$9,472.88; commissions, \$4,202.55; salaries, etc., \$14,461.14—total, \$28,136.57. Balance, excess of receipts, \$20,984.67. Of this amount \$16,076.12 has been transferred to net revenue account, being a balance of \$4,908.55 carried forward.

Sidings, 120.55 miles. Gauge, 4 ft. 8½ in. Rail (steel, 451.11 miles), 53, 60, and 73 lbs.

History.—Chartered Oct. 8, 1881, and on Oct. 12, 1881, leased the Cincinnati Southern Ry. for 25 years, divided into five periods of five years each, at a rental for the 1st period of \$800,000 per annum; for the 2d period, \$900,000 per annum; \$1,000,000 per annum for the 3d period; \$1,090,000 per annum for the 4th period; and for the 5th and last period, \$1,250,000 per annum, the lessee to pay in addition to the sums mentioned, \$12,000 yearly to defray the expenses of the Board of Trustees of the railroad.

The railroad was built by the city of Cincinnati under the direction of a board of five trustees appointed by the Superior Court of Cincinnati, by virtue of an Act of the General Assembly of Ohio, passed May 4, 1869, and was completed to Chattanooga, Feb. 12, 1880. The city of Cincinnati supplied the means of construction by the issue of municipal bonds, of which the following are now outstanding: 1st series, July 1, 1872–1902, interest 7 p. c., Jan. & July (\$700,000 issued), \$698,000; 2d series, July 1, 1872–1902, interest 7.3 p. c., Jan. & July (\$9,300,000 issued), \$8,209,000; 3d series, May 1, 1876–1906, interest 7.3 p. c., May & Nov. (\$2,800,000 issued), \$2,670,000; 4th series, May 1, 1876–1906, interest 6 p. c., May & Nov. (\$3,200,000 issued), \$3,104,000; 5th series, Nov. 1, 1878–1908, interest 7 p. c., May & Nov. (\$1,000,000 issued), \$957,000; 6th series, Aug. 1, 1879–1909, interest 6 p. c., Feb. & Aug. (\$1,000,000 issued), \$920,000; 7th series, July 1, 1881–1911, interest 4 p. c., Jan. & July, \$16,000 issued and outstanding; refunded bonds, May 1, 1881–1910, interest 5 p. c., May & Nov., \$1,154,000; and July 1, 1881–1911, interest 4 p. c., Jan. & July, \$882,000—total outstanding, \$18,610,000. Cost of road, \$18,479,858.49.

The road was placed in the hands of a receiver on Mar. 19, 1893. The company failed to make any report for the past fiscal year. The returns shown in this statement are taken from the Ohio RR. Commissioners' Report.

Rolling Stock, June 30, 1893.—Locomotives, 101. Third Mortgage and Land Grant Bonds.—"The net proceeds in cash for land sales have been insufficient to allow of a further payment of interest on these bonds. In conformity with clause nine of the mortgage, holders of 3d mtge. and land grant bonds have, during the year, availed themselves of the option provided in the mortgage to use bonds instead of cash in the purchase of lands to the extent of \$24,000 in bonds and \$3,390 in coupons. To date \$412,750 bonds and \$15,240 coupons have been retired ; as the bonds have in conformity with the mortgage been surrendered to the trustee for cancellation, the liability of the company for the principal of these bonds has been reduced from \$2,500,000 to \$2,087,250. The price at which the bonds may be used for the purchase of lands for the year commencing July 1, 1893, has been fixed by your board at 25 p. c. of the principal of said bonds."

All bonds are for \$1,000 each, and with the exception of the incomes, are in coupon form, with provision for registration. The incomes are registered. The Alabama, New Orleans, and Texas Pacific Junction Ry. Co. holds a majority of the stock, together with \$3,692,000 1st mtge. bonds and \$965,500 3d mtge. bonds. The bonds of 1916 bear 4 p. c. till Jan. 1, 1894, and 5 p. c. thereafter ; of these bonds \$65,375 are held unused to retire 6 p. c. income bonds. They are a first lien on the land grant and third on the railroad. Net proceeds of land sales go to payment of interest on these bonds if necessary, otherwise to sinking fund. Trustees of bonds : Prior lien and 3d mtges., Central Trust Co., New York, N. Y. ; 1st mtge., Farmers' Loan and Trust Co., New York, N. Y. Interest payable at the offices of the trustees. The prior lien bonds are listed in London.

UNITED STATES LAND GRANT.—The lands covered by the certified lists issued in June, 1859, is 353,498.21 acres : add gained by counting every sixteenth part of a section as 40 acres, 1,418.08 acres—total, 354,916.29 acres. Lands sold (fee-simple, 34,950.07 : mineral rights reserved, 99,523.79), 134,473.86, leaving balance unsold June 30, 1893, 220,442.43 acres : acreage of land selected by the State of Louisiana for which certified lists have not yet been delivered to the company is 20,652 acres—total, 241,094.43 acres. In addition to the 220,442.43 acres subject to sale in fee-simple the company owns the minerals, mining privileges, etc., on 99,523.79 acres. Amount of land sales to date, 122,123.84 acres, amounting to \$307,914.52, an average of \$2.52 per acre, less 280 acres, sales cancelled, \$640—net, \$307,274.52. Sales : Payments (in cash, \$75,257.47 : in land grant bonds accepted at 60 p. c. of face value, \$172,822 : in land grant bonds and coupons, accepted at 40 p. c. face value, \$55,371.20), \$303,450.67. Balance due from purchasers, \$3,823.85.

The land sales for the year ending June 30, 1893, amounted to 1,446 acres for \$6,178, being an average of \$4.27 per acre. Payment consisted of cash, \$923.35 : bonds at 40 p. c., \$3,260, and notes, \$1,994.65. Expenses of land department amounted to \$8,256.24, and taxes, \$3,004.25.

Total Richmond and Danville System.....3,229.20 "
Sidings, etc., 397 miles. Gauge, 4 ft. 9 in. Rail (steel), 57, 60, and 70 lbs.

History.—Chartered Mar. 9, 1847; main line opened May 16, 1856; branches from 1871 to 1874. (For interest in subsidiary lines, see subjoined statement.)

In addition to its railroad lines the company controls the Baltimore & Chesapeake Steamboat Co., operating between Richmond and West Point, Va., and Baltimore, Md.

The Richmond & West Point Terminal Ry. & Warehouse Co. was organized Mar. 8, 1880, in the interest of the Richmond & Danville RR. Co., for the purpose of acquiring roads not directly connecting with the Richmond & Danville RR. The charter of the Richmond & Danville RR. Co., at that time, debarred it from owning stock in any but connecting lines; but a subsequent amendment removed this prohibition.

The Terminal Co. acquired control of the Richmond & Danville by the purchase of 25,001 shares of the capital stock on Nov. 19, 1886, and it has acquired since then 24,761 shares additional, so that all but 238 shares of the R. & D. stock are owned by the Terminal Co.

The lines controlled by leases and the lines operated under leases are all leased for 99 yrs., for their net earnings, this company agreeing to advance any deficiency required to pay fixed charges; amounts so advanced to be repaid with interest at 6 p. c. before any dividends can be paid upon the stocks of said companies.

The roads controlled by ownership of securities, but operated as separate companies, are operated by this company for account of the several companies, no obligation being assumed by this company to make any advances.

The Georgia Pacific Ry. lease is for 20 yrs. from Dec. 19, 1888. This lease provides for the operation of this road for its net earnings, this company undertaking to advance any deficiency in the net earnings to meet fixed charges; such advances to be repaid this company, with interest at 6 p. c. per annum, before any dividends can be paid by the Georgia Pacific Ry. Co. upon its income bonds or stock.

REORGANIZATION.—On June 15, 1894, the railroad and property of this company were sold under foreclosure of its consolidated mortgage of Oct. 1, 1886, and a new corporation, the Southern Ry. Co., has been organized, with the following officers: SAMUEL SPENCER, *Pres.*; Alex. B. Andrews, *2d Vice-Pres.*; W. H. Baldwin, Jr., *3d Vice-Pres.*; Francis Lynde Stetson, *Gen. Consul*; W. A. C. Ewen, *Sec.*; George S. Hobbs, *Aud.*

Equipment Sinking Fund, Gold	May 1, 1891	May 1, 1906	6 p. c., M. & N.	900,000	54,540

The amount of gen. mtge. bon is authorized under the mortgage was \$6,000,000. Bonds are for \$1,000 each, in coupon form. Trustee, Central Trust Co. of New York.

The debentures are CUMULATIVE income bonds, secured by mortgage, dated April 1, 1882, due April 1, 1927; interest 6 p. c. IF EARNED, payable April 1 & Oct. 1. Coupons from Oct., 1883, to April, 1887, inclusive, were funded in new consol. 5s of 1886. The bonds are a lien subsequent to the general 6s of 1915 on the main line and branches.

The consol. mtge. 5 p. c. bonds of 1886 are limited in issue to \$14,500,000, and a sufficient number of them is reserved to take up prior liens. The bonds are for \$1,000 each, in coupon form, but may be registered at the office of the Central Trust Co. of New York, trustee.

The equipment bonds are in coupon form, for \$1,000 each. Authorized issues of 5s, \$2,500,000; of 6s, \$2,000,000. It is provided that the company shall pay to the trustee on each interest day a sum equal to 4½ p. c. of the principal of bonds previously issued, whether any shall have been redeemed or not, and so much of this sum as is not required to pay interest is to be used in redeeming outstanding bonds at par and accrued interest. Trustee, Central Trust Co. of New York.

The Cincinnati Extension bonds of the East Tenn., V. & Ga. Ry. Co. are the joint and several obligations of this company and the East Tennessee, and are unconditionally guaranteed by the Terminal Co. They were issued to secure control of the Ala. Gt. So. RR.

The stockholders of the Georgia Pacific Ry. Co., on June 20, 1891, authorized the issue of \$1,500,000 6 p. c. equipment sinking fund bonds, to run for 15 years from May, 1891, for the purpose of acquiring additional rolling stock and equipment. This company advanced \$42,000, and the R. & W. P. T. Ry. & W. Co., \$450,000, to the Georgia Pacific Ry. Co., for the acquisition of new equipment, which was to be provided for by the issue of these bonds, but they have not yet been sold.

Sinking Funds.—The fixed charges for the year, covered by the statements of operations, include the following amounts deposited with the trustees for the purchase of bonds for the sinking funds, viz.: R. & D. RR. equipment mtge. 5 p. c. bonds of 1889, \$71,130; Ga. Pac. Ry. equipment mtge. 5 p. c. bonds of 1889, \$73,295. These sinking funds were applied by the

trustees to the purchase of bonds, and the following amounts were purchased and retired : R. & D. RR. equipment mtge. 5 p. c. bonds, \$112,000; Ga. Pac. Ry. equipment mtge. 5 p. c. bonds, \$90,000.

mtge., C. C. & A. consols., C. & L. 1st mtge. (and dividend), C. & C. 1st mtge. (and dividend), and also on Spartanburg, Union & Columbia rental. In June, 1893, the Central Trust Co. of New York, trustee of the consol. mtge., filed a bill for the foreclosure of that mtge., and on April 13, 1894, a decree was entered ordering the sale of the road on June 15, 1894.

PLAN OF REORGANIZATION.—A plan for the reorganization of the Richmond & West Point Terminal Co. and the companies controlled by it was published in the *MANUAL* for 1892, pages 511 to 515. This plan was abandoned in May, 1892, having failed of acceptance by the security holders in interest. The Richmond & Danville RR. was placed in the hands of F. W. Huidekoper and Reuben Foster, as Receivers, on June 16, 1892. Another plan for the reorganization of the Richmond & West Point Terminal Co. properties was issued by Drexel, Morgan & Co., May 1, 1893, C. H. Coster, George Sherman, and Anthony J. Thomas constituting the Reorganization Committee. Suit was instituted by the Central Trust Co. for the foreclosure of the 5 p. c. consol. mtge. of the Richmond & Danville RR. Co., and under this suit Samuel Spencer, F. W. Huidekoper, and Reuben Foster were appointed Receivers on Aug. 1, 1893. The plan of reorganization, issued May 1, 1893, by Drexel, Morgan & Co. was modified on Feb. 20, 1894, the modification affecting the securities of the Richmond & Danville chiefly as follows: Consol. 6s, debentures (with coupons from Oct. 1, 1892), and equipment 5s, not to be disturbed, but debenture interest from Oct. 1, 1892, to Oct. 1, 1895, to be funded in 5 p. c. bonds of new company at the rate of \$25 per coupon, and interest rate to be reduced to 5 p. c., and income clause cancelled; consol. 5s, with coupons from Oct. 1, 1892, to receive 100 p. c. in bonds of new company, drawing interest at 5 p. c. from Jan. 1, 1896, interest for Oct., 1892, and April, 1893, and all interest on new bonds to Jan. 1, 1896, to be funded in preferred stock of new company at par; receivers' certificates of 1893 for "Emergency" loan, plus interest to July 1, 1895, to receive 100 p. c. in 5 p. c. bonds of new company, bearing interest from July 1, 1895.

The receivers make the following report for 8 months ending Feb. 28, 1894, for the Richmond & Danville System, 2,178.43 miles, the Charlotte, Columbia & Augusta, Columbia & Greenville, and Georgia Pacific not being included: Earnings—passenger, \$1,621,232.76; freight, \$3,125,288.41; mail, \$487,850.68; express, \$128,572.34; other, \$397,837.65—total, \$5,710,281.84. RICHMOND AND WEST POINT TERMINAL RAILWAY AND WAREHOUSE COMPANY.

History.—Chartered Mar. 8, 1880, in the interest of the Richmond and Danville RR. Co., for the purpose of acquiring control of railroads not directly connecting with that company's lines. Shortly after its formation the company began to acquire control of various railroads in the South, and has continued to add to its mileage yearly since then, until, on Nov. 30, 1892, it controlled 9,053.3 miles of railroad and water lines as follows :

Richmond and Danville System, railroads.....	3,258.5 miles.
East Tennessee, Virginia, and Georgia System, railroads.....	2,613.8 "
Central R.R. of Georgia System, railroads.....	2,077.0 "
Georgia RR. (leased jointly by C. R.R. of Ga. and L. & N. RR., and roads controlled jointly with the Ga. R.R. Co.).....	604.0 "
Water lines—Baltimore, Chesapeake and Richmond S. B., equivalent rail distance.....	200.0 "
Ocean Steamship Company, equivalent rail distance.....	300.0 "

Control of the R. & D. was acquired in Nov., 1886. Voting control of the E. T., V. & G. till July 1, 1891, was acquired in Jan., 1887, by purchase of \$6,500,000 1st preferred stock. In Oct., 1888, the company purchased the entire capital stock, \$12,000,000, of the Georgia Company controlling the Central RR. and Banking Co. of Georgia. (See MANUAL for 1891.)

Financial Statement.—Capital stock—common, \$70,000,000; preferred, \$5,000,000; collateral trust 6 p. c. bonds, \$5,500,000; collateral trust 5 p. c. bonds, \$11,065,000—total, \$91,565,000.

Preferred stock received 2½ p. c. in 1887, and 5 p. c. yearly from 1888 to 1891. It is entitled to 5 p. c. cumulative dividends.

The 6 p. c. collateral trust gold bonds are dated Feb. 1, 1887, and mature Feb. 1, 1897. Authorized issue, \$8,500,000. The following securities were deposited with the Central Trust Co., trustee, as security for the \$5,500,000 outstanding: Virginia Midland Ry. Co., stock, \$3,100,000; Western North Carolina RR. Co., 1st consols, \$1,325,000; Western North Carolina RR. Co., 2d mtge. bonds, \$4,110,000; Columbia & Greenville RR. Co., common stock, \$1,000,000; Columbia & Greenville RR. Co., preferred stock, \$1,000; Rich. & Dan. RR. Co., stock, \$1,760,900; East Tenn. V. & G. RR. Co., 1st preferred stock, \$6,000,000—total, \$17,296,900.

The 5 p. c. consol. 1st mtge. collateral trust gold bonds were authorized to the amount of \$24,300,000. The following securities were deposited with the Central Trust Co. as security for the \$11,065,000 outstanding:

Georgia Company, stock, \$11,990,000; Charlotte, Columbia & Augusta RR. Co., stock, \$1,300,000; Virginia Midland Ry. Co., stock, \$470,000; Western Northern Carolina RR. Co., common stock, \$3,160,000; Western North Carolina RR. Co., preferred stock, \$3,160,000; Georgia Pacific Ry. Co., stock, \$4,370,000; Georgia Pacific Ry. Co., 2d mtge. income bonds, \$1,397,000; Asheville & Spartanburg RR. Co., 2d mtge. bonds, \$215,000; Asheville & Spartanburg RR. Co., stock, \$1,040,000; Washington, Ohio & Western RR. Co., income bonds, \$625,000; Washington, Ohio & Western RR. Co., stock, \$1,500,000; Northeastern RR. Co., of Ga., gen. mtge. bonds, \$315,000; Northeastern RR. Co. of Ga., stock, \$120,000; Richmond & Mecklenburg RR. Co., stock, \$300,000; Richmond & Danville RR. Co., stock, \$708,100; Georgia Co., Collateral Trust bonds, \$3,447,000; E. T., Va. & Ga. Ry. Co.; 1st preferred stock, \$2,283,200; Central RR. & B. Co. of Ga., stock, \$220,000; E. T., Va. & Ga. Ry. Co., second preferred, \$4,225,000—total, \$40,845,300. These securities had a market value of \$15,195,560.

The bonds were also a second lien upon the securities deposited to secure the 6 p. c. loan, and an additional lien upon \$2,500,000 stock of the Richmond & Danville RR. Co., subject to the preferred stock trust agreement of Dec. 6, 1886, and supplemental trust agreement of Sept. 20, 1887.

During the fiscal year 1889-90 this company guaranteed principal and interest on \$6,000,000 50-year 5 p. c. \$1,000 gold bonds, due Feb. 1, 1940, and known as "Cincinnati Extension bonds." These bonds were issued jointly by the Richmond & Danville and the East Tennessee, Virginia & Georgia Cos., for the purpose of securing a controlling interest in the Alabama Great Southern and the Cincinnati, New Orleans & Texas Pacific Cos. (See statements for East Tennessee and Richmond & Danville RR. Cos.)

Certain of the companies controlled by the Richmond & West Point Co. having contracted debts which embarrassed that company, the President was appointed receiver on June 22, 1892. Previously, in March, 1892, a committee consisting of F. P. Olcott, Oliver H. Payne, Frederick D. Tappen, William H. Perkins, Henry Budge, H. C. Fahnestock, and J. Kennedy Tod, had formulated a plan for the reorganization of the financial affairs of the company, and a very full extract of it was published in the MANUAL for 1892, on pages 511 to 515. That plan failing of acceptance by the security holders in interest it was abandoned.

At the request of the security holders, the reorganization of the Richmond Terminal Co. and its controlled and allied properties was taken up by Drexel, Morgan & Co., early in 1893, and a plan for such reorganization was issued May 1, 1893, C. H. Coster, George Sherman, and Anthony J. Thomas constituting the Reorganization Committee. (For outline of this plan, see MANUAL for 1893, pages 1195 and 1196.)

This plan was modified Feb. 20, 1894, to meet the changed condition of financial affairs throughout the country, and especially in relation to these properties, resulting from the stringency and panic of the summer and autumn of 1893.

The plan was accepted by the security holders to the extent of over 95 p. c. of the securities involved, and is now in process of successful and early completion.

As a preliminary step to the carrying out of the reorganization, suits were brought under

both mortgages, and on July 13, 1893, the securities pledged to secure both issues of bonds were sold by order of the court and were bid in by the Reorganization Committee. The remaining assets of the company were sold on Feb. 6, 1894, the Reorganization Committee being also the purchaser at that sale. In April, 1894, a decree of sale was ordered against the Charlotte, Columbia & Augusta, the Columbia & Greenville, and the Richmond & Danville RRs., as had a similar decree been entered against the East Tennessee, Virginia & Georgia RR., in Feb., 1894.

The modified plan of reorganization of Feb., 1894, provides for the issue by a new company, to be organized in place of the Terminal Co., of \$120,000,000 5 p. c. 1st consol. mtge. and collateral trust bonds, secured by mtge. and pledge of all the property of the new company, \$60,000,000 5 p. c. non-cumulative preferred stock, and about \$125,000,000 common stock. Of these amounts it is estimated that about \$101,000,000 bonds, \$48,000,000 preferred stock, and \$120,000,000 common stock will be necessary to carry out the plan; the remainder, as finally ascertained, to be reserved and restricted for future needs, as in the original plan, except that of the reserved bonds not over \$2,000,000 shall be used in any one year.

In addition to the properties excluded from the original plan—Cincinnati, New Orleans & Texas Pacific, Alabama Great Southern (so-called Cincinnati Extension of East Tenn., Va. & Ga.), Memphis & Charleston, and Mobile & Birmingham—the following are now excluded: Chester & Lenoir, Cheraw & Chester, Spartanburg, Union & Columbia, Richmond & Mecklenburg, Northeastern RR. of Georgia, Asheville & Spartanburg, and Macon & Northern. The exclusion of these properties will reduce the mileage of the system to about 4,600 miles.

The basis of adjustment proposed for all other properties embraced in the original plan is changed to the extent and in the manner shown in the following statement:

Richmond & West Point Terminal Railway & Warehouse Co.—Common stock is assessed \$10 per share, and receives $2\frac{1}{2}$ p. c. in new bonds, $7\frac{1}{2}$ p. c. in preferred stock, and 100 p. c. in common stock; preferred stock (with all rights to undeclared dividends) receives 35 p. c. in preferred stock, and 65 p. c. in common stock; 5 p. c. bonds (with coupons from Sept. 1, 1892, attached) receive 70 p. c. in preferred stock and 30 p. c. in common stock; and 6 p. c. bonds (with coupons from Aug. 1, 1892, attached) receive 35 p. c. in new bonds, interest on which from July 1, 1893 to Jan. 1, 1895, to be funded in new pref. stock, and 90 p. c. in pref. stock.

Richmond & Danville RR. Co.—Consol. 6s and equipment 5s are undisturbed; debenture 5s to have coupons from Oct. 1, 1892, to Oct. 1, 1895, inclusive, funded at the rate of \$25 per coupon in new bonds, bearing interest from Jan. 1, 1895, and the income clauses to be cancelled and interest to be an absolute charge at the rate of 5 p. c. per annum from Oct. 1, 1895; consol. 5s (with coupons from Oct. 1, 1892, attached) to receive 100 p. c. in new bonds, drawing interest from Jan. 1, 1896, coupons due Oct. 1, 1892, and April 1, 1893, together with all interest on new bonds up to and including that due Jan. 1, 1896, to be funded in new preferred stock; receivers' certificates of 1893 for "Emergency" loan, plus interest to July 1, 1895, to receive 100 p. c. of principal and interest in new bonds, bearing interest from July 1, 1895.

Richmond, York River & Chesapeake RR. Co.—Stock (with dividends due on and after Jan., 1894) to receive 120 p. c. of principal in preferred stock; 1sts of 1894 to be purchased for cash at par, with interest at 6 p. c. from Jan. 1, 1894, to date of sale; 2d mtge. bonds to be extended to Nov. 1, 1910, with interest at $4\frac{1}{2}$ p. c. from Nov. 1, 1893, the coupon due Nov. 1, 1893, to be paid in cash on the completion of the reorganization. In case of foreclosure under the 2d mtge. new bonds on same basis as above will be substituted for present 2d mtge. bonds.

Northwestern North Carolina.—1st mtge. 6s (with coupons due on and after April 1, 1893) receive 35 p. c. in new bonds, bearing interest from Jan. 1, 1896, and 80 p. c. in pref. stock.

Clarksville & North Carolina.—1st mtge. 6s (with interest due on and after Nov. 1, 1892) receive 30 p. c. in new bonds, bearing interest from Jan. 1, 1896, and 85 p. c. in preferred stock.

Oxford & Clarksville.—1st mtge. 6s (with interest due on and after Nov. 1, 1892) receive 30 p. c. in new bonds bearing interest from Jan. 1, 1896, and 85 p. c. in preferred stock.

Charlotte, Columbia & Augusta.—1st mtge. 7s and 2d mtge. 7s are not disturbed, but three coupons of 2ds to be funded in preferred stock; consol. 6s (with coupons due on and

after July 1, 1893) receive 100 p. c. in new bonds, bearing interest from Jan. 1, 1893, and 20 p. c. in preferred stock, interest on the new bonds from Jan. 1, 1893, to Jan. 1, 1896, inclusive, to be funded in preferred stock.

Atlantic, Tennessee & Ohio.—1st mtge. 6s undisturbed; stock is reserved for negotiation.

Danville & Western.—1st mtge. 5s (with interest due on and after Oct. 1, 1892) receive 110 p. c. in preferred stock.

History.—Organized July 1, 1886, as successor to the East Tennessee, Virginia & Georgia RR. Co., whose property was sold under foreclosure, May 25, 1886. (See MANUAL for 1892.) On June 24, 1892, Charles H. McGhee and Henry Fink were appointed receivers of this company and its leased lines. Samuel Spencer was appointed co-receiver in July, 1893. In April, 1893, suits were brought for foreclosure under the improvement and equipment mtge. and the general mtge., and in Feb., 1894, a decree was entered ordering the sale of the road on July 7, 1894. For modified plan of reorganization see statement for the Richmond & West Point Co., page 763.

				39,000,000		2,022,410

Included above are \$2,030,000 gen. mtge. bonds which are still in the treasury of the company, and the interest (\$101,500) on which is included in the above amount of \$2,022,410.

The authorized issue of *consol. mtge. bonds* is \$30,000,000, of which \$7,230,000 are reserved for the retirement of prior liens. The bonds are for \$1,000 each, coupon or registered. They are secured on the entire property of the company, including its interest in the Knoxville & Ohio and the Memphis & Charleston RRs., but subject to prior liens. Trustee, Central Trust Co., New York. Interest due Nov. 1, 1883, was not paid till Jan. 25, 1894, and that due May 1, 1894, is in default.

The *extension mtge. bonds* are for \$1,000 each, coupon and registered. Authorized issue, \$15,000,000. This mortgage was executed in accordance with a resolution of the board of directors, authorizing the construction of a line of road from a point on the S. R. & D. Div. near Briarfield, through the Cahaba coal fields to a connection with the Georgia Pacific road at Birmingham; a line from Emory Gap to South Pittsburgh and Chattanooga; the purchase of

the Walden's Ridge RR., and the construction and acquisition of such other lines and branches as from time to time required, at the rate of \$20,000 per mile of new road built or acquired. Trustee, Central Trust Co., New York. Interest is in default since Dec. 1, 1892.

The authorized amount of *gen. mtge. bonds* is \$15,000,000, of which \$1,284,000 are reserved for retirement of the extension mtge. bonds, and the balance will be issued at the rate of \$20,000 per mile for additions and betterments. The bonds are for \$1,000 each, in coupon or registered form. Interest is in default since Dec., 1893.

The authorized issue of *equipment and improvement bonds* is \$6,000,000. Further amounts can only be issued to meet necessary improvements and equipment. The bonds are for \$1,000 each, and are a 2d mtge. on the company's property. Trustee, Central Trust Co., New York. Interest is in default since Mar., 1893.

The *Cincinnati Extension bonds* were issued to secure a controlling interest in the Alabama Great Southern RR. Co., and are the joint and several obligation of the East Tennessee, Virginia & Georgia Ry. Co. and the Richmond & Danville RR. Co. They are unconditionally guaranteed as to principal and interest by the Richmond & West Point Terminal Ry. & Warehouse Co. They are also collaterally secured by a deed of trust, dated Feb. 1, 1890, under which the railway companies deposited with the Central Trust Co., as trustee, £340,000 sterling 6 p. c. preferred "A" shares and £783,010 sterling ordinary "B" shares of the Alabama Great Southern Ry. Co. (Limited). They also agreed to deposit \$500,000 in shares of the Cincinnati, New Orleans & Texas Pacific Ry. Co., and pending such deposit, have lodged \$500,000 cash with the trustees. These bonds are for \$1,000 each, coupon or registered; interest payable at the Chase National Bank, New York. Interest is in default since Aug. 1, 1893. The Richmond Terminal reorganization plan of Feb., 1894, excludes these bonds from the reorganization, but recommends obtaining control of the property securing them. The bondholders have chosen Edward Lauterbach, Gustav E. Kissell, John Greenough, Samuel Thomas, and John I. Waterbury a committee to protect their interests.

The company also guarantees \$2,000,000 6 p. c. bonds of the Knoxville & Ohio RR. Co., \$3,000,000 5 p. c. bonds of the Mobile & Birmingham Ry. Co., and \$5,000,000 5 p. c. bonds of the Louisville Southern RR. Co.; a total of \$10,000,000, with an annual interest charge of \$520,000.

The modified plan of reorganization of the Richmond & West Point Terminal Co., so far as it affects this company, is as follows: The 1st mtge. bonds of 1900 and of 1930 and the consols are not disturbed; the improvement and equipment bonds, with coupons from Mar. 1, 1893, attached, to receive 75 p. c. in new bonds bearing 4 p. c. for 5 years and 5 p. c. thereafter, also 50 p. c. in preferred stock of new company, interest from Mar. 1, 1893, to Mar. 1, 1895, to be funded in new 5 p. c. bonds bearing interest from Jan. 1, 1895; *gen. mtge. bonds*, with coupons from Dec. 1, 1892, to receive 25 p. c. in 5 p. c. bonds of new company and 80 p. c. in preferred stock, interest from Dec. 1, 1892, to Jan. 1, 1896, to be funded in new preferred stock; 1st preferred stock to receive $\frac{3}{4}$ of 1 p. c. in new 5 p. c. bonds, bearing interest from Jan. 1, 1896, 17 $\frac{1}{2}$ p. c. in new preferred stock, and 85 p. c. in new common stock, on payment of an assessment of \$3 per share in cash; 2d preferred stock to receive $\frac{1}{2}$ p. c. in new 5 p. c. bonds, 4 $\frac{1}{2}$ p. c. in new preferred stock, and 80 p. c. in new common stock, on payment of an assessment of \$6 per share in cash; common stock to receive 1 $\frac{1}{2}$ p. c. in new 5 p. c. bonds bearing interest from Jan. 1, 1896, 5 $\frac{1}{2}$ p. c. in new preferred stock, and 60 p. c. in new common stock, on payment of an assessment of \$7.20 per share in cash.

Annual meeting, second Wednesday after second Tuesday in November, at Knoxville, Tenn.; books close twenty days in advance. Dividends usually payable at company's New York office. Interest on the several issues of bonds payable at the Chase National Bank, New York, N. Y. Stock and bonds, except the Cincinnati Extension and the general mtge. bonds, listed on the New York Stock Exchange.

History.—A consolidation, Feb. 22, 1849, of the Seaboard and Roanoke RR. Co. of Virginia and the Roanoke RR. Co. of North Carolina. The road was opened early in 1835, and rebuilt in 1851. (See MANUAL for 1888, page 646.)

This company leases the Roanoke and Tar River RR., and has a controlling interest in the Carolina Central, the Raleigh and Gaston, the Raleigh and Augusta Air-Line, the Pittsboro', and the Carthage Railroads. Those lines and the Seaboard and Roanoke main line form what is known as the Seaboard Air-Line, in connection with which is also operated the fleet of steamers of the Baltimore Steam Packet Co., plying between Baltimore, Norfolk, Portsmouth, and Old Point Comfort. The Seaboard and Roanoke RR. Co. has also a large interest in the Old Dominion Steamship Co., whose steamers supply the New York connection for the Seaboard Air-Line, and in the Georgia, Carolina and Northern Railroad, which was jointly leased to this company and the Raleigh and Gaston RR. Co. on July 1, 1889.

SOUTHERN PACIFIC COMPANY.

(For maps of this company systems, see pp. 784 and 785.)

History.—Chartered under the laws of the State of Kentucky. Company organized August 14, 1884. Authorized capital, \$150,000,000.

"ORGANIZATION.—The Southern Pacific Company is a corporation created by special charter from the State of Kentucky, authorizing it, among other things, to contract for and acquire, by purchase or otherwise, stocks, bonds, or securities of any company, corporation, or association; to enter into contracts in respect to the construction, establishment, acquisition, owning, equipment, leasing, maintenance, or operation of any railroads, telegraphs, or steamship lines, or any public or private improvements; and to buy, hold, sell, and deal in all kinds of private and public stocks, bonds, and securities.

"The capital fixed by the charter was \$1,000,000, with power to increase the amount from time to time, as might be determined by the board of directors, with the approval of at least two-thirds in interest of the stockholders. In 1884 the original amount of \$1,000,000 was paid in cash, and the authorized capital was increased to \$100,000,000. With the issue of \$87,076,200 of this new stock, the greater part of the capital stock was acquired in the proprietary lines included in the Omnibus lease. For the purpose of acquiring the proprietorship of additional lines, the authorized capital was fixed in 1888 at \$150,000,000.

"The practical operations of the company commenced Mar. 1, 1885, on which date the Omnibus lease went into effect. On April 1 following the lease of the Central Pacific lines went into operation. The leasehold terms are hereinafter stated."

The Southern Pacific Company acquired control of the Central Pacific and associated lines, 1,649.86 m., April 1, 1885; of the Southern Pacific and leased properties, 1,354.80 m., Mar. 1, 1885; of the Atlantic System (excepting the New York, Texas, and Mexican), 1,600.87 m., Mar. 31, 1885; of the New York, Texas and Mexican, 91 m., Sept. 1, 1885; of the South Pacific Coast Ry., 104 m., July 1, 1887; of the Oregon and California RR., 474.80 m., July 1, 1887; of the Northern California Ry., 25.90 m., June 1, 1889; of the Oregonian RR., 57.50 m., Dec., 1890; and of the Portland and Willamette Valley Ry. (now the Portland and Yamhill R.R.), 28.50 miles, Dec., 1890. The steamers of the company were acquired through

Morgan's Louisiana and Texas Company, and also by purchase and construction. The following statement shows the mileage of all lines operated Dec. 31, 1893:

* Does not include 242.51 miles between Mojave, Cal., and the Needles, as this line is perpetually leased, and contract delivered for its use to the Atlantic and Pacific RR. Co., that company paying, as rental, an amount equal to the interest on the bonds which were issued on said line. This rental amounts to the annual sum of \$436,260, and is treated as rental received for account of the Southern Pacific RR. of California in the accounting between it and the Southern Pacific Company, as the interest paid by the latter as lessee includes interest on all the outstanding bonds. In the report of the Southern Pacific RR. Co. of California this mileage is included, as it is covered by its 30-year 6 p. c. bonds.

SOUTHERN PACIFIC CO.
 Atlantic System and Affiliated Lines.

The miles of road owned by the affiliated companies, which are operated separately, are as follows: Houston & Texas Central R.R., 463.55 m.; Austin & Northwestern R.R., 103.40 m.; Central Texas & Northwestern Ry., 12.36 m.; San Antonio & Aransas Pass Ry., 689.00 m.—total, 1,268.31 m. Mileage of proprietary companies and leased lines, 6,624.36 m. Total mileage of proprietary, leased, and affiliated companies, 7,892.67 m.

The increase of 93.33 miles in operated mileage consists in the following extensions and new lines:

SOUTHERN PACIFIC R.R. OF CALIFORNIA.—Feb. 1, Bakersfield to Asphalto, 47.90 m.; April 15, Home Junc. to Soldiers' Home, 1.80 m.; June 1, Santa Monica Branch, 0.55 m.; June 12, Shorb Station to Monrovia, 10.40 m.; Sept 30, Burbank to Chatsworth Park, 21.30 m., making a total of \$2.25 miles newly built lines.

OREGON AND CALIFORNIA R.R.—This company purchased during the year the remaining lines of the Oregonian R.R. on the west side of the Willamette River, 57.50 m., and the Portland and Yamhill R.R., 28.50 m., and the earnings of these lines have, since Aug. 1, been included in those of the Oregon and California R.R. The gauge of these roads, which was originally 3 feet, has been changed to the standard.

IBERIA AND VERMILION R.R.—This railroad, extending from New Iberia, a point on the line of the M. L. & T. R.R. & S. Co., to Abbeville, a distance of 16.13 m., has been, commencing with Jan. 1, 1893, operated for account of the owners.

The average number of miles operated for the year was 6,598.83 m., an increase of 113.14 miles over the average number operated in 1892.

In addition to the aforementioned lines of railroad, the company operates also a line of steamships between New Orleans and New York: New Orleans to Havana, via Tampa and Key West, Florida; New Orleans to Bluefields, Nicaragua; Morgan City to Brazos, Santiago—aggregating 4,470 miles. Also several lines of inland river steamers, ferries and transfers in Louisiana and Texas aggregating 180 miles, and in the State of California aggregating 348 miles, making a total of 4,998 miles of water lines. Fuller details of these steamer lines, and the various divisions of the railroad lines, are shown on Table No. 1, and the floating equipment employed in the ocean, river, and ferry service, their character and capacity, on Table No. 28 accompanying the report of the Secretary and Controller.

TERMS OF LEASES.

Omnibus Lease.—The lease which has received this name includes (with exception of the lines in the State of Texas, which are operated, under statutory requirements of said State, independently and by their own officers) the lines forming nearly all of the Southern or "Sun-set" route from San Francisco to New Orleans by rail, and thence to New York by steamer, together with their lateral lines and branches. The Southern Pacific Company agrees to maintain said road, to pay all fixed and other charges, including interest on bonds and floating debt, and to divide the surplus net profit between the parties to the agreement in the following proportions:

Southern Pacific RR. Co. of California.....	44 p. c.	Louisiana Western RR. Co.....	7 p. c.
Southern Pacific RR. Co. of Arizona.....	10 "	Morgan's Louisiana & Texas RR. & SS. Co....	23 "
Southern Pacific RR. Co. of New Mexico.....	6 "	Southern Pacific Co.....	10 "

Betterments and additions to leased lines and equipment are currently made by the lessee, and the payments therefor become annually a charge to the lessors, each being charged with the cost of the additions to its separate property. The lease is for 99 years.

Under date of July 1, 1889, in conformity with a statute of the State of Texas, all leases of railroads in that State were cancelled, and the properties have since been operated by their own officers. The roads controlled by the Southern Pacific Co. through ownership of capital stock are generally included as formerly, in the Atlantic system of the company, in all reports of operations and statistical exhibits. The following comprise the lines in Texas controlled by the Southern Pacific Co.: Texas & New Orleans RR., Galveston, Harrisburg & San Antonio Ry., Gulf, Western Texas & Pacific Ry., and New York, Texas & Mexican Ry.

California Pacific RR.—Leased for 50 years from Nov. 1, 1886, at a yearly rental of \$600,000. Betterments and additions are made by lessee, and will be charged to lessor at the termination of the lease, at their then cost value. The terms of the agreement, including the amount of rental, are subject to change every five years, if wished for, and any revision proposed is to be determined by arbitration.

Central Pacific RR. Co.—Leased Feb. 17, 1885, and lease modified Jan. 1, 1888. Lessee pays from net earnings all interest on bonded and floating debt, excepting debt to the United States, and all sinking fund requirements, and from the balance pays a minimum yearly rental of \$1,360,000, which may be increased according to the net profits from the leased property to a maximum of \$4,080,000, and any surplus over the latter sum is retained by the lessee.

Northern Ry. Co.—A new lease was made with this company July 1, 1888, to run for 99 years from that date, covering all of the company's lines as consolidated, and which now are or hereafter may be constructed. The lessee pays from net earnings of the property interest on bonded and floating debt, the surplus up to 6 p. c. on its capital stock going to lessor, the lessee retaining all over that amount. Betterments are made by lessee and charged annually against lessor. Lessee guarantees principal and interest of bonds.

Oregon and California RR. Co.—Lease is for 40 years, from July 1, 1887, at a rental equal to interest on bonds and all current fixed charges, and dividends up to 6 p. c. on common and 7 p. c. on preferred stock, any surplus over dividends being retained by lessee. Betterments and additions are made by the lessee for account of lessor.

South Pacific Coast Ry. Co.—Lease is for 55 years, from July 1, 1887. Lessee pays from net earnings all fixed and other charges, including interest on bonded and floating debt, and charges for betterments and additions, and any balance is retained by or charged to the lessee.

Northern California Ry. Co.—Leased for 40 years from June 1, 1889. Lessee pays from net earnings all fixed and other charges, including interest on bonded and floating debt, and charges for betterments and additions. Any balance is retained by or charged to the lessee.

PROPRIETARY LINES.

Of the total capital stock of proprietary lines named below, the amount of \$163,312,150 is owned by the Southern Pacific Company, as shown elsewhere. This stock has been acquired by issuing stock of the Southern Pacific Company at par and receiving in payment therefor stock of the several railroad companies named at the rate set opposite each, namely :

Southern Pacific Railroad Co. of California at....	60 p. c.	Louisiana Western Railroad Co. at.....	100 p. c.
Southern Pacific Railroad Co. of Arizona at....	60 "	Texas and New Orleans Railroad Co. of 1874 at..	150 "
Southern Pacific Railroad Co. of New Mexico at..	60 "	Galveston, Harrisburg and San Antonio Ry. Co. at	60 "
Morgan's La. & Texas RR. & SS. Co. at....about	150 "	Northern Railway Co. at.....	100 "

The acquisition of the capital stock of Morgan's Louisiana and Texas RR. and Steamship Co. carried with it the proprietorship of the Gulf, Western Texas and Pacific Ry. Co. and several transportation lines in Texas and Louisiana.

The Morgan Company also owns a majority interest in the capital stock of the Houston and Texas Central Ry. Co.; and this last-named company owns a controlling interest in the capital stock of the Texas Central Ry. Company. The Houston and Texas Central and the Texas Central Rys. are at present operated by receivers. Their operations do not therefore appear in this report. The terms for the reorganization of the affairs of the former company have been agreed to, and are now being carried out.

For cash and for obligations assumed by the terms of the leases, the stock has also been acquired of the South Pacific Coast Ry. Co., the New York, Texas and Mexican Ry. Co., and the Northern California Ry. Co.

Further exchanges are being made for additional stock of some of the above companies, so that the Southern Pacific Company has practically the ownership of them all. These properties, therefore, though separate corporations, comprise in effect the Southern Pacific Company. A full statement of the Southern Pacific Company's affairs thus requires a consolidation of the exhibits for both the proprietor company and its proprietary lines.

The company also owns 41,721 shares of stock in the Mexican International RR. Co. of the par value of \$4,172,100, out of the total capital outstanding, amounting to \$16,975,000. For these shares the Southern Pacific Company issued its stock to the amount of \$834,420. As the stock owned in this line is not a majority of the whole, and as it is not operated by the Southern Pacific Company, its financial affairs do not appear in this report.

The greater amount of the capital stock of the Southern Pacific Company having been issued to acquire the stocks of proprietary lines, the amount so issued stands practically in lieu

of that received; and the stocks thus received covering practically all the capital stock of the several companies, the stock issued therefor by the Southern Pacific Company represents the actual ownership of the proprietary lines. To guard against the circulation of this double capital, the stock of the proprietary lines owned by the Southern Pacific Company has been deposited in trust with the Union Trust Co., and stamped not negotiable till the Southern Pacific stock issued therefor has been cancelled.

EARNINGS OF THE PROPRIETARY COMPANIES, of which the net profits inure to the Southern Pacific Company as the principal owner of the stock of said proprietary companies, and for which the stock of the Southern Pacific Company is outstanding, have been as follows:

	1893	1892	Increase.	Decrease.
Average Miles of Road Operated.....	4,470.24	4,356.79	113.45

The gross receipts have averaged \$6,956.04 per mile of road operated; operating expenses, \$1,464.75, leaving earnings over operating expenses, \$2,591.29; taxes and all other fixed charges, \$1,812.01, leaving earnings over all fixed charges of \$679.23 per mile of road.

The aggregate cost of these properties, their assets and liabilities, on Dec. 31, 1893, were:

The property covered by the above liabilities consists of 4,465 miles of main line and branches 37.24 miles of second track, and 889.29 miles of sidings, a total of 5,391.53 miles of track; also, 589 locomotives, 579 passenger, baggage, mail, and express cars, three-fourths' interest in 119 Pullman sleeping and tourist cars, 15,779 freight cars of all kinds, and 263 road-service cars; also, all the ocean, ferry, and river steamers, tugs, and barges owned by the Northern Ry. of California, South Pacific Coast Ry., Morgan's Louisiana & Texas RR. & Steamship, and the Louisiana & Texas Transportation Cos.

Eliminating from the total outstanding bonded debt and debt due to the State of Texas Dec. 31, 1893, the \$7,271,000 bonds on the Mojave Division of the Southern Pacific RR. Co. of California, perpetually leased to the Atlantic & Pacific RR. Co. for a rental equal to the interest on said bonds, the fixed interest-bearing mortgage bonds and debt due to the State of Texas averages \$25,244 per mile of road, and the income mortgage bonds \$1,423.07 per mile; making a total of \$26,667.07 per mile.

The fixed interest charge on the mortgage bonds outstanding Dec. 31, 1893, averages \$1,408.22 per mile of road owned.

On Jan. 1, 1885, the fixed interest-bearing mortgage debt and debt due to the State of Texas of the 3,276.91 miles of railroad then forming the proprietary companies averaged \$26,-

772.03 per mile of road. Since then there has been expended on these properties for betterments and additions the sum of \$12,368,042.48, exclusive of such additions as were made and paid for by the sale of securities; and the assets over liabilities, excluding stocks in proprietary and other companies, were, at the close of the year 1893, \$5,072,452.17 greater than they were on Jan. 1, 1885.

As a matter of general information in respect to the earnings and expenditures of every character of the railroads and transportation lines constituting the proprietary companies, the following statement showing annually the net results from their operation is herewith submitted:

The following statement shows annually, beginning with the year 1885, the general operation and net result derived from the operation of the proprietary companies and leased lines, and of which the net proceeds have either accrued directly to the Southern Pacific Co., or to the several proprietary companies, and are represented in the increase of the assets of the respective companies:

The above expenditures for betterments and additions do not include expenditures made for said account on the Central Pacific RR., South Pacific Coast Ry., Northern California Ry., and California Pacific RR. These are under the leases a charge to income account of the Southern Pacific Co., and have been deducted in the above statement from earnings of the proprietary companies, or included in the losses from operation of leased lines.

AFFILIATED COMPANIES.

The Southern Pacific Company guarantees the interest or principal and interest on the following bonds of other companies:

1. Under the Houston & Texas Central reorganization agreement the interest on the following bonds outstanding Dec. 31, 1893: 1st mtge. 5 p. c. gold bonds, due July 1, 1937,

\$7,442,000; consolidated mtge. 6 p. c. gold bonds, due Oct. 1, 1912, \$3,501,000; general mtge. 4 p. c. gold bonds, due April 1, 1921, \$4,300,000; 6 p. c. debenture bonds, \$705,000, and 4 p. c. debenture bonds, \$411,000, due Oct. 1, 1897.

2. The interest and principal on \$1,920,000, 1st mtge. 5 p. c. gold bonds, due July 1, 1941, of the Austin & Northwestern RR. Co., of which the Southern Pacific Co. has acquired \$1,008,000 of \$1,016,000 outstanding capital stock.

3. The interest and principal on \$17,200,000, 1st mtge. 4 p. c. gold bonds, due Jan. 1, 1913, of the San Antonio & Aransas Pass Ry. Co.

The Southern Pacific Co. has also acquired the entire capital stock of the Central Texas & Northwestern Ry. Co., amounting to \$200,000. The bonded debt of this company consists of \$180,000 1st mtge. 6 p. c. gold bonds, due Oct. 1, 1911.

The interest on the bonded debt of the above companies amounts to \$1,607,725 per annum. Their earnings and expenses for the year have been as follows: Gross transportation earnings, \$5,897,118.85; operating expenses, \$4,116,158.82, leaving earnings over operating expenses, \$1,780,960.03; other receipts, \$27,875.16; total receipts over operating expenses, \$1,808,835.19. Other payments chargeable to income: Taxes, \$129,013.50; rentals, \$32,449.15; interest on bonded debt, \$1,611,365; leaving earnings over fixed charges, \$36,007.54.

The above lines are operated separately by the companies to which the lines respectively belong. As separate reports of their earnings, expenses, and financial condition are published, their operations are, therefore, not included in any statements published herein other than the above statement, and in the summary of operations following.

General Operations.—The following statement shows the transportation earnings of the aforementioned proprietary and leased railroad and steamship lines, receipts from all other sources, operating expenses, fixed and all other charges which are an obligation of the proprietary companies, or of the Southern Pacific Co. as lessee. Under "proprietary companies" are shown the earnings over operating expenses, taxes, and fixed charges which inure to the Southern Pacific Co. as the principal owner of the stock of said proprietary companies, and under "leased lines" the profits or losses from the operation of said leased lines which may inure to or become a charge against the income account of the Southern Pacific Co.

The expenditures for betterments and additions for account of the proprietary companies, which are a charge to the capital account of said companies, have been \$1,201,833.95. Taking these expenditures into the calculation of the year's operations, there remains a surplus after the payment of expenses of every character, including those for betterments and additions, of \$1,548,628.87, against \$961,724.63 in 1892. Comparing the net results for the year with those for 1892, there is a decrease of \$512,999.07, or 15.72 p. c. in the earnings over all fixed charges, *i. e.*, in the sum inuring to the Southern Pacific Co. as the principal owner of the stock of the proprietary companies, and such other profits as have inured to the Southern Pacific Co. from the operation of the leased lines, or losses incurred in said operations which became a charge to its income account.

Comparing the year's results with the year 1892, there has been a decrease in the gross transportation earnings of \$922,646.88, or 1.89 p. c., of which \$726,570.15, or 2.05 p. c., occurred on the lines of the Pacific System, and \$196,076.73, or 1.45 p. c., on the lines of the Atlantic System. A decrease in the operating expenses of \$711,955.21, or 2.27 p. c., of which \$583,801.86, or 2.72 p. c., was effected on the lines of the Pacific System, and \$123,153.35, or 1.28 p. c., on the lines of the Atlantic System. An increase in trackage and other rentals of \$2,847.75; a decrease in other receipts of \$37,943.12, but which arises altogether from offsetting, against the interest paid on floating debt in 1893, the interest collected on open accounts due the several companies, while in 1892 the total on both sides was stated. This leaves a decrease in the "total receipts over operating expenses" of \$245,787.04.

In other payments chargeable to income there has been an increase of \$368,371.58, which is explained by the titles of the items. Of the increase in interest on bonded debt, \$152,550.03 is for account of the Southern Pacific RR. of California, \$43,366.67 for account of the Oregon & California RR., \$55,766.63 for account of the Texas & New Orleans RR., and \$38,550 is in other minor items. In the trackage and other rentals, \$197,414.51 is for rental of additional steamers running between New York and New Orleans. Betterments and additions have decreased \$12,488.15 on the Central Pacific RR., \$8,118.72 on the California Pacific RR., and \$6,778.09 on the Northern California Ry. The decrease in interest on floating debt and other payments results, as already explained, by deducting the payments for this account in 1893 from the collections on similar account.

The changes in transportation earnings and operating expenses are more fully explained under the heading of transportation earnings and expenses.

The expenditures for betterments and additions have been as follows: charged to income from operations as above, \$311,567.60; charged to capital account of the proprietary lines, \$1,201,833.95; charged to capital account of leased lines, \$53,056.99; total, \$1,566,458.54, which is \$1,092,971.77 less than was expended in 1892. The greater part of this reduction was a natural sequence of the very large sums expended in past years in improving the physical condition of these properties, and adding to their facilities for handling their business with greater despatch and economy.

The gross and net results from the year's operations of the proprietary companies and leased and affiliated lines have been as follows:

The following statement distributes the operations of the proprietary companies and leased lines, under the division of the Pacific and Atlantic systems, respectively. Under these two systems the earnings and expenses have, since the organization of the company, been accounted for and reported. As the transportation operations, and all statistics appertaining thereto, have been similarly distributed, this arrangement of reporting these results is for the purpose of facilitating comparison with former years continued.

The income account of the company—that is, the net profits which inured to, or losses that are a direct charge against it—consists of: First, 10 p. c. of the net profits remaining after the payment of operating expenses, taxes, fixed and all other charges payable under the provisions of the Omnibus lease, which embraces the following proprietary companies: Southern Pacific RR. of California, Southern Pacific RR. of Arizona, Southern Pacific RR. of New Mexico, Louisiana Western RR., and Morgan's Louisiana & Texas RR. & Steamships (the remaining

90 p. c. reverts to the respective companies, and increases their assets in that sum); second, net profits or losses incurred in the operation of other proprietary lines under separate leases, and in the operation of what are herein designated the "leased lines;" and third, income from property owned, and other investments.

These results and such other changes as appertain to transactions reported in former years are set forth in the following income account:

The amount credited to Wells, Fargo & Co.'s Express contract is the proportion of the cash and stock received from them under contract of Oct. 3, 1893, accruing to the proprietary companies. The remaining \$1,409,760 is carried as a contingent liability of the company, to be absorbed during the term of the contract. The Oregon & California common stock was received for account of the company's guarantee upon the bonds of the San Antonio & Aransas Pass Ry. Co.

The increase of \$591,746.82 in steamships and floating equipment in 1893 consists in the purchase of the ocean steamship "El Rio" and tug "El Toro." Real estate was purchased for terminal facilities at San Francisco amounting to \$2,000,000, at Oakland amounting to \$385,000, at Los Angeles amounting to \$300,000, and the remaining \$64,691 91 was expended principally in completing the creosoting works at Oakland. As the agreement with the holders of the 2d mtge. M. & P. Extension of the Galveston, Harrisburg & San Antonio Ry. Co., already referred to, for the present lessens somewhat the value of the company's investment in \$1,110,000 of said bonds, the difference between their original cost and the present estimated value has been charged off.

Under the terms of the lease all surplus earnings in excess of 6 p. c. on stock goes to the Southern Pacific Co., lessee, but if the surplus is less than 6 p. c. on stock it goes to the Northern Ry. Co. In 1891 a surplus of \$63,505.76, which remained after deducting \$773,760, or 6 p. c. on the stock of the Northern Ry. Co., was paid over to the Southern Pacific Co.; in the other years covered by the statement the surplus was paid over to the Northern Ry. Co.

The railroads whose leasehold operations are shown in the following statement are operated by the Southern Pacific Co. under an agreement whereby the balance after payment of all fixed and other charges and cost of betterments and additions, if a surplus, is due to the Southern Pacific, and if a deficit, is payable by that company :

The funded debt outstanding December 31, 1893 (\$25,528,000), consisted of—

1st mtge. Eastern Division 6 p. c. gold bonds, due Feb. 1, 1910, interest Feb. & Aug.....	\$4,756,000
2d mtge. Eastern Division 7 p. c. 25-year gold bonds, due June 1, 1905, interest June & Dec	1,000,000
1st mtge. Western Division (M. & P. Ext.) 5 p. c. 50-year gold bonds, due May 1, 1931, int. May & Nov	13,418,000
Income Western Division (M. & P. Ext.) 6 p. c. 50-year gold bonds, due July 1, 1931, int. Jan. & July.....	6,354,000

The 1st mtge. Eastern Division bonds are secured upon the entire main line east of San Antonio, on the La Grange Branch, and on the old lands of the company. The 2d mtge. Eastern Division bonds are also secured on the main line east of San Antonio and upon the land grant. The proceeds from the sale of the lands go to the trustees to be used in the purchase of bonds. The 1st mtge. bonds are further secured by a sinking fund of 1 p. c., which commenced in 1880, and for which bonds are drawn annually. It is optional with the holders, however, whether they surrender or retain their bonds. In case of their retention, the interest continues, and the bonds remain as if they had never been drawn.

The 1st mtge. Mexican & Pacific Extension bonds are secured upon the line from San Antonio to El Paso, and also upon the Eagle Pass Branch. The 2d mtge. (income) Western Division bonds are secured upon the line from San Antonio to El Paso, subject to the 1st mtge., and are also secured by the lands due from the State for construction of the M. & P. Division, by which the company became entitled to 110,750 sections of 640 acres each, equal to 70,880,000 acres. Of these bonds, \$355,000 are in the company's treasury. By an agreement made in 1893 with the holders of these bonds the charge for interest accrued thereon has been waived, and interest hereafter will become due only if earned over all prior charges, and will be non-cumulative.

Funded debt outstanding, as per preceding statement, \$50,794,500. Deduct amount in sinking and land trust funds, \$1,493,095.94. Net funded debt, \$49,301,404.06.

There is a sinking fund of \$100,000 per annum for retirement of the 1st mtge. 6 p. c. 30-yr. bonds of the Southern Pacific RR. Co., Classes A to F. The gross receipts from sale of lands are also pledged to the redemption of those bonds. Sinking funds for retirement of gen. mtge. 5a of 1908, and of consols of 1937, \$20,000 each per annum, commence in 1898, and one of \$50,000 per annum for redemption of Southern Pacific Branch bonds commences in 1897.

The gen. mtge. 5 p. c. bonds of 1938 are limited in issue to \$38,000,000, or on newly built road to \$22,500 per mile for single track and \$7,500 per mile additional for double tracking, additional equipment, and other betterments and additions. They are a lien, subject to prior mortgages, on all property now owned or which may hereafter be acquired, excepting the Colorado division. A sufficient amount of them is reserved for retirement of prior lien bonds. They are \$1,000 gold coupon (with privilege of registration) or registered bonds. Trustee, Central Trust Company, New York.

In addition to the lines operated by the S. P. Co., 1,611.45 miles, the bonds issued cover the line from Mojave to

the Needles, 242.37 miles, leased to the Atlantic and Pacific RR. Co., making 1,853.82 miles of road on which the bonds are a lien. The bonds are also a lien upon the lands granted by the United States.

The consols are authorized to the amount of \$30,000 per mile of road now owned or which may hereafter be acquired, of which \$7,500 per mile is for double track, equipment, and improvements. A sufficient amount of the bonds is reserved for the retirement of prior lien bonds, and it is provided in the mortgage deed of trust that no prior loans shall be extended at maturity, so that these bonds will eventually become a first lien on the entire property of the company. The bonds are in coupon form, but may be registered as to principal only or as to principal and interest. Denominations, \$500 and \$1,000. Trustee, Central Trust Co. of New York. Principal and interest payable in gold, free of all taxes. The bonds are limited in issue to \$58,000,000 plus an amount sufficient to retire the bonds (series A to F) issued under the mortgage of April 1, 1875; and it is provided that bonds shall not be issued within two years in excess of \$20,000,000, except in retirement of prior lien bonds, nor in excess of \$38,000,000 within ten years, except for a like purpose, nor shall such amount ever be increased beyond \$38,000,000 (except for the purpose stated), unless the net earnings for two years preceding shall in each year amount to at least the interest on all bonds outstanding secured by the mortgage of April 1, 1875, together with the interest at 5 p. c. per annum on \$58,000,000. It is further provided that should payment be received under the contract for sale of the Colorado division to the Atlantic & Pacific, the amount so reserved will be applied to purchase of bonds under this mortgage; but should the Atlantic & Pacific default in its obligations under the contract and the contract of sale thereby terminate, then this mortgage shall also cover the Colorado division. All prior lien bonds exchanged for these shall be held in trust as collateral security for the bonds issued under this mortgage until all the outstanding bonds issued under each of the prior mortgages shall have been retired. There is provision for a sinking fund of \$20,000 yearly in gold from 1898 to 1912, inclusive, and \$120,000 yearly thereafter, to be applied to purchase of bonds or to be invested. Since the close of the year 1897, \$31,000 of the gen. mtge. bonds have been retired by exchange for consols and an additional amount of \$4,070,582.50 consols has been issued—\$1,044,000 for betterments on the line between Santa Margarita and Elwood, and \$3,065,782.50 at the rate of \$22,500 per mile for the construction of branches from Peters to Oakdale, San Bruno to South San Francisco, Baden to South San Francisco, Burlbank to Chatsworth Park, Deezle to Deezleville, Collis to Fresno, Lockern to Rio Bravo, Stephens to Bakersfield, Lockern to Asphalto, Soldiers' Home Branch, Fresno to Pollaskey, and Redlands Junction to Crafton, a total of 136.25 miles not covered by any other mortgage—making a total of \$1,601,582.50 consols issued to May 15, 1894.

There has been no dividend paid since the last one shown in the preceding statement.

The items comprising the assets and liabilities of the company at the close of the year are shown in detail in the general balance sheet. The current assets available for immediate demands amounted to \$65,964.47; and the only other item shown, available for cash requirements, is the rental from the Southern Pacific Co., \$1,360,000, payable on May 1, 1894. The current liabilities, on the other hand, exceed the sum of these assets.

The additions to the company's resources during the year, and the application which has been made thereof, appear by the following statement:

The income received has been used as shown above in the dividends paid during the year, and for sinking funds for payments of bonded and United States indebtedness. The cash and current assets, which appeared at the close of 1892, have been applied for the accounts shown as follows: Investments were made in bonds for the sinking funds of the company to the amount of \$1,201,034.69, leaving but \$119.71 uninvested. A note for \$500,000 held by the trustees of the land grant mtge., maturing Oct. 1st, was paid and cancelled. An additional investment was made for new equipment, costing \$234,246.01, and consisting of 7 locomotives, 1 dining car, and 12 first-class Pullman sleeping-cars. The items comprising the remaining additions to the company's assets are shown in the general balance sheet.

COMPANY SINKING FUNDS.

The company has established sinking funds for the redemption of its funded debt, as follows:

Central Pacific 1st Mtge. (Series A, B, C, D) Sinking Fund.....	commencing 1870,	\$50,000 per annum.
Central Pacific 1st Mtge. (Series E, F, G, H, I) Sinking Fund.....	commencing 1872,	50,000 per annum.

California & Oregon (Series A, B).....	commencing 1886-1891,	\$100,000 per annum; from 1892,
San Joaquin Branch.....	commencing 1880,	10,000 per annum.
		53,000 per annum.

Balance in funds, December 31, 1893, \$3,572,632.21; in land grant fund, \$2,126,079.91. The land grant mtge. bonds are redeemable from the proceeds of the sale of the company's land.

GOVERNMENT SINKING FUND.

The Government of the United States, by Act of Congress approved July 1, 1862, and other Acts amendatory thereof, granted to the Central Pacific and other railroad companies subsidies of bonds and lands to aid in the construction of a railroad and a telegraph line from the Missouri River to the Pacific Ocean, and to secure to the Government the use of the same for postal, military, and other purposes. By the Act of July 2, 1864, the lien of the bonds thus granted was made subordinate to the lien of the companies' 1st mtge. bonds. The total amount issued to the Central Pacific RR. Co. was \$25,885,120; to the Western Pacific RR. Co., \$1,970,560—total to consolidated company, \$27,855,680, the annual interest of which is \$1,671,340.80.

By the Act of 1864, the Government was entitled to withhold one-half the charges for transportation on its account, and to receive from the company 5 p. c. of its net earnings, to be applied to the retirement of the principal and interest of the subsidy bonds. By an Act passed May 8, 1878, commonly known as the "Thurman Bill," it was provided that—

"There shall be carried to the credit of the said sinking fund, on the 1st day of Feb. in each year, the one-half of the compensation for services hereinbefore named rendered for the Government by said Central Pacific RR. Co., not applied in liquidation of interest; and in addition thereto the said company shall, on said day in each year, pay into the treasury to the credit of said sinking fund, \$1,200,000, or as much thereof as shall make the 5 p. c. of the net earnings of its road payable to the United States under said Act of 1862, and the whole sum earned by it as a compensation for services rendered for the United States, together with the sum by this section required to be paid, amount in aggregate to 25 p. c. of the whole net earnings of said railroad company, ascertained and defined as hereinbefore provided for the year ending December 31 next preceding."

The requirements for the year 1893 under the Thurman Act amounts to \$584,775.18, applicable as follows: United States bonds and interest, \$324,661.16; to sinking fund in United States Treasury, \$235,114.02. Payments to the United States Government to Dec. 31, 1893, as per settlements with United States Commissioner of Railroads—for United States bonds and interest account, \$8,710,007.89; for sinking fund in United States, \$4,961,530.56—total, \$13,671,538.45.

All amounts due the Government by the company have been fully and promptly paid. Charges to the Government, on the other hand, which are due this company in cash for transportation services performed prior to the lease of April 1, 1886, amounting to \$1,068,161.67, still remain unpaid. There is also due the Southern Pacific Co., for United States transportation on lines formerly leased and operated by the Central Pacific RR. Co., the amount of \$2,404,973.74, making the sum of \$3,473,135.41 due these companies in cash to Dec. 31, 1893, in excess of all requirements due the Government to the same date. Judgments for portions of these charges have been rendered in favor of the companies by the United States Court of Claims and affirmed by the Supreme Court, amounting for the Central Pacific RR. Co. to \$805,207.63, and for the Southern Pacific Co. to \$1,824,336.44, which were referred to in the MANUAL for 1893. No appropriation has yet been made by Congress for their payment.

The condition of the sinking fund in the United States Treasury is reported by the Secretary of the Treasury to Dec. 31, 1893, as follows: Deposits by the company—cash and transportation charges, \$4,635,318.81; interest on premiums received, \$350,457.90—total, \$5,185,776.71. Investments by Secretary of the Treasury—United States 6 p. c. currency bonds, \$2,161,000; Union Pacific and Kansas Pacific bonds, \$1,190,000; Central Pacific and Western Pacific bonds, \$1,687,000; Sioux City and Pacific bonds, \$27,500; Central Branch Union Pacific bonds, \$111,000; cash uninvested, \$9,276.71—total, \$6,185,776.71.

In the investments of the sinking fund by the Secretary of the Treasury premiums have been paid principally for United States bonds, amounting to \$1,304,235.76. Some of these bonds, subsequently sold, realized a premium of

\$109,581.94, leaving the net charge for premium paid of \$1,194,653.82. As the bonds now remaining in the fund will soon mature and be payable then at par, this net amount for premium paid represents a loss to the company.

The first of the United States bonds issued to this company became due Jan. 16, 1895. The remainder mature at intervals till Jan. 1, 1899. The account between the Government and the company for these bonds, including the interest accrued thereon to date, is as follows: Issued to Central Pacific, \$25,885,130; to Western Pacific, \$1,970,560—total principal, \$27,855,690.00. Interest at 6 p. c. accrued to Dec. 31, 1893, \$42,669,882.61—total principal and interest, \$70,525,572.61. Less payments to United States, including sinking fund in U. S. treasury, \$13,671,558.45. Balance to date not provided for, \$56,854,004.16.

* The Fidelity Trust Co., trustee, holds \$3,591,000 (Nos. 1 to 3,951) of these bonds for the purpose stated below; the remainder, \$21,049,000 (Nos. 3,951 to 25,000), are outstanding.

Eastern Division 1st mtge. bonds.—The security for these bonds is shown in the following note descriptive of the 1st mtge. bonds of 1888. The bonds are for \$1,000 gold each, in coupon form, with privilege of registration. Interest payable in New York, at the Mercantile Trust Co., and also in Philadelphia. The mtge. is dated May 15, 1875, and the bonds are payable Mar. 1, 1905. There is a sinking fund for redemption of the bonds at par.

The 1st *mtge. bonds*, \$25,000,000 in amount, numbered from 1 to 25,000 inclusive, are secured by a mtge. dated Feb. 1, 1888, to the Fidelity Insurance, Trust & Safe Deposit Co. of Philadelphia, trustee, covering the entire line, including leaseholds, rights of joint use, terminals, transfer boats, and rolling stock, from New Orleans, La., to El Paso, Texas, and from Marshall, via Texarkana, to Sherman and Fort Worth, in all 1,487 miles, subject only to the lien of the old Eastern Division firsts from Texarkana and Marshall to Fort Worth, and the School Fund Loan of the State of Texas, of \$167,000, to retire both of which an equal amount of bonds was set aside. The bonds are for \$1,000 gold each, in coupon form, with privilege of registration. Interest payable in New York, at the Mercantile Trust Co., and also in Philadelphia.

The 2d *mtge. bonds*, \$25,000,000 in amount, numbered from 1 to 25,000 inclusive, are secured by a mtge. dated Feb. 1, 1888, to the Mercantile Trust Co. of New York, trustee, being a 2d lien on the entire line, subject to the 1st mtge. described before, and bearing even date. Interest is payable annually, on Mar. 1, but only to the extent that net earnings will permit, and is non-cumulative. No interest has yet been paid. The mtge. securing these bonds provides that after Mar. 1, 1892, the trustee, in case of non-payment of full interest in any year, may enter into possession of the property and manage it under the direction of a committee of the bondholders. If in the opinion of two-thirds of the directors it becomes necessary to build or acquire branch lines, the interest on expenditures for such purpose up to \$12,500 per mile will be made a rental charge and take precedence of interest on these bonds. The bonds are for \$1,000 gold each, in coupon form, with privilege of registration. Interest payable in New York.

LAND GRANT.—Under the reorganization in 1887 the lands of this company were disposed of to the TEXAS PACIFIC LAND TRUST, organized by the holders of land bonds for the purpose of acquiring the lands. In June, 1888, there were issued \$10,370,000 of certificates of proprietary interest, in accordance with a declaration of trust, dated Feb. 1, 1888, made by Charles J. Canda, Simeon J. Drake, and William Strauss, filed with the Central Trust Co. of New York. (See MANUAL for 1888.)

History.—Organized June 30, 1885, by the purchasers of the main line and Columbus Branch of the Ohio Central R.R. Co. (See MANUAL for 1888, page 535.) The Western Division (completed from Toledo to Ridgeway, 78.3 miles, but only in operation as far as Kenton) was purchased from the Toledo, Columbus & Cincinnati Ry. Co., on Nov. 1, 1892, and an extension of it from Ridgeway to Columbus, about 50 miles, was put in operation in Nov., 1893.

"Satisfactory temporary arrangements for terminal facilities have been made at Columbus, and during the current year [1893] the company will have completed its own terminals at Columbus."

The Columbus, Shawnee & Hocking Ry. Co. has trackage rights for 99 years from Dec. 1, 1885, over the Columbus Branch, and also has joint use of the Kan. & Mich. Ry.

The 1st *mtge. bonds* are for \$1,000 gold each, in coupon form, with privilege of registration. Interest payable in New York. The mortgage is for \$5,000,000, but no more than \$3,000,000 can be issued, except by consent of three-fourths of the present bondholders. The Columbus, Hooking Valley and Toledo RR. Co. indorsed on the bonds their guaranty of the interest, but in Sept., 1891, notified this company that the guaranty would be disregarded, as no consideration had been given. Holders of bonds may vote at all meetings of stockholders of the company at the rate of one vote per \$100 of bonds.

The reorganization scheme provided that no mortgage except the first mortgage shall ever be placed upon the railroad or its property, unless a majority in interest of the preferred stockholders shall have first given their written consent thereto.

Article II. of mortgage provides that trustees shall at any time, when requested by holders of one-fourth of the bonds, ascertain the condition of the railway and equipment, and shall enforce the placing of same in good condition if necessary.

The *Western Division bonds* are for \$1,000 gold each, in coupon form, with provision for registration of principal. They are secured by first mortgage on the Western Division, from Toledo to Columbus, 130 miles, including equipments, etc., and also upon an extension which may be constructed from a point at or near the terminus in Columbus to a point on the Columbus Branch at or near Alum Creek, and upon all terminals that may be acquired or purchased, in Toledo, Columbus, or at such point of junction, and upon all branches of the Toledo and Ohio Central Ry. Co. to coal mines and gravel pits constructed or to be constructed; and by a general mortgage upon all the other property and franchises of the Toledo and Ohio Central Ry. Co. Interest payable at the agency of the company in New York. Trustee, New York Security and Trust Co., New York, N. Y.

The company guarantees principal and interest of the bonds of the Kanawha and Michigan Ry. Co., and also guarantees interest on \$300,000 (Nos. 1 to 300) of the consolidated mortgage bonds of the Toledo and Ohio Central Extension RR. Co.

NOTE.—The amount of bonds afloat, only, are shown in the preceding statement. The following are owned by the company, and held by the trustees under the trust indenture of Sept. 4, 1891, as part security for the 6 per cent. collateral trust notes: Omaha Bridge bonds, \$4,000; Kansas Pacific incomes, \$1,250; Omaha Bridge renewal bonds, \$145,000; equipment trust bonds, Series "C," \$671,000; Kansas Division and collateral mortgage bonds, \$5,000,000; collateral trust 4½ p. c. bonds, \$327,000—total, \$6,058,250. The following are held by the trustees of the Kansas Pacific consolidated mortgage: Leavenworth Branch bonds, \$583,000; income bonds, \$252,200; income (subordinated) bonds, \$3,988,550; Cheyenne Branch bonds, \$971,000; collateral trust 6 p. c. notes, \$183,000—total, \$5,979,850. The following are owned by the company and held in the treasury of the receivers: K. P. Ry. consols, \$4,000; K. P. Ry. income bonds, \$300; K. P. Ry. income bonds (subordinated), \$3,550; Omaha Bridge renewal bonds, \$322,000; collateral trust 6 p. c. notes, \$180,000—total, \$508,850. Amount issued and unpaid, Dec. 31, 1893, \$91,016,735. Of the Denver Extension bonds, \$1,773,000; of the Eastern Division, \$304,000; and of the Middle Division, \$385,000, on which the Union Pacific pays interest, are held as investments in the Kansas Pacific Denver Extension sinking fund. The American Loan and Trust Co., trustee under the Kansas Pacific Further Security Sinking Fund, holds \$116,000 of the outstanding Kansas Pacific consols. The difference of \$508,850 between the total of the bonds as shown in the preceding statement and the amount of funded debt shown in the balance sheet is due to the fact that the bonds owned by the company and held in the treasury of the receivers, are considered in the balance sheet as being afloat, while here they are properly treated as bonds owned by the company.

(1) The first mortgage bonds were issued during construction, and are secured on the road from Omaha, Neb., to a point 5 miles west of Ogden, Utah, 1,034.51 miles, as also upon the equipment appertaining to that division. They are \$1,000 gold coupon bonds; interest payable in Boston, Mass., and at the office of the Union Trust Co., New York, N. Y. Trustee: F. Gordon Dexter, Boston, Mass.

(2) The land grant bonds are secured on the same line as the 1st 6s, and are also 1st mortgage on 10,514,789 acres of land. They are \$1,000 coupon bonds; interest payable in New York and Boston. They are redeemable by purchase out of the proceeds of the sale of lands covered by the mortgage. Trustee: Union Trust Co. of New York.

(3) The sinking fund bonds are a 3d mtge. on the road mentioned in the 1st mtge. (1), and a 2d mtge. on the lands covered by the land grant bonds (2). These bonds (amounting then to \$5,160,000) matured Sept. 1, 1893, and \$3,730,000 of them were extended to Sept. 1, 1899, the company reserving the right for the trustee to draw at par after Sept. 1, 1894, or for the company to pay off the whole amount at any time after the same date. Of this amount \$3,459,000 are coupon, and \$271,000 are registered bonds. Principal and interest payable in Boston, Mass., and at the office of the Union Trust Co., New York City. Trustee: Union Trust Co., of New York.

(4) The Omaha Bridge bonds are secured by 1st mtge., specially authorized by Act of Congress, on the bridge across the Missouri from Omaha to Council Bluffs, and approaches thereto, a length of 3.95 miles. They are coupon \$1,000 or \$200 bonds, redeemable in April, 1896, principal and interest, at the London and San Francisco Bank, 73 Lombard St., London, E.C., or in gold in New York and in Boston, at the option of the holder. Interest is free from government tax. The principal is to be repaid within 25 years at 10 p. c. premium, by operation of an accumulative sinking fund applied to drawings in Nov. Trustee: J. Pierpont Morgan, New York; Edwin F. Atkins, Boston.

(5) The collateral trust bonds are limited in issue to 80 p. c. of 1st mtge. bonds of Omaha & Republican Valley, Colorado Central, and Utah & Northern RRs., deposited in trust as security. They are \$1,000 coupon bonds, dated July 1, 1879, due in 29 years, interest payable in New York and in Boston. Whenever the trustee has \$10,000 in hand it is to be used in the purchase of these bonds at 105; bonds to be drawn for redemption at that price if not offered at par. Trustee: Union Trust Co., of New York.

(6) The 1st mtge. Eastern Division (K. P. Ry.) bonds are secured on the line from Kansas City to a point 140 miles west. They are \$1,000 gold bonds; principal and interest payable in New York, N. Y. Trustee: Henry M. Alexander, New York, N. Y.

(7) The 1st mtge. Middle Division gold bonds are secured on the line from the 140th mile-post to a point 383½ miles west, a distance of 253½ miles. The bonds are for \$1,000 each. Principal and interest payable in New York. Trustee: Adolphus Meier, St. Louis, Mo.

(8) The Denver Extension bonds are secured by 1st mtge. on 236 miles of road, from the 394th mile-post to Denver, Col., and also by 1st mtge. on 3,000,000 acres of land. They are \$1,000 coupon bonds; interest free of U. S. tax, payable in New York, London, or Frankfurt, at the option of the holder. Principal payable in New York. Trustees: John A. Stewart, August Rütten, New York, N. Y.; William Endicott, Boston, Mass.

(9) The 1st mtge. Leavenworth Branch bonds are secured on the line from Leavenworth to Lawrence, Kan., 31.93 miles. Interest payable May 1, and Nov. 1, in currency. The bonds are for \$1,000 each. Principal and interest payable in New York. Trustee: Henry M. Alexander, New York.

(10) The Kansas Pacific consols are \$1,000 gold coupon or registered bonds. They are secured by mtge. on the line from Kansas City to Denver, and upon the Leavenworth Branch, 674.87 miles in all, subject to the lien of the divisional 1st mtge. bonds and of the government subsidy bonds; also secured upon the lands lying west of the 380th mile-post, subordinate to the Denver Extension bonds. They are a 1st lien on the lands adjacent to the first 380 miles of road. They are further secured by deposit in trust of bonds and stocks (\$3,160,000 bonds and \$1,980,500 stocks) of tributary roads, aggregating 237 miles, and about \$2,700,000 in land notes. The authorized issue is \$30,000,000, of which \$24,000,000 were reserved for the conversion and consolidation of prior mortgages, and the balance, together with any surplus of the \$24,000,000, for construction and equipment of new roads. Interest payable at the Union Trust Co., New York, and in Boston. Trustees: Russell Sage and George J. Gould, New York.

(11 and 12) The income bonds are a 3d mtge. on the line from 140th mile-post to a point 393 $\frac{1}{2}$ miles west, and a 2d mtge. on the Leavenworth Branch, 31.93 miles. Interest payable only if earned. Bonds are dated June 1, 1886; mature July 1, 1916. Principal payable in New York. Bonds numbered from 1 to 3,900 are for \$1,000 each; Nos. 1 to 1,101 for \$250 each, and Nos. 1 to 1,001 for \$100 each. Trustee: American Loan and Trust Co., Boston.

(13) These are \$1,000 gold bonds, secured on the line from Denver to Cheyenne, 106 miles, and on the lands appertaining thereto.

(15 and 16) The collateral trust bonds of 1883 are for \$1,000 gold each, in coupon form, with privilege of registration; dated April 2, 1883, due Dec. 1, 1907, interest payable in Boston or New York, and the principal in Boston. The issue is limited in amount to 90 p. c. of bonds of the Colorado Central, Utah & Northern, Omaha & Republican Valley, Utah Southern RR. Ext. Co., Denver, South Park & Pacific and Kans. Cent. RRs., deposited in trust as security. They are not secured by mtge. but are the direct obligation of this company. Trustee: New Eng. Trust Co., Boston, Mass.

(17) These are \$1,000 gold coupon bonds. They have the same security as the Omaha Bridge bonds (4), but are subject to the lien of that issue. Interest payable at the Union Trust Co., New York, or in Boston. Principal due Oct. 1, 1915. There is a sinking fund, but bonds are not drawn. Trustee: Central Trust Co. of New York.

(18 and 19) The equipment bonds are for \$1,000 each, in coupon form, with privilege of registration. Series "A" bonds mature $\frac{1}{2}$ yearly, in Oct., and Series "B" $\frac{1}{2}$ yearly, in April. Interest payable April and Oct. at the Union Trust Co. in New York, and also in Boston. In addition to "A" and "B" there is also Series "C," for \$671,000, all owned by the company, and held by the trustee under the trust indenture of Sept. 4, 1891, as part security for the collateral trust 6 p. c. notes. Trustee, American Loan and Trust Co., Boston.

(20) The collateral trust bonds of 1889 are secured by a deposit in trust of Denver, Leadville & Gunnison Ry. Co. bonds. The latter are limited as to the 324.54 miles of completed road to \$11,000 per mile, and as to branches to be constructed or acquired, to \$22,200 per mile. These (trust) bonds are dated Aug. 1, 1889, due Nov. 1, 1918; interest payable May 1 and Nov. 1, in Boston or in New York. They are for \$1,000 each, in coupon form, but may be registered at the company's office in Boston. Trustee: New England Trust Co., Boston. The amount of these bonds is limited to \$10,000 for every \$11,100 of D., L. & G. Ry. Co.'s bonds in trust. The difference between the interest payable on bonds in trust and interest paid on these bonds constitutes a sinking fund which is to be invested in bonds; but no bonds are to be compulsorily drawn.

(21) The collateral trust gold notes are part of an authorized issue of \$24,000,000. They were issued under a trust indenture, dated Sept. 4, 1891, for the purpose of extinguishing the floating debt. They are secured by deposit with Drexel, Morgan & Co., of New York, N. Y., trustees, of certain stocks, bonds, notes, and miscellaneous securities, owned by the company or deposited with it as collateral, and of a par value of \$110,113,365.47, and an estimated value of \$11,912,835.53. These notes are for \$1,000 each, numbered 1 *et seq.* Of the total amount authorized (\$24,000,000) \$20,000,000 was set aside for the refunding or payment of the floating debt, and \$18,530,000 of that amount was issued. That portion of the notes not used in providing for the floating debt can only be issued from time to time for the purposes of the company with the approval of the committee hereafter mentioned. These notes are dated Aug. 1, 1891, and as originally issued are in registered or bearer form, for \$10,000 each, but are exchangeable into the engraved coupon notes of like date, and of \$1,000 each. All of the notes are executed under seal by the company; counter signed by Drexel, Morgan & Co.; bear 6 p. c. interest, payable Feb. 1 and Aug. 1; principal payable Aug. 1, 1894; both principal and interest payable in gold, at the office of Drexel, Morgan & Co., New York. All the notes of said series of \$24,000,000 are equally secured and subject to the terms of the indenture of Sept. 4, 1891, between this company and Drexel, Morgan & Co., as trustees for the holders of said notes, which indenture provides for the administration of the trusts thereby created under the direction of a committee, consisting of J. Pierpont Morgan, John A. Stewart, Edward King, and Alexander E. Orr, with power to add two to their number. The trust indenture provides that any of the bonds deposited as security for these notes may be sold at any time by the committee (either with or without default by the railway company), and the stocks and miscellaneous securities may likewise be sold by the committee, provided, however, that if there is no default by the railway company, unanimous action by the committee shall be necessary for any sale except of bonds. The railway company reserves the right to pay all or any part of the notes on thirty days' published notice, at par and accrued interest. In case any securities are sold by the committee, as above explained, notes are to be redeemed either by purchasing or inviting offers at not above par and accrued interest, or by drawing at par and interest, or by *pro rata* payment on all the notes, or otherwise as the committee may direct. During 1893 notes to the amount of \$4,752,000 were cancelled, leaving \$11,224,000 outstanding.

The sales of collateral during the year show, as will be seen in the preceding statement, an apparent loss of \$1,014,649.17. As a partial offset to this, however, it should be stated that the notes cancelled with the proceeds of such sales were purchased at a discount of \$87,998.71. The net loss was, therefore, \$926,650.46, the proportion of which chargeable to the Union Pacific Ry. Co. was \$395,998.95, and which has been charged against the accumulated surplus income of the company.

The proceeds arising from the sales of the securities above specified, \$3,974,506.15, and the balance in hand at the commencement of the year 1893, \$970,031.21, aggregating \$4,944,537.36, became available during the year for the purchase and cancellation of 3-year notes as contemplated in the trust indenture.

At the close of 1892 the amount of collateral trust 6 p. c. notes outstanding was \$15,976,000. On Dec. 31, 1893, the amount had been reduced by \$4,752,000 to \$11,224,000. The trustees, at the close of 1893, had in hand an uninvested balance of \$324.37, available for further purchases of the collateral trust notes.

An issue of \$180,000 in trust notes was made during the year by the trustees, pursuant to the provisions of the trust indenture, to the Union Pac. Ry. Co., to reimburse it for amounts expended in the acquisition of \$234,325 in 1st mtge. bonds and \$455,175 in the capital stock of the Kearney & Black Hills Ry. Co., and \$223,200 (80 p. c. paid) in the capital stock of the Wood River Improvement Co., all of which securities were turned over to, and are now held by, the trustees.

There were also issued during the year \$167,000 Union Pacific Ry. Co. Omaha Bridge Renewal 5 p. c. bonds, and \$1,000 Kansas Pacific consol. mtge. 6 p. c. bonds, all of which are now held in the treasury of the receivers of the Union Pacific Ry. Co.

On Sept. 1, 1893, the sinking fund 8 p. c. bonds of the company, then amounting to \$5,162,000, became due. By agreement \$3,730,000 of them were extended for 6 years, at the same rate of interest. Of the non-appearing bonds, amounting to \$1,432,000, there were redeemed \$1,380,000 in bonds at par, and funds were provided and deposited with the trustee for the payment of the remaining \$52,000.

Under the extension agreement the moneys arising from the sales of land, the collections on contracts, etc., are to be applied, first, to the purchase of the extended bonds, provided they can be obtained at not exceeding par and

accrued interest; and, second, when they cannot be purchased at par and interest, then bonds are to be drawn by lot by the trustee 30 days prior to each interest day, the bonds so drawn to be redeemed at par and accrued interest at the due date of coupon first maturing after such drawing, the interest on such bonds so drawn to cease from and after such due date. The railway company further reserved, under the extension agreement, the right to pay all the outstanding bonds with accrued interest thereon, on Sept. 1, 1894, or at the date of the maturity of any coupon thereafter.

During the past year the following bonds were cancelled, or funds were provided for their payment and cancellation:

GENERAL REMARKS.

Owing to a heavy falling off in the revenues of the company, due to the industrial depression affecting the territory traversed by the lines of the system, it became necessary in Oct., 1893, to apply for a receivership for the company, and S. H. H. Clark, Oliver W. Mink, and E. Ellery Anderson were accordingly appointed receivers of the property of the Union Pacific Ry. Co., and of the properties of all, or nearly all, of the auxiliary companies. Subsequently, on Nov. 1, 1893, John W. Doane and Frederic R. Coudert were appointed additional receivers, on the petition of the Attorney-General of the United States.

Prior to the appointment of the receivers above-named, a suit had been instituted asking for the appointment of a receiver for the Union Pacific, Denver and Gulf R.R. Frank Trumbull, of Denver, was appointed receiver of that company, on Dec. 11, 1893, and the railway and property were turned over to him by the receivers of the Union Pacific Ry. Co., on Dec. 18, 1893. For convenience as well as for comparative purposes, the operations of the Union Pacific, Denver & Gulf are included in this statement, as if no receivership had intervened within the year.

On Oct. 24, 1893, in view of an impending default, the Ft. Worth & Denver City Ry., which has been looked upon as a part of the Union Pacific, Denver & Gulf System, was placed in the hands of Morgan Jones and John D. Moore, of Fort Worth, as receivers.

Shortly after the receiverships covering the various properties in the Union Pacific System were made, representatives of several bond issues, and the Hon. Calvin S. Brice, Chairman of the Senate Committee on Pacific Railroads, acting in behalf of the United States, met in New York City. As a result of the conference then had, a Reorganization Committee, of which the following named gentlemen are the members, was formed: Hon. Calvin S. Brice, A. A. H. Boissevain, Samuel Carr, Grenville M. Dodge, Louis Fitzgerald, Henry L. Higginson, and J. Pierpont Morgan. This committee subsequently made the Hon. Calvin S. Brice its chairman, and thereupon appointed a sub-committee, comprising J. Pierpont Morgan (chairman), A. A. H. Boissevain, Louis Fitzgerald, and, *ex-officio*, Hon. Calvin S. Brice, to which sub-committee the more active part of the work in hand was confided. It is now actively engaged in an attempt to readjust the debts of the system so that the annual charges may be brought safely within its earning capacity. The debt due to the United States, involving from many points of view the most difficult feature in any plan of reorganization, has been the subject of frequent conferences on the part of the Senate Committee on Pacific Railroads and the Reorganization Committee, but no statements regarding the progress of the negotiations can well be made in this report. In discussing the approaching maturity of this debt, the Government Directors urgently renew the recommendations of their predecessors, that "it is for the interest of the Government and of the company and of the communities which this great railroad serves, to make a prompt, just, and complete adjustment of the financial relations between this company and the United States."

The receivers, since qualifying as such, have applied the funds coming into their hands, after first obtaining the necessary authority from the courts of their appointment, in discharging such interest obligations as in their view were fairly earned, or the payment of which was absolutely essential for the preservation of the system. The following interest, sinking fund, and other fixed obligations of the system appertaining to the year 1893, not including the amounts due to companies within the system, have not, however, been included in the petitions filed under any of the several receiverships:

The preceding statement includes the interest, sinking fund, and other fixed obligations of the companies, the properties of which are severally in the hands of S. H. H. Clark and others, receivers, Frank Trumbull, receiver, and Morgan Jones and John D. Moore, receivers; but as the properties in the hands of Frank Trumbull and Jones and Moore have generally been looked upon, and are looked upon in this statement, as constituent members of the Union Pacific System, it has been thought best to set out in detail all the obligations, the payment of which is at present involved in uncertainty.

GOVERNMENT SINKING FUND.—Under the Act incorporating it, the company was required to pay over to the government 5 per cent. of its net earnings, and also one-half of the

charges on account of the government transportation. By an Act of Congress, known as the Thurman Bill, passed May 7, 1878, it was provided that

"There shall be carried to the credit of the said sinking fund, on the first day in February in each year, the one-half of the compensation for services heretofore named, rendered for the government by the said Union Pacific RR. Co. not applied in liquidation of interest; and in addition thereto the said company shall, on said day in each year, pay into the treasury, to the credit of said sinking fund, the sum of \$350,000, or as much thereof as shall be necessary to make the 5 per centum of the net earnings of its said road payable to the United States under said Act of 1862, and the whole sum earned by it, as compensation for services rendered for the United States, together with the sum by this section required to be paid, amount in the aggregate to 25 per centum of the whole net earnings of railroad company, ascertained and defined as hereinbefore provided, for the year ending on the 31st day of Dec. next preceding."

The Union Pacific Coal Co. was incorporated Sept. 25, 1890. Capital stock, \$5,000,000; funded debt (1st mtge. 5 p. c. 30-yr. bonds, due May 1, 1921, interest May & Nov., \$5,000,000; accounts payable, \$436,374.57; income account, \$198,767.86; interest accrued not due, \$41,666.67—total, \$10,676,809.10. *Contra*: Coal lands, properties, etc., \$10,172,906.24; accounts receivable, \$456,902.86; sinking fund investments, \$47,000—total, \$10,676,809.10.

The mortgage securing the bonds provides for a sinking fund of three cents per ton for every ton of coal mined and shipped from the company's lands and premises. This provision became operative Jan. 1, 1892, and the first contribution to the sinking fund, \$45,807.57, was paid in April, 1893. The stock and bonds are all owned by the Union Pacific Ry. Co., or deposited with it as collateral, and are held by Drexel, Morgan & Co. as part security for the Union Pacific Ry. Co. collateral trust 6 p. c. notes.

The mileage of the Union Pacific, Denver & Gulf Ry., as above, includes 108.46 miles operated under trackage rights.

The statistical statements which follow under the general term of the Union Pacific system contain only the figures which relate to the companies named in the preceding statement, with the exception of the statements showing the results of the financial operations of the system, which also include the following:

Central Branch, Union Pacific RR. Co., including its leased lines.....	388.19 miles.
Montana Union Ry. Co.....	72.23
Manhattan, Alma and Burlingame Ry. Co.....	56.62
Leavenworth, Topeka and Southwestern Ry. Co.....	46.57

One Half of.....175.42=87.71 "

Total.....475.90 "

The Union Pacific Ry. Co. is the equal owner with other companies in the three last-named companies. For this reason only one-half of the mileage of those companies and one-half of the results of their financial operations are included in the financial statements.

The properties of each of these various companies, excepting only the Montana Union, the Manhattan, Alma & Burlington, and the Leavenworth, Topeka & Southwestern Ry. Co., were placed in the hands of receivers in Oct. 1893.

All of the lines, up to the dates of the receiverships, were operated by, or reported to, organizations located at Omaha, excepting the Central Branch Union Pacific R.R., operated under a lease by the Missouri Pacific Ry. Co. from St. Louis; the Montana Union Ry., operated independently under a lease through an organization located at Butte; and the Manhattan, Alma & Burlington Ry., operated independently in connection with the Atchison, Topeka & Santa Fe R.R. through an organization located at Topeka.

In addition to the bonds held by the U. P. Ry. Co., as shown in the preceding statement, the O. S. L. & U. N. Ry. Co. holds \$1,565,000 consol. 1st mtge. bonds of 1919, of which \$1,501,000 are pledged with the Union Pacific Ry. Co. as collateral for advances, with power to rehypothecate or sell; also \$17,000 collateral trust bonds, \$1,000 Idaho Central 1sts, and \$1,000 Utah Central 1sts. The total of the above bonds owned in the system, as shown, is \$11,582,500 (\$1,833,000 by the company, and \$9,749,500 by the Union Pacific), of which the following, aggregating \$11,384,500, are held in trust: O. S. L. & U. N. Ry. Co. consol. 1st mtge. bonds, \$2,735,000; collateral trust bonds, \$2,854,500; Utah Northern Ry. Co. 1st mtge. bonds, \$4,312,000; Idaho Central Ry. Co. 1st mtge. bonds, \$85,000; Utah Southern R.R. Co. 1st mtge. bonds, \$418,000; extension 1st mtge. bonds, \$980,000. All of these bonds are held by the trustees under the trust indenture of Sept. 4, 1891, excepting \$2,037,000 in Utah & Northern Ry. Co. 1st mtge. bonds, held in the Union Pacific R.R. Co.'s 6 p. c. collateral trust, \$1,922,000 in Utah & Northern Ry. Co. 1st mtge. bonds, and \$81,000 in Utah Southern R.R. Extension 1st mtge. bonds, both held in the Union Pacific Ry. Co.'s 5 p. c. collateral trust.

The issue of consol. mtge. bonds is limited, including all underlying mtge. bonds, to \$25,000 per mile of completed railway, with provisions for issuing additional amounts when necessary for terminals and 2d tracks, not exceeding in the aggregate \$35,000 per mile of double track, and is secured by a mortgage on the entire property and franchises of the consolidated company. Provision is made for the retirement of all underlying mortgage bonds *pari passu* with the issue of consolidated bonds, so that the total issue of all bonds, both consolidated and underlying, shall never exceed the amount per mile of completed single or double track railway before stated. Bonds may be paid before maturity at 105 and accrued interest, after notice as provided in the mortgage, but only upon payment of the entire issue. Interest, payable April 1 & Oct. 1, is guaranteed by the U. P. Ry. Co. under a traffic agreement in the same way that payment of interest on Oregon Short Line Ry. Co., 6 p. c. bonds is now guaranteed. The mtge. provides for a sinking fund consisting of an annual payment of a sum of money equal to two-thirds of 1 p. c. of the aggregate principal of the bonds secured by the mtge. and certified by the trustee, but only so far as the net earnings of the company are sufficient after payment of taxes and interest on all bonds. Consol. mtge. bonds can be bought as an investment for this sinking fund at a price not over 105 and interest, but bonds cannot be drawn by lot for payment.

At the close of 1893 the company was indebted to the U. P. Ry. Co. in the sum of \$3,389,868. Against this, it had pledged with that company, with the power in the U. P. to rehypothecate or sell, \$1,501,000 in consolidated bonds of 1919; \$881,000 in Oregon Ry. and Navigation Co. stock; \$411,000 in Union Pacific Coal Co. 1st mtge. 5 p. c. bonds, and \$461,400 in Union Pacific Coal Co. stock. The company had also pledged with the Union Pacific Ry. Co., with the power in that company to rehypothecate or sell, \$15,000 in Oregon Ry. and Navigation Co. collateral trust 5 p. c. bonds. These bonds were owned by the Oregon Ry. & Navigation Co., which company was in turn indebted to this company for moneys advanced in the construction of the Washington & Idaho R.R., the road of the Oregon Ry. Extensions Co., and for additional equipment supplied for, and betterments made on the lines of the Oregon Ry. and Navigation Co. Of the bonds and stock thus pledged with the U. P. Ry. Co. all excepting the \$15,000 O. Ry. & N. Co. collateral trust 5 p. c. bonds were by that company deposited with the trustees under the trust indenture of Sept. 4, 1891.

No adjustment of the floating indebtedness of the Oregon Short Line and Utah Northern Railway Co. has been effected within the year. The indebtedness is, however, being carried at a cost of not far from \$200,000 per annum; but as the character of the settlement, the rate of interest, etc., remain to be determined, no charge for interest has been made in the accounts of the year.

During the year the trustees under the U. P. Ry. Co.'s trust indenture of Sept. 4, 1891, sold from out of the securities owned by this company, but pledged with the U. P. Ry. Co., \$249,000 in consol. 5 p. c. bonds of 1919, and \$140,000 in Oregon Ry. and Navigation Co. stock. There was a loss on the sale of these securities amounting to \$161,478.75, which is due mainly to the fact that the consolidated bonds, issued on road completed in previous years, have been carried in the investment accounts at their face value, though continuously selling for less. As the loss is not applicable to the operations of the year, it has not been included in the current return, but has been charged direct to income.

History.—Chartered June 13, 1879; business commenced July 1, 1879. This company is a consolidation of the Oregon Steamship Co., the Oregon Steam Navigation Co., and the companies owning the railroads built to overcome the rapids of the Columbia River. (See MANUAL for 1888, p. 916.) The property was leased for 99 years, from Jan. 1, 1887, to the Oregon Short Line Ry. Co., and lease transferred to its successor, the Oregon Short Line and Utah Northern Ry. Co., Aug. 1, 1889, the rental being interest on bonds, 6 p. c. dividends on stock, and expenses of organization. Rental is guaranteed by the U. P. Ry. Co. In addition to its lines of railroad the company operates steamship lines as follows: Ocean Line—San Francisco to Portland, 670 m.; Puget Sound Lines—between Tacoma, Olympia, Seattle, Victoria, and other Sound points, 238 m.; River lines—on the Willamette River, between Portland and Eugene, 172 m.; on the Willamette and Columbia Rivers, between Portland and Astoria, 98 m.; and between Portland and the Lower Cascade, 63 m.; on the Columbia River between the Upper Cascades and the Dalles, 51 m.; and between Celilo and Priest's Rapids, 205 m.; and on the Snake River, between Texas Ferry and Lewiston, 78 miles.

Funded debt consisted, Dec. 31, 1893, of \$4,938,000 (\$6,000,000 authorized) 1st mtge. 6 p. c. 30-yr. gold sinking fund \$1,000,000; bonds due July 1, 1909, interest payable Jan. & July; \$12,583,000 (\$30,000,000 authorized) consol. mtge. 5 p. c. 40-yr. gold \$1,000,000 comp. and reg. bonds due June 1, 1925, interest June & Dec.; and \$3,182,000 (\$25,000,000 authorized) collateral trust 5 p. c. 30-yr. \$1,000 gold comp. bonds (with provision for registration of principal), due Sept. 1, 1919, interest Mar. & Sept. Interest on all bonds is payable at Union Trust Co., New York, and in Boston. Interest on 1st mtge. bonds due Jan. 1, 1894, was not paid till Feb.; interest on the other issues is in default—since Dec., 1893, on consols, and since Mar., 1894, on collateral trust bonds. Committees of bondholders have been appointed.

Under the terms of the mortgage, interest is paid on the total authorized issue of 1st mtge. bonds, and the difference between interest on bonds outstanding and the amount of interest on the total issue is placed in a sinking fund for the retirement of the bonds at 110, and if not procurable at that price, they are drawn at par on Jan. 1, annually. Trustee, Farmers' Loan and Trust Co., New York, N. Y.

The consol. mtge. bonds are authorized at the rate of \$25,000 per mile of completed standard gauge road. The first 6,000 bonds issued under this mortgage—Nos. 1 to 6,000 inclusive—are deposited with the Farmers' Loan and Trust Co., trustee, against the issue of \$6,000,000 1st mtge. bonds. The following stocks are held as security under this mortgage: Cascade RR. Co., \$150,000; Columbia and Palouse RR. Co., \$1,000,000; Walla Walla and Columbia River RR. Co., \$700,000—total, \$1,850,000.

The collateral trust bonds are authorized at the rate of \$9,000 for every \$10,000 of principal specified. The entire issue may be redeemed at 105, on any interest day, upon seven months' notice. Trustee, American Loan and Trust Co., Boston, Mass. The following bonds are held as security under the collateral trust indenture: Washington and Idaho RR. Co. frsts, \$4,260,000; Oregon Ry. Extension Co., \$1,511,580—total, \$5,771,580.

The Pan-Handle and the Fort Worth & Denver City Cos.' bonds thus owned are held by the trustees of the U. P., D. & G. Ry. Co. consol. mtge. as part security for the bonds issued thereunder.

The consol. mtge. 5 p. c. bonds are payable Dec. 1, 1899. Both principal and interest are expressed to be paid in United States gold coin. The issue is limited to \$25,000 a mile of single track, and \$35,000 a mile of double track (including underlying mtge. bonds), and to further amounts upon pledging with the trustee of the mtge. certain bonds and securities as provided in the mtge. The retirement of underlying mtge. bonds in exchange for bonds of this issue is provided for. Bonds may be paid before maturity at 105 and accrued interest, after notice as required by the mtge., but only upon payment of the entire issue. The prompt payment of interest on the first days of June & Dec. of each year is guaranteed by the Union Pacific Ry. Co. under a traffic agreement. (See MANUAL for 1893.) The mtge. does not provide for a sinking fund. Interest on all bonds is in default. FRANK TRUMBULL, Receiver, Denver, Col.; GRENVILLE M. DODGE, Pres., New York, N. Y.; Oliver W. Mink, Compt.; Alex. Trustees of 1st mtge. and funded interest bonds, Henry Day and Oliver Ames. Coupons represented by the funded interest bonds are held in trust. Interest on the 1st mtge. and funded interest bonds is payable at the company's office, New York; on the subsidy bonds, at the United States Treasury at maturity. The company is also responsible for the bonds of its leased lines. Transfer agent in New York, Edward Canfield; in Boston, F. D. Buttrick. The Union Pacific Ry. Co. owns \$874,200 of the capital stock of this company, and it is held by the trustees under the trust indenture, Sept. 4, 1891.

The principal of the debt of this company due to the United States Government, \$1,600,000, is payable as follows: Jan. 1, 1896, \$640,000; Jan. 1, 1897, \$640,000; Jan. 1, 1898, \$320,000—total, \$1,600,000.

"The properties of the Central Branch U. P. RR. Co., the A., C. & P. RR. Co. and the A., J. C. & W. RR. Co. passed into the hands of Messrs. S. H. H. Clark and others as Receivers on Oct. 13, 1893. The statements for 1893 included in this report in so far as they relate to the above companies have been prepared regardless of the receiverships, in the belief that in this form they would be more valuable for comparative purposes. So far as they include items of rental payable by the Central Branch U. P. RR. Co. to either the A., C. & P. RR. Co. or the A., J. C. & W. RR. Co. they cannot, of course, have any binding force on the receivers of the Central Branch U. P. RR. Co.

"The inability of the Central Branch U. P. RR. Co. to discharge its rental obligations to the A., C. & P. RR. Co. and to the A., J. C. & W. RR. Co. has brought about defaults in the payment of the interest on the bonds of both of these last named companies. For the purpose of fully protecting the rights and interests of the holders of the bonds thus in default the following named gentlemen have agreed for the time being to act as Bondholders' Committee: Oliver Ames, 2d, Esq., Boston; Franklin Haven, Esq., Boston; James P. Pomeroy, Esq., Boston; Edward H. Ladd, Jr., Esq., New York, and Thomas Hitchcock, Esq., New York. Mr. Alexander Millar, Boston, will for the present act as Secretary for the committee."

OTHER RAILWAY COMPANIES IN WHICH THE UNION PACIFIC RY. CO. HAS A PROPRIETARY INTEREST, THE OPERATIONS OF WHICH ARE NOT INCLUDED IN THE GENERAL INCOME STATEMENT OF THE SYSTEM.

KEARNEY AND BLACK HILLS RY.—Kearney to Callaway, Neb., 65.67 miles. Originally chartered May, 1889; road opened Oct. 1, 1890. Reorganized during the past year. The Union Pacific Ry. Co. owns \$858,099.41 in the capital stock of this company and \$369,325 in the 1st mtg. bonds; of which capital stock to the amount of \$773,141.91 and bonds to the amount of \$339,325 are held by the trustees under the trust indenture of Sept. 4, 1891. The line of the Kearney and Black Hills Ry. Co. was built by the Wood River Improvement Co. The Union Pacific Ry. Co. is one-fourth owner in the capital stock of the Improvement Co. The Improvement Co.'s capital stock is \$400,000, on which 80 p. c. has been paid in. The Union Pacific Co. has, therefore, paid \$80,000 on this account. The certificate representing the subscription is held by the trustees under the trust indenture of Sept. 4, 1891. The Union Pacific Ry. Co. also holds the notes of the Wood River Improvement Co., payable on demand after thirty days' notice, for \$350,000, secured by a pledge of \$467,000 in the 1st mtg. bonds of the Kearney and Black Hills Ry. Co. The notes and the collateral security are held by the trustees under the trust indenture of Sept. 4, 1891. On Oct. 13, 1893, the property of this company passed into the hands of receivers. *Operations*, year ending Dec. 31, 1893.—Traffic statistics not reported. LAWRENCE AND EMPORIA RY.—Lawrence to Carbon Hill, Kan., 30.64 m.; leased from Southern Kansas Ry. Co., 0.36 m.—total, 31 miles. Gauge, 4 ft. 8½ in. This road, opened in Nov., 1879, was formerly a portion of the line of the St. Louis, Lawrence and Western R.R. Co., and was bought on sale of that company's property by the Union Pacific Ry. Co. It was operated by the Union Pacific, first under the name of Lawrence and Southwestern R.R., then as the Carbonade branch, and since July 19, 1881, under the present name. Leased for 99 years to the Lawrence, Emporia and Southwestern Ry. Co. at a rental of \$1,000 per annum and all taxes that may be assessed against the property. The operations of the line in 1884 resulted in a deficit of \$14,724.77; in 1885 of \$22,299.53, and in 1886 of \$16,384.21, all of which were met by the Union Pacific Ry. Co. In 1886 the mines at Carbonade were closed, and as the operation of the road could not be discontinued, the above lease was made. The Union Pacific Ry. Co. owns the entire capital stock (\$465,000) of this company, which is held by the trustees under the trust indenture of Sept. 4, 1891. The first mtg. 6 p. c. bonds, due 1912, amounting to \$465,000, are all held in the Kansas Pacific Consol. Mtg. Trust. The Union Pacific has no interest in the securities of the lessee company. On Oct. 13, 1893, the property of this company passed into the hands of receivers.

Financial Statement, Dec. 31, 1893.—Capital stock, \$465,000; funded debt, 1st mtg. 6 p. c. bonds, due Jan. 1, 1912, interest Mar. & Sept., \$465,000; accounts payable, \$115,213; unpaid coupons, \$320,850; interest accrued not due, \$9,300—total, \$1,375,368. *Contra*: Cost of road and fixtures, \$985,611; income account, \$369,752. * Six p. c. until 1900, and 8 p. c. from 1900 to maturity, 1903.

The *1st and debenture mtgs.* cover all lines owned by the company—1,012.3 m. east of the Mississippi River and, subject to prior divisional mortgages, 533.5 m. west of the Mississippi River; also the leasehold interest of the company in the Eel River RR. (see below). In the terminals at Detroit, Chicago, Hannibal, Quincy, and Kansas City, and in the bridges at Hannibal, St. Louis, and Kansas City. A sufficient number of 1st mtge. bonds is reserved to retire at maturity, or whenever exchanges can be made, the prior mortgages on the lines west of the Mississippi River. Trustee of 1st mortgage, Central Trust Co., New York.

The *2d mtge.* is secured on all lines owned by the company east of the Mississippi River, 1,012.3 m., together with the leasehold interest in the Eel River RR. (see below), in the terminals at Detroit, Chicago, Hannibal and Quincy, and in the bridge at Hannibal. The bonds are for \$1,000 each, and are coupon, with privilege of registration. Trustee, Metropolitan Trust Co., New York, N. Y.

The *debenture bonds* are for \$1,000 each. They are issued in two classes—Series A (for \$3,500,000) having preference for interest over Series B (\$26,500,000); interest on either issue being payable only if earned. Each \$100 of this mortgage is entitled to one vote at stockholders' meeting. Mercantile Trust Co., New York, N. Y., trustee. These bonds are transferable at the company's office, 195 Broadway, New York City.

The *St. L., K. C. & N. R. real estate and mtge. bonds* are secured by 1st mortgage on line from Union Depot to Ferguson Junc., Mo., 11.5 m., all railroads south of Market St., St. Louis, Mo., and certain real estate, also a 2d mortgage on the 354.01 m. covered by the North Missouri bonds (see table). Holders of these bonds and of the North Missouri bonds have the option until June, 1894, of exchanging them for Wabash 1st mtge. bonds at par.

The *Detroit and Chicago Extension bonds* are secured by 1st mortgage on the Chicago Extension from Montpelier, O., to Clarke Junc., Ind., a distance of 149.7 m., and the interest on these bonds is charged on that extension. There is provision for a sinking fund of 2 p. c. per annum out of the net earnings of the line (accounts will be kept separate) for redemption of the bonds at 110. Trustee, Central Trust Co., New York, N. Y.

Annual meeting, 2d Tuesday in Sept., at St. Louis, Mo. Interest on prior lien bonds payable at the National Bank of Commerce, New York; on 1st, 2d, and Detroit and Chicago Extension mtge. bonds of 1939, at the Central Trust Co., New York; and on "A" debentures at the company's office in New York.

The consolidated mileage of the Wisconsin Central Co. and the Wisconsin Central RR. Co., being the mileage which is represented by the bonds and stocks of the Wisconsin Central Co., is 671.74 miles. This amount includes what is owned by the Wisconsin Central Co. and the Wisconsin Central RR. Co., and the Packwaukee and Montello tracks, covered by bonds and stock in their treasury.

History.—The Wisconsin Central Co. was organized June 17, 1887, and subsequently acquired the Minnesota, St. Croix and Wisconsin, the Wisconsin and Minnesota, the Chippewa Falls and Western, the St. Paul and St. Croix Falls, the Wisconsin Central, the Penokee, and the Packwaukee and Montello RRs., and assumed the leases of the Milwaukee and Lake Winnebago, and Chicago, Wisconsin and Minnesota RRs. On July 1, 1888, the company began to operate the entire Wisconsin Central System, with the exception of the Wisconsin Central RR., and the leased Milwaukee and Lake Winnebago RR., which remained in the hands of the trustees under the Wisconsin Central mortgage until Nov. 1, 1889, but then came into the charge of the Wisconsin Central Co.

The Wisconsin Central RR. Co. is a reorganization, Oct. 1, 1879, of a company formed July 1, 1871. The trustees under the mortgage of 1871 had possession of the property from Jan. 4, 1879, until Oct. 31, 1889, when the plan of reorganization having been fully carried out, it was turned over to the company. (See MANUAL for 1891.) Under the terms of the plan of reorganization the mortgage trustees hold, under an irrevocable trust, until full interest is regularly paid on all bonds, \$9,500,000 capital stock of the company, being about four-fifths of the entire issue; and bondholders have the right at all meetings of the company to cast one vote for every \$100 of their bonds.

The Wisconsin Central Co. and the Wisconsin Central RR. Co. are a financial unit, since the former owns most of the first bonds and substantially all the notes, stocks, and income bonds of the latter. Legal reasons and protection to land titles require separate corporate existence to be maintained, but the consolidated account of these two companies alone shows the real value of the Wisconsin Central securities now in the market. Referring to this ownership the Wisconsin Central Co.'s report for 1892 says:

"The ownership by your company of the stocks and junior securities of the Wisconsin Central Railroad Co. still remains subject to the lien of the consolidated mortgage of the last-named company, dated Jan. 1, 1879, to the extent of \$1,522,000 first series five per cent. bonds, and \$13,000 second series seven per cent. (income) bonds. These outstanding bonds cannot probably be acquired before maturity in 1909, when the sinking fund will, beyond any question, pay them off without recourse to your treasury. Meantime, all net profits of the Wisconsin Central Railroad Co. come ultimately into your treasury, subject only to the creditor-rights of the holders of the Improvement bonds of 1891, which, as the joint and several obligations of both corporations, have precedence over your income bonds and stocks.

"The only Wisconsin Central securities known to the market are those of your company. The only accounts which are needed to disclose their value are the consolidated statements herewith submitted, which show the financial condition of the two companies as if they were actually and legally merged into a single corporation. The detailed exhibit of the relations existing between these two companies, published in the last report, renders it needless any longer to publish separate accounts for each company. So far as the rights of creditors of either company are concerned, each corporation preserves its separate obligation; but the financial strength of each corporation makes the existence of those theoretical liabilities of no practical importance to you. So far as the rights of income-bondholders and stockholders are concerned, the two corporations are a financial unit, and these consolidated statements furnish complete information as to the assets and liabilities of the property which your stocks and income bonds cover."

The Milwaukee and Lake Winnebago, and the Chicago, Wisconsin and Minnesota R.R. Cos. are independent corporations, each with its own securities, but the railroads are leased in perpetuity to the Wisconsin Central Co.

The Wisconsin Central lease of April 1, 1890, to the Northern Pacific R.R. Co. was terminated by decree of court for non-payment of rent on Sept. 27, 1893, and finally cancelled. On the same day the trustees of the bonds caused Receivers, Messrs. Henry F. Whitcomb and Howard Morris, to be appointed, for protection of all parties, after failure of the Northern Pacific Co. The Wisconsin Central Co. on Nov. 1, 1893, paid with interest all over-due coupons which had been temporarily delayed by the lessee's failure and has ever since punctually met all its coupons and other financial obligations when due. Pending settlement of accounts with its late lessee, the property is still allowed to remain in hands of Whitcomb and Morris, Receivers, who are respectively General Manager and General Solicitor of the corporation.

Consolidated Income Account, year ending June 30, 1893 (Wisconsin Central Co. and Wisconsin Central R.R. Co.).—Net rental from Northern Pacific R.R. Co., \$1,276,753.73; miscellaneous receipts, including extra dividend on Mil. & Lake Winnebago preferred stock owned, \$43,081.68—total, \$1,319,835.41. Charges: Net interest on bonds, \$666,774.43; interest on debentures of leased lines, \$37,523.33; interest, exchange, and commissions, \$49,526.30; engine and car rental, \$298,280.41; trackage rights, \$62,687.48; general expenses and expenses account of operation prior to lease, \$100,566.17—total, \$1,215,368.12. Surplus, \$104,477.29; surplus forward, \$229,129.02—total, \$333,606.31.

The 1st mtge. bonds (W. C. Co.) are for \$1,000 each, in coupon form, with privilege of registration, at holder's option, dated July 1, 1887, due July 1, 1937, interest Jan. & July, at 36 Wall Street, New York, and 50 State Street, Boston, Mass. The income bonds (W. C. Co.) are \$1,000 5 p. c. 50-yr. non-cumulative, due July 1, 1937. Trustees of bonds, John A. Stewart and Edwin H. Abbot.

The improvement bonds are authorized to the amount of \$12,000,000, of which \$3,631,000 are issued. They were authorized to buy up the Central Car Co. stock, and to pay for improvements, additional equipment, etc., and are the joint and several obligations of the Wisconsin Central Co. and the Wisconsin Central RR. Co. They are further collaterally secured by purchase-money first lien upon all property bought with their proceeds. They have precedence in payment of interest over the income bonds. No new mortgage can go ahead of them, and if either company hereafter issues a new mortgage, the improvement bonds will be exchangeable at par for bonds thereby secured. After June 30, 1900, a sinking fund will be applied to purchasing them whenever obtainable at 105 and accrued interest. These bonds bear 5 p. c. interest, May & Nov. They are for \$1,000 gold each, in coupon form, and mature May 1, 1931. The bonds outstanding were issued in payment for 21,591 shares of Central Car Company stock purchased in June, 1891, and real estate in Milwaukee, and are collaterally secured by deposit in trust with the Farmers' Loan and Trust Co. of New York, of the shares purchased, and mortgage on the real estate.

The Wisconsin Central RR. bonds (original issue, \$3,800,000, of which \$1,522,000 are now outstanding) are secured by a consolidated 1st mtge. on the Wisconsin Central RR. They are dated Jan. 1, 1879, due Jan. 1, 1909, interest Jan. & July, at 5 p. c., and are styled "First Series." The proceeds of land sales are applicable to purchase of these bonds when they can be bought at a price not exceeding par and accrued interest; but there are to be no drawings.

The Wisconsin Central Co. preferred stock is entitled to cumulative dividends of 6 per cent. per annum from July 1, 1887. Messrs. Colby, Abbot, and Hoyt, trustees, hold the whole of the stock of the Wisconsin Central Company, and issue their non-voting trustee certificates, which are the only form of stock delivery.

Land Department, Wisconsin Central RR. Co.—This company has a land grant under which it has received from the United States and the State of Wisconsin and from other sources 839,343.46 acres. There have been sold to June 30, 1893, 263,550.15 acres for \$752,643.29, leaving 575,793.31 acres on hand. Town lot sales at the same period amounted to 2,810 lots and 44 blocks for \$153,091.75, and stumpage sales amounted to 650,056 M for \$1,048,301.16; the total of all sales to date being \$1,934,036.30. Face value of outstanding land contracts on June 30, 1893, exclusive of interest due and accrued, \$92,485.34; face value of outstanding pine contracts on same date, also exclusive of interest due and accrued, 6,470 M pine, \$10,599.75. Annual meeting, last Wednesday in Oct. Transfer offices: In New York, 36 Wall Street, and in Boston, Room 81, 50 State Street. Registrar in New York, Farmers' Loan and Trust Co.; in Boston, Boston Safe Deposit and Trust Co. Capital stock, 1st mortgage and income bonds are listed on the New York and Boston Stock Exchanges.

CHESAPEAKE, OHIO AND SOUTHWESTERN RAILROAD COMPANY.

Line of Road.—Louisville, Ky., to Memphis, Tenn.....392.12

Branches: Elizabethtown, Ky., to Cecilia Junc., 6; Asphalt, Ky., to quarries, 3..... 9.00—401.12 miles.

Sidings, 91.01 miles. Gauge, 4 ft. 9 in. Rail (steel), 50, 56, and 62 lbs.

The line owned by the company extends from Elizabethtown *via* Paducah, Ky., to Memphis, Tenn., a distance of 354.10 miles. The line from Louisville to Cecilia Junc., 45.50 miles, formerly owned by this company, but sold to the Louisville and Nashville, Jan. 19, 1877, is leased in perpetuity from that company at a rental of \$60,000 per annum, with the option of purchase at any time for \$1,000,000, and the company has trackage rights over 1.52 miles in Louisville, Ky.

History.—Chartered in Tenn. in 1877, and in Ky. (as successor to the Memphis, Paducah and Northern and the Paducah and Elizabethtown RR. Cos.) in Jan., 1882. (See MANUAL for 1884.) Leased for 50 years from Feb. 1, 1886, to the Newport News and Mississippi Valley Co. on terms given in the MANUAL for 1893. In Nov., 1893, the Newport News Co. sold its interest to the Illinois Central RR. Co., jointly with the Louisville and Nashville RR. Co. Receivers were appointed in Dec., 1893, and the road will be sold under foreclosure.

In Mar., 1891, the company acquired \$1,267,500, being 60 p. c. of the share capital of the Ohio Valley Ry. Co., and agreed to guarantee principal and interest of \$2,162,000 1st mtge. 5 p. c. bonds of that company. In Mar., 1893, the company also acquired 60 p. c. (\$264,000) of the capital stock of the Owensboro, Falls of Rough and Green River RR. Co., and agreed to guarantee principal and interest of \$900,000 of that company's 1st mtge. 5 p. c. bonds of 1942.

The company also owns nearly all the stock and bonds of the Hodgenville and Elizabethtown and the Troy and Tiptonville RR. Cos. and operates these roads for their owners, but their operations are reported separately.

Sinking Fund C. & A. RR. Gold Bonds.....	162	1878	May 1, 1903	May & Nov.	6	1,852,000

Bonds of leased lines are assumed by this company as follows:

1st mortgage (L. & Mo. R. RR.) 7 per cent. 30-year bonds, due August 1, 1900.....\$439,000
1st mortgage (Mississippi River Bridge) sinking fund 6 per cent. 40-year bonds, due October 1, 1912..... 579,000
And interest is guaranteed on \$300,000 L. & Mo. River RR. 2d mtge. 7 p. c. bonds; perpetual dividends (7 p. c.) on \$1,500,000 Joliet & Chicago stock; ditto (7 p. c.) on \$300,000 Miss. River Bridge stock; annual dividends (6 p. c.) on \$1,750,000 K. C., St. L. & C. preferred stock, and annual dividends contingent upon net earnings, not to exceed 7 p. c. on \$271,700 K. C., St. L. & C. common stock.

The *consol. 6 p. c. sterling bonds* (authorized £1,600,000, or \$8,000,000), are secured on main line and Washington Branch, 323.30 miles. They are coupon bonds of £200 each, and are redeemable in 1903. Principal and interest, free of all taxes, payable in London by J. S. Morgan & Co., Trustee, United States Trust Co., New York.

The *sinking fund 6 p. c. bonds* of 1878 (\$3,000,000 originally) are coupon bonds of \$1,000 each, with provision for registration. A sinking fund of \$120,000 half-yearly, less the semi-annual interest on the bonds then outstanding, is payable to the United States Trust Co., trustee, on May 1 & Nov. 1, each year, beginning May 1, 1880, to be applied to the purchase of these bonds, if they can be obtained at not exceeding 105 and interest. They are not secured by a mortgage, but they will be should the mortgage indebtedness on lines owned ever be increased above \$8,000,000. Seven p. c. bonds of the Kansas City, St. Louis and Chicago RR. Co. (in aid of the construction of whose line these bonds were issued) to the amount of \$3,000,000 are deposited with the United States Trust Co. as additional security.

The preferred stock is entitled to a dividend of not exceeding 7 p. c. after payment of interest and of sinking-fund contribution, and to share *pro rata* with the common stock in any dividend exceeding 7 p. c. on the entire stock.

DIVIDENDS.—Regular quarterly dividends, ranging from 5 p. c. to 2 p. c. on preferred and from 6 p. c. to 2 p. c. on common stock, have been paid by this company from Aug. 25, 1863, to Dec. 31, 1893—an aggregate of 260½ p. c. on preferred and 257 p. c. on common stock. Since June, 1884, the dividend rate has been 8 p. c. per annum on both classes of stock. (See MANUAL for 1888, page 357.)

CHICAGO AND NORTHERN PACIFIC RAILROAD COMPANY.

Main Lines of Road: { Harrison St., to Madison St., Chicago, Ill. }
{ West 40th St. Junction to River Forest..... } —42.58 miles.

Branches: West 46th St., to South Oak Park, and to sundry points..... }
2d track, 59.31; sidings, etc., 81.42 miles. Gauge, 4 ft. 8½ in. Rail (steel), 80 lbs.

History.—Organized Nov. 25, 1889, and on Mar. 11, 1890, purchased the Chicago & Great Western RR., the Chicago, Harlem & Batavia Ry., and the Bridgeport & South Chicago RR., together with the property on which is located the Grand Central Passenger Station in Chicago. Leased in May, 1890, for 99 years, to the Wisconsin Central Co., that company, the Wisconsin Central RR. Co., and the Northern Pacific RR. Co. agreeing to pay this company, in addition to the fixed rental, such sum or sums of money as shall from time to time be necessary and sufficient to pay the interest on all outstanding bonds. The Northern Pacific RR. Co. failed, on Aug. 15, 1893, to perform this lease and abandoned Chicago, and now stops in St. Paul meantime.

The lease of the Wisconsin Central lines to the Northern Pacific RR. Co. was cancelled on Sept. 27, 1893, and this company's property is now being operated under a temporary arrangement by the Wisconsin Central. Default was made on interest on 1st 5s, due Oct. 1, 1893, and

on Oct. 11, 1893, receivers were appointed. A plan for the reorganization of the company is now under consideration. Receivers' certificates to the amount of \$200,000 have been authorized.

This is a terminal company formed to acquire and lease facilities to other roads and to transact a local business. Its present tenants are the Wisconsin Central, the Northern Pacific; the Chicago, Great Western, and the Baltimore and Ohio RR. Cos. The property is now being foreclosed, and tenants will have to make new leases, all old arrangements being ended.

Sidings, 47.68 miles. Gauge, 4 ft. 8½ in. Rail (steel, 322.22 m.), 50, 53, and 56 lbs.

History.—Organized in Mar., 1892, to take over the C., J. & M. RR., which was sold under foreclosure Oct. 6, 1891. (See MANUAL for 1893.) The only changes in the plan of reorganization, as shown in the MANUAL for 1893, are that the lease to the C., H. & D. RR. Co. has been dropped, the courts having declared it illegal, and that the total amount of the new 4s will be \$4,800,000 authorized, \$4,250,000 of which to be used for reorganization purposes. The new bonds are issued at par for C., V. W. & M. 1sts, and C., J. & M. consols, together with interest up to Dec., 1894. After that date interest will be paid in cash. It is proposed to build extensions of the road from Addison north to Jackson, 20 miles, and on the south into Cincinnati, 50 miles.

The consols are secured by a 1st consol. mtge. on the entire railway property of the company, and by a first and only mtge. on its coal lands and all other property owned or to be acquired, principal and interest payable in gold, free of all taxes. The bonds are for \$1,000 each, and are coupon, with provision for registration of principal. Authorized issue, \$14,500,000; reserved for retirement of an equal amount of prior liens, \$6,500,000; but in 1892 \$777,000 consols reserved for same amount of 7s due Jan. 1, 1892, were cancelled, the 7s having been retired by the preferred stock. Trustee, Central Trust Co., New York City.

The 6 p. c. gold bonds of 1904 were issued conjointly by the C. H. V. & T. Ry. Co. and the Hocking Coal & RR. Co., and are secured by a gen. mtge. on the properties of both companies; principal and interest payable in gold at the New York Agency. They are coupon bonds, of \$1,000 each. Trustee, Knickerbocker Trust Co., New York City.

All bonds are in coupon form, with privilege of registration (except the joint mtge. 6s, which have no such privilege); interest payable at the Atlantic Trust Co., New York. The consols and the joint mtge. bonds are payable, principal and interest, in gold.

The preferred stock is entitled to 5 p. c. non-cumulative dividends, and is redeemable, at the option of the company, at par, at any time after 3 years from date of issue.

The first coal transported from this region was in 1842, in which year 1,708 tons were marketed. Gross earnings, from RR., mines, etc., including value of coal on hand, \$2,377,527.50. Operating expenses, \$2,009,020.-39. Net earnings, \$368,507.11. Paid interest on bonds, \$116,900, leaving surplus, \$251,607.-11. Surplus forward, \$76,720.41—total, \$328,327.52, from which was paid, Feb. 1, 1894. dividend for year 1893 (2 p. c.), \$205,000; amount carried to credit of royalty fund, \$45,246.81—total, \$250,246.81. Balance to credit of profit and loss account, \$78,080.71.

For the past eight years the Consolidation Coal Co. has been accumulating a fund, which, for the first time, appeared in the annual report for 1884. The fund has been derived from sales of the coal under several small outlying pieces of the company's property adjoining, and sold to companies which could more advantageously work them; and from the proceeds of some surface rights of way through the company's property. The moneys received from these sources, and the amount set aside as a royalty on the yearly output from 1884 to 1892, inclusive, amounted Dec. 31, 1892, to \$501,910.91. To this has been added the interest upon investments in 1893, \$30,635.61, plus royalty upon the

output of 1893, taken from earnings, \$45,246.81, leaving balance to credit of Royalty Fund, Dec. 31, 1893, \$577,793.33. This fund is invested in interest bearing securities, and it is proposed to maintain and add to it hereafter, as a representative of the value of the coal which will be mined in future from the company's property. The company also holds as cash assets \$100,000 mtge. bonds of the Cumberland and Pennsylvania RR., acquired in 1875.

Financial Statement, Dec. 31, 1893.—Capital stock, \$10,250,000; funded debt (C. & P. RR. 1st mtge. 5 p. c. 30-yr. \$1,000 bonds, due May 1, 1921, interest May & Nov., \$1,000,000; Consolidation Coal Co. 6 p. c. consolidated convertible bonds, dated 1872, due 1897, interest Jan. & July, \$1,120,000), \$2,120,000—total, \$12,370,000. Interest payable at 71 Broadway, New York, N. Y.

The D., L. & N. bonds are a mortgage on the road and entire property of the company, subject to the Ionia and Lansing underlying mortgage. The bonds of the Sag. & W. RR. and G. R., L. & D. RR. are guaranteed, principal and interest, by the D., L. & N. RR. Co. The Ionia and Lansing RR. 8 p. c. bonds matured July 1, 1889, and were extended for ten years at 5 p. c. All bonds are in coupon form, with privilege of registration. The D., L. & N. bonds are for \$500 and \$1,000; all others are for \$1,000 each. The Saginaw and Western bonds are payable, principal and interest, in gold.

The trustees of the sinking fund hold \$233,000 1st mtge. bonds of the D., L. & N. RR. Co., and \$20,000 1st mtge. bonds of I. & L. RR. Co. The amount paid into the sinking fund during the year 1892 was \$3,375; paid trustees' services, \$150.

Reorganization Plan.—The company was unable to pay interest due July 1, 1893, but the coupons were purchased by parties in its interest, as were also the coupons of Sept., 1893, on G. R., L. & D. bonds. Coupons due Jan. 1, 1894, and Mar. 1, 1894, however, went to default. A plan of reorganization is proposed which provides for an issue of \$6,500,000 1st mtge. 4 p. c. 50-yr. bonds, due July 1, 1944, of which \$5,323,000 are set aside for exchange under the plan,

\$770,000 are reserved for the retirement of the Ionia & Lansing bonds, and \$400,000 remain in the treasury to provide for future capital requirements. There will also be issued preferred 6 p. c. non-cumulative stock, ranking ahead of the present preferred stock, to be presented as a bonus on account of securities exchanged, as shown hereafter. All of the securities, excepting the Ionia & Lansing bonds, which are at present fixed liabilities of the company, including the Saginaw Valley & St. Louis RR., 8 p. c. bonds, and the stock of the Saginaw & Grand Rapids RR., will be exchanged at par for new 4 p. c. bonds, holders of bonds of the D., L. & N. receiving 50 p. c., G. R., L. & D., 16½ p. c., Saginaw & Western, 33½ p. c., Saginaw Valley & St. Louis, 20 p. c., and stockholders of Saginaw & Grand Rapids, 20 p. c. in new preferred stock as a consideration for the reduction in fixed charges. Coupons from July, 1893, to July, 1894, will be paid in the new 4 p. c. bonds.

Dividends.—For statement of all dividends paid by this company since its organization, see MANUAL for 1892. Dividends are payable at the transfer office; interest at the Second National Bank, Boston, Mass. Annual meeting, 2d Wednesday in May.

RAILROADS LEASED BY THE DETROIT, LANSING AND NORTHERN RAILROAD COMPANY.

GRAND RAPIDS, LANSING AND DETROIT RR.—Grand Rapids to Grand Ledge, Mich., 53.01 m.; branch, Oakdale to Reed's Lake, 2.53 m.—total, 55.54 m.; total track (steel, 56 lbs.), 65.34 miles. Organized early in 1887; opened in July, 1888. Leased to the D., L. & N. RR. Co., which guarantees principal and interest of bonds. Capital stock, all owned by the lessee (\$450,000 auth.). \$28,000; funded debt (see D., L. & N. bond statement), \$1,108,000; other liabilities, \$134,886.27—total, representing cost of road, \$1,270,886.27. The bonds are limited in issue to \$20,000 per mile, and have the guarantee of the D., L. & Northern RR. Co. indorsed upon them. **NATHANIEL THAYER, Pres.**; Charles Merriam, Sec., Boston, Mass.

SAGINAW AND WESTERN RR.—Alma to Howard City, Mich., 42.57 m.; total track (steel, 6.75 m.), 50.44 miles. Chartered as Chicago, Saginaw & Canada RR. Co., Jan. 4, 1873; road opened to Eldmore, Dec. 1, 1875; to Lakeview in 1879. Sold under foreclosure May 10, 1883, and purchased in the interest of the D., L. & N. Co. by parties who organized the present company. Leased for 30 years from July 1, 1883, to the D., L. & N. RR. Co., that company guaranteeing interest on bonds and 7 p. c. dividends on stock. (See MANUAL for 1893.) Funded debt consisted, June 30, 1893, of:

1st mtge. West Division (50 m.) 5 p. c. 40-year \$1,000 bonds, due Sept. 1, 1923, int. March & Sept..... \$196,000
1st general mtge. (145 m.) 5 p. c. 40-year \$1,000 gold bonds, due Sept. 1, 1931, int. March & Sept..... 1,204,000

The *general mtge. bonds* were issued at the rate of \$12,500 p. m. upon railroad now constructed and in operation, and are part of an auth. issue of \$2,000,000. The balance (\$600,000) will be issued at the same rate p. m. Principal and interest payable in gold at the Farmers' Loan and Trust Co., New York City, where bonds may also be registered as to principal only. These bonds are being issued for the purpose of taking up bond for bond. "Divisional" bonds for the same aggregate amount and at the same rate per mile authorized by two previous mortgages of \$1,000,000 each. Of "Divisional" bonds \$1,400,000 were actually issued under those mortgages, of which \$1,296,000 of bonds have been already exchanged. Against the \$104,000 of bonds unexchanged, \$104,000 new bonds have been deposited with the Farmers' Loan and Trust Company. The unissued "Divisional" bonds have all been surrendered to the trustee by the railroad company, and in this way the \$1,000,000 of "Eastern Division" bonds have come in, by surrender or exchange, and have been cancelled. The mortgage upon this portion of the road was thereupon released of record by the trustees. Of the "Western Division" bonds \$296,000 have been exchanged for new bonds, \$104,000 are still out, and \$600,000 were never issued and have been surrendered. There are left, accordingly, \$600,000 of new bonds unissued for the purpose of completing the line, etc. Trustees, Farmers' Loan and Trust Co., New York, N. Y., and Josephus Collett, Terre Haute, Ind.

Both principal and interest of these bonds are guaranteed by the Evansville and Terre Haute RR. Co. Interest due Mar. 1, 1894, was not paid. A receiver was appointed Feb. 28, 1894, in anticipation of the default. Steps are being taken to enforce the guarantee.

History.—Consolidation, in Mar., 1853, under the name of the Evansville and Crawfordsville RR. Co. of the Crawfordsville and Illinois and the Terre Haute and Vincennes RR. Cos. Road opened Nov. 24, 1854. Present name adopted April 1, 1877. The Rockville Extension is leased till Nov. 1, 2078, to the Terre Haute and Logansport and the Chicago and Eastern Illinois RR. Cos., at a yearly rental of \$12,000. For fuller history, see MANUAL for 1888.

In addition to the mileage owned as described above, this company is owner of a fine terminal property connecting with the Ohio River. The company also owns a controlling interest in and operates the *Evansville Belt Ry.*, 4.45 miles, connecting all railroads and reaching all manufacturing interests and coal mines at Evansville, Ind.; also the Evansville terminals of the Peoria, Decatur and Evansville Ry., 0.85 mile. Including these with the mileage owned as above, and excluding the Rockville Extension, makes the mileage operated 165.48 miles. In 1890 a 10-year traffic contract was made with Chicago and Eastern Illinois RR. Co.

The Evansville & Indianapolis and the Evansville & Richmond RRs. are operated in connection with this company's lines, but all accounts are kept separate. (See GENERAL INDEX.)

The authorized issue of consol. 1st mtge. bonds was \$1,500,000, but \$1,470,000 of them were cancelled in 1881.

The 1st mtge. bonds are secured on the main line, the Rockville Extension, and 12 miles of the Mt. Vernon Branch, from Fort Branch to Cynthiana, and on all the property, equipment, and fixtures belonging to those lines. They are \$1,000 gold coup. bonds.

The Mount Vernon Branch bonds are secured on the extension from Cynthiana to Mount Vernon, 25 miles. These bonds are limited in issue to \$15,000 p. m., but the deed of trust provides that in case of building or acquisition by the E. & T. H. RR. Co. of any extension to said branch, or the building or acquisition of any branch to the main track of the Evansville and Terre Haute RR., then, in that case, the Board of Directors may, at their pleasure, and for any purpose contemplated by the demands of the party of the first part, in accordance with its charter, issue any additional number of said bonds authorized by this deed of trust, not exceeding the limit of \$15,000 p. m., and the same shall be deemed and taken to be secured upon any such property, roads, or branches, or parts of roads, or extensions thereof, in this deed of trust as fully as if the same were now in existence, and said bonds were now issued, and shall be deemed and taken to be embraced in all the conditions and stipulations of this deed of trust. The bonds are in coupon form, for \$1,000 each.

The Sullivan County Coal Branch bonds are secured on the branches to New Pittsburgh and Old Pittsburgh, together 30 miles, and on all the property, equipment, and fixtures belonging to those branches, and on the extensions of the Sullivan County Coal Branch, building or to be built. They are \$1,000 gold coup. bonds. Only green bonds are a delivery.

The 1st general mtge. bonds are part of an authorized issue of \$7,000,000. Of this amount, \$3,855,000 are reserved to retire prior bonds at maturity, and the balance is to be used to retire the floating debt, for double tracking, etc., and for other corporate purposes of the company. They are for \$1,000 gold each, coup., with privilege of registration as to principal. The amount now (June 1, 1894) outstanding is \$1,947,000.

In addition to the above funded debt, this company guarantees the principal and interest of the 1st 6s of 1924 and the 1st consol. 6s of 1926 of the Evansville and Indianapolis RR., as also the 1st mtge. 5s West Div. of 1928, and the 1st general mtge. 5s of 1931 of the Evansville and Richmond RR. Co.

The Board of Directors, at a meeting held Nov. 6, 1893, authorized an increase in the capital stock by \$1,000,000 to \$4,000,000, divided into 20,000 shares of \$50 each, similar in all respects to the stock already issued. This increase was accomplished by the declaration of a scrip dividend, the scrip being exchangeable into stock on the payment of \$20 per share. The difference of \$600,000 between the \$400,000 to be received for the scrip and the \$1,000,000 increase in stock is to be charged to income account and credited to capital account. Proceeds of this \$400,000 for stock to go toward paying floating debt.

The Flint & Pere Marquette guarantees the payment of both principal and interest, and the guarantee is endorsed on each bond. Interest payable at the Merchants' National Bank, New York, or at the Mechanics' National Bank, New Bedford, Mass.

The *1st mtge. bonds* of 1920 are limited in amount to \$5,000,000, of which \$1,000,000 are reserved to retire the Holly, Wayne and Monroe RR. bonds. The bonds are \$1,000 each, in coup. form. They are secured on 302 miles of road, subject to prior lien of the Holly, Wayne and Monroe bonds. Interest payable at Merchants' Exchange National Bank, New York, and Mechanics' National Bank, New Bedford.

The *consol. mtge. bonds* are limited to \$10,000,000, of which \$5,000,000 are reserved to provide for the payment at maturity of \$1,000,000 Holly, Wayne and Monroe RR. bonds and \$4,000,000 F. & P. M. 1st 6s. They are a 1st mtge. (at the rate of \$20,000 per mile) on 124.53 miles of the F. & P. M. RR., which are not covered by previously existing mortgages. (See MANUAL for 1893.) They are also secured upon any additional mileage that may hereafter be constructed, including the Detroit extension; provided, however, that at no time shall the total bonded liabilities against the railroad outstanding exceed \$20,000 per mile of road, not including sidings, nor exceed \$10,000,000, including prior bonds. Trustee, Central Trust Co., New York. Interest payable at Merchants' Exchange National Bank, New York.

The *equipment bonds* were issued to provide for additional equipment. They are coup. bonds, with privilege of registration; interest payable at the International Trust Co., Boston, Mass., or at Mechanics' National Bank, New Bedford, Mass.

The *Port Huron & Northwestern Division bonds* are \$1,000 gold each, dated May 17, 1889, mature April 1, 1939, coupons payable April 1 and Oct. 1 at the agency of the company in New York. These bonds may be registered and retransferred to bearer. They cannot be called before maturity. This mortgage covers the entire railroad, branches, property, and rights formerly of the Port Huron and Northwestern Ry. Co. purchased by this company, April 1, 1889. Authorized issue, \$3,500,000, of which \$2,300,000 was paid for the property so purchased, and \$1,200,000 for changing the gauge to standard width and otherwise improving the property and its equipment. Trustee, Central Trust Co., New York, N. Y. Interest payable at the Merchants' Exchange National Bank, New York.

Cost of road and equipment to Dec. 31, 1892, \$17,967,974.46; additions during 1893, \$113,332.71—total to Dec. 31, 1893, \$18,081,307.17.

The preferred stock is entitled to 7 p. c. dividends (non-cumulative) from net earnings after payment of interest, and to share *pro rata* with the common stock in any dividend over 7 p. c. on the entire stock.

Annual meeting, 3d Wednesday in May, at Saginaw, Mich. Transfer books do not close. Stockholders recorded 10 days before annual or special meetings are entitled to vote. Dividends payable to stockholders of record about three weeks before dividend days. Dividends payable Feb. 15 & Aug. 15 at the Treasurer's office; no payment has been made since Feb., 1893. Registrar of stock, Union Trust Co., New York.

Land Department.—The company has a land grant of 513,000 acres, which is divided into five trusts to secure a like number of mortgages on the road and lands. During 1893 there were sold 8,604.99 acres, at an average of \$9.86 per acre, amounting to \$84,837.90. In addition thereto sales of timber were made, retaining the fee, to the amount of \$935, making the aggregate sales, \$85,772.90. Total number of acres sold to Dec. 31, 1893, 456,814.94; unsold, 56,185.06.

History.—Organized Dec. 21, 1887, to take over the Indianapolis, Decatur and Springfield Ry., which was sold under foreclosure May 25, 1887. Default was made in April, 1889; and in July, 1889, the property was turned over to the trustees of the I., D. & S. mortgage. A decree of foreclosure was entered in Nov., 1892, under which the road was sold May 3, 1893, and purchased in the interest of the 2d mtge. bondholders. A new company, the Indianapolis, Springfield & Western RR. Co., was organized; but as the purchasers at the sale failed to comply with the conditions of purchase, a resale was ordered, and was had May 10, 1894.

The 1st mtge. bonds of the I., D. & S. Ry. are a first lien on the entire property of the company. They are \$1,000 gold coup. bonds, dated Dec. 31, 1875, due Jan. 1, 1906, interest April & Oct., at the office of the company in New York. There is provision for a sinking fund sufficient to retire these bonds at maturity. Trustees, R. B. Peirce and B. A. Sands.

The 2d mtge. bonds of the I., D. & S. Ry. are dated Jan. 2, 1888, due Oct. 1, 1917, interest April & Oct. The authorized issue is \$1,942,001, and \$1,800,000 (Nos. 1 to 1,800) are reserved for retirement of the 1st mtge. 7s of 1906. The bonds are for \$1,000 gold each, in coup. form; principal and interest payable at the office of the company in New York. These bonds, and also the 2d mtge. bonds, described below, have coupons for 20 years attached, and have indorsed upon them an "allonge" clause which provides for the attachment of additional sheets of coupons during the life of the bond. Trustees, Farmers' Loan and Trust Co., New York, N. Y., and Noble C. Butler, Indianapolis, Ind.

The 2d mtge. bonds of the I., D. & S. Ry. are for \$1,000 each, in coupon form, dated Jan. 2, 1888, due Jan. 1, 1948; interest only if earned and non-cumulative for first 5 years; principal and interest at the office of the company in New York. See note in reference to "allonge" clause in description of 1st mtge. bonds of 1877. These bonds are negotiable—for voting purposes only—at the office of the company in New York. Trustees, Farmers' Loan and Trust Co., New York, N. Y., and Noble C. Butler, Indianapolis, Ind.

The *income bonds* are for \$1,000 each, dated Jan. 2, 1888, and payable at the option of the company, on 8 months' notice by the board of directors. Interest not to exceed 10 p. c. non-cumulative, payable Jan. 1, out of the earnings of the year ending Oct. 1 preceding. Principal and interest (if earned) payable at the New York office of the company. Trustees, Farmers' Loan and Trust Company, New York, N. Y., and Noble C. Butler, Indianapolis, Ind.

Annual meeting, 1st Tuesday in Nov., at Indianapolis, Ind.; books close 10 days previously. Voting power attaches to stock after 10 days' ownership. Registrar of stock, Farmers' Loan and Trust Co., New York City.

REORGANIZATION.—The Indianapolis, Decatur & Western Railway was sold on May 10, 1894, upon foreclosure of the first mortgage bonds amounting to \$1,800,000, and all subsequent and junior liens and stock were by that sale wiped out.

The property was bought in in behalf of the first mortgage bondholders' committee and a temporary organization was created which immediately took deed to the property.

The temporary organization was incorporated in Indiana and is called the INDIANA, DECATUR & WESTERN RAILWAY COMPANY, and this company operates the Illinois portion of the road, under an operating contract, and is therefore in possession of the whole property.

The final forms, classes and amounts of the securities have not as yet been decided upon. The temporary organization is in such form that these matters can be arranged at any time. It is probable that nothing will be done in that regard before autumn.

Directors, I. D. & W. Ry. Co. (of Ind.).—Henry W. Smith, Theodore W. Morris, Francis S. Smithers, Charles Robinson Smith, William A. Read, Frank C. Hollins and Augustus L. Mason.

Sidings, etc., 52.04 miles. Gauge, 4 ft. 8½ in. Rail (steel, 367.03 m.), 52 to 70 lbs.

History.—Consolidation, May 21, 1889, of the L. & St. L. RR. Co.; Illinois & St. Louis RR. and Coal Co.; Belleville, Centralia & Eastern RR. Co.; Venice & Carondelet RR. Co.; and Huntingburg, Tell City & Cannelton RR. Co. (See MANUAL for 1890.)

The Venice & Carondelet Ry. (see above) is leased for 10 years from July 1, 1885, to the East St. Louis Connecting Ry. Co., at an annual rental of \$18,000, being interest on its bonds. Default was made in Jan., 1894, interest on consols, and on Jan. 5, 1894, the road was placed in the hands of receivers. Interest on gen. mtge. 4s, due Mar. 1, 1894, is also in default, but April, 1894, interest on 1st and 2d mtge. bonds, and on H., T. C. & C. 1sts was paid at maturity. The bondholders have appointed a committee, with Charles S. Fairchild, of New York, as chairman, to protect their interests.

Subsequent to the reorganization of 1886, additions to property were made at an aggregate cost of \$2,748,223.48. These additions include the cost of extension from Mt. Vernon to Belleville, new rolling stock, etc.

During the same period the Consolidated Company increased its funded debt by the issuance of its Consolidated 5 p. c. 1st mtge. bonds, dated July 1, 1889, par value, \$3,797,500; and General Mortgage Bonds 4s, dated Mar. 1, 1893, par value, \$2,076,850.

Contracts. "On Mar. 31, 1893, the Consolidated Company entered into a contract with the Cleveland, Columbus, Cincinnati & St. Louis Ry. Co., the Chesapeake & Ohio Ry. Co., and the East End Improvement Co., for the acquisition of terminal facilities at Jeffersonville and Louisville and the completion of a bridge across the Ohio River at the eastern end of Louisville, by which the Consolidated Company agreed to pay two fifths of \$525,000 and gave its notes for \$25,000, \$16,000 of which have been paid. It also agreed to guarantee two-fifths of the interest on \$5,000,000 4½ p. c. bonds, in return for which it was to receive two-fifths of the ownership and operating profits of the said bridge and terminals, which were to have been completed in Nov., 1893. Owing to a series of misunderstandings and accidents the bridge has not been completed and its status is unknown to us.

"A lease to the East St. Louis Connecting Ry., held by the Wiggins Ferry Co., is now in force for the Venice & Carondelet RR. and certain Illinois & St. Louis terminal tracks at East St. Louis, for a term of 10 years, expiring July 1, 1895, and which may be terminated by 90 days' notice from either party. The rental for these properties is \$18,000 per annum, together with the taxes on the Venice & Carondelet RR., which the lessees use exclusively, with a contingent interest in the gross earnings of the East St. Louis Connecting Ry. after the first three years of the lease. There is reason to believe that a considerable sum of money is due on this account to the Consolidated Railroad, and, under advice of counsel, we have demanded an accounting and will collect whatever may be found to be due.

"The usual mail, express, sleeping car, and trackage contracts, and car trust and equipment agreements, are in force, and will have our careful scrutiny before they are formally assumed."

Rolling Stock, June 30, 1893.—Locomotives, 52. Cars—passenger, baggage, etc., 49; freight (box, 959; flat, 218; stock, 45; coal, 1,034), 2,256; caboose, 15; other, 158—total cars, 2,478. Also 1 ferry-boat, 2 barges, and 1 steam tug.

1st mtge. (Venice & Carondelet Ry.) 6 p. c. 20-year \$1,000 coup. bonds, due April 1, 1902, int. April & Oct..	150,000

The 1st mtge. L., E. & St. L. RR. bonds are secured on the entire property of the L., E. & St. L. RR. Co. prior to the consolidation of 1889 (see MANUAL for 1889), subject, however, to the \$900,000 mortgage on the Evansville Division, and excepting the franchise for the extension to St. Louis or the Mississippi River.

The 2d mtge. L., E. & St. L. RR. bonds are secured on the same property and franchises of the company, subject to the aforementioned \$2,000,000 and \$900,000 1st mortgages. These bonds carry with them voting power at the rate of ten votes for each \$1,000 bond, if registered sixty days prior to time of voting.

The *Huntingburg, Tell City & Cannelton* bonds are secured by a mortgage on the branch line, Lincoln to Cannelton, 22 miles. They are guaranteed, principal and interest, by the L., E. & St. L. Con. Ry. Co. The *Evansville, Rockport & Eastern Ky.* bonds are secured by a mortgage only on the Evansville Division (Jasper to Evansville, and branch to Rockport, 70.81 miles), not being guaranteed.

The *consols* cover the line from New Albany to a point on the Mississippi River opposite St. Louis, 267 miles, and branches from Jasper to Evansville and from Gentryville to Rockport (together forming the Evansville Division, 71 m.); from last-named branch to Tell City and Cannelton, 24 m., and from Venice to Carondelet, 24 m. (total, 386 m.); also all lands, buildings, tracks, rolling stock, etc., belonging thereto, and all property that shall hereafter be acquired by this company, excepting branches or extensions which are not embraced in this mortgage. The bonds are for \$1,000 each, in coupon form, with privilege of registration as to principal. Total amount of L., E. & St. L. consol. bonds issued, \$8,000,000. Of these bonds the New York Security & Trust Co. hold, with which to retire the former issues, as follows: L., E. & St. L. 1st mtge. bonds, \$2,000,000; L., E. & St. L. 2d mtge. bonds, \$670,000 at 75, \$502,500; E. R. & E. 1st mtge. bonds, \$900,000; H., T. C. & C. 1st mtge. bonds, \$300,000; I. & St. L. 1st mtge. bonds, \$200,000; V. & C. 1st mtge. bonds, \$300,000—total, \$4,202,500. Remaining for issue, \$3,797,500. The articles of consolidation provided that the remaining bonds should be used as follows: To retire \$2,330,000 2d mtge. bonds at 75, \$1,747,500; to retire \$900,000 I. & St. L. pref. stock at 125, \$1,125,000; to construct section of road from Mt. Vernon to Belleville, Ill., \$925,000. Of the last-mentioned, \$925,000, par value \$785,000, par value yielded in cash \$594,362.50; the remainder, \$140,000, have been pledged as collateral with the company's creditors. Interest at 5 p. c. per annum, payable Jan. & July, at the company's agency, New York City.

The *gen. mtge. bonds* are secured on the entire property and rights of the company now owned or which may hereafter be acquired, subject, however, to the lien of prior mortgages. Total amount auth., \$15,000,000. Of these there are with the New York Security & Trust Co. to retire L., E. & St. L. consol. mtge. bonds, 5s, \$8,000,000; amount of bonds certified by the trustees, the New York Security & Trust Co., \$3,450,000; in hands of trustees, uncertified, \$3,550,000. Of the \$3,450,000 bonds certified by the trustees there were exchanged for L., E. & St. L. preferred stock, \$1,354,600; exchanged for L., E. & St. L. bond scrip, \$4,250; paid the E. & T. H. RR. in settlement of account, \$817,000; sold, \$1,000—total gen. mtge. bonds drawing interest, \$2,076,850. Gen. mtge. bonds outstanding as collateral security, \$577,000; in hands of New York Security & Trust Co., to be used in exchange for preferred stock, \$695,400; in hands of New York Security & Trust Co., to be used in exchange for bond scrip, \$20,750; on deposit with New York Security & Trust Co., subject to disposition of receivers, \$12,400; in hands of treasurer, \$68,000—total, \$3,450,000. The bonds are in coupon form, for \$1,000 gold each; principal and interest, free of all United States taxes, payable at the company's New York office. Principal of bonds may be registered, but the coupons remain in all cases payable to bearer. Trustee, New York Security & Trust Co., New York, N. Y., and Erastus P. Huston, Evansville, Ind.

* These represent the amounts authorized, the interest shown being the amount actually paid during the year.

The *consol. mtge. bonds* are for \$1,000 each, secured upon the main line (with 89 miles of double track). They are in coupon form, with provision for registration of principal.

The *Michigan Air-Line 1st mtg. bonds* are coup. (\$1,000) and reg. (\$1,000 and \$5,000) 50-yr. bonds, secured on the old Michigan Air-Line (Jackson, Mich., to South Bend, Ind., 115 miles). Interest is payable at the office of the trustee, Union Trust Co., New York. The total amount of bonds authorized is \$2,600,000 (\$2,500 per mile), all of which have been issued. Of these bonds, \$1,900,000 have been used to retire a like amount of 8 p. c. 1st mtge. bonds, which matured Jan. 1, 1890; \$300,000 were used for the purpose of refunding to the Michigan Central R.R. Co. part of the amount expended by it on the Air-Line RR.; \$200,000 were used in retiring the 1st mtge. 8 p. c. bonds of the Michigan Air-Line, which matured Nov. 1, 1890, and the remainder, \$200,000, has been added to the "Construction Account of Leased Lines."

The *Detroit and Bay City 1st mtge. 5 p. c. bonds* are an obligation of the Michigan Central R.R. Co., which issued them at the time of the acquirement of the road named. These bonds are \$1,000 each, coupon and registered. Coupon bonds may be exchanged between Mar. 1 and May 1, or between Sept. 1 and Nov. 1, for registered certificates. Trustee, Union Trust Co. of New York.

The *Canada Southern 1st mtge. bonds* are in coupon form, for \$1,000 each, and are secured upon the main line and branches owned, 324.84 miles; interest guaranteed for first 20 years by the New York Central and Hudson River R.R. Co. The seconds are coupon and registered, with provision for exchange of coupon bonds for registered certificates of \$1,000, \$5,000, and \$10,000, and are secured by a mortgage on the Canada Southern R.R. and undertaking, and all its equipment, appurtenances, and property of every kind, as well as upon its proprietary interests in the Canada Southern Bridge Co., the Erie and Niagara R.R. Co. (road extending from Niagara to Old Fort Erie, 34.60 miles), the Toledo, Canada Southern and Detroit R.R. Co., and the Michigan, Midland and Canada R.R. Co., and on any and all branch lines to be constructed or acquired, and the bridge over the Niagara River; subject only to the 1st mtge. of \$14,000,000. These bonds are issued in accordance with Section 5 of the first part of an agreement dated Dec. 12, 1882, between this company and the Michigan Central R.R. Co., which provides for certain new lines, improvements, etc.

The bonds of the Bay City and Battle Creek R.R. and of the Battle Creek and Sturgis R.R. are guaranteed by the Michigan Central, but \$79,000 Battle Creek and Sturgis bonds are sub-guaranteed by the Lake Shore and Michigan Southern, reducing the obligation of the Michigan Central on account of that issue to \$421,000.

DIVIDENDS.—For detailed statement of dividends paid by this company see POOR'S HAND-BOOK OF INVESTMENT SECURITIES for 1892-93. On Feb. 1, 1894, a dividend of 2 p. c. was paid, and on the same date an extra dividend of 1½ p. c.

Land Department (Jackson, Lansing and Saginaw R.R. Co.).—Lands sold in 1893, 15,049.47 acres, at an average of \$5.60 per acre. Received from land sales, \$83,846.02; from timber sales, \$5,175—total, \$89,021.02. Lands remaining unsold, 254,119.56 acres.

CANADA SOUTHERN SYSTEM—OPERATED BY THE M. C. RR. CO.

CANADA SOUTHERN RY.—Windsor, Ont., to Suspension Bridge, 226.18 m.; *St. Clair Branch*: St. Clair Junction, Ont., to Courtright, 62.63 m.; *Erie and Niagara Ry.*: Niagara to old Fort Erie, Ont., 30.60 m.; *Amherstburg Branch*: Amherstburg to Essex Centre, Ont., 15.70 m.; *Oil Springs Branch*: Oil City to Oil Springs, Ont., 5.50 m.; *Fort Erie Branch*: Welland Junc. to Fort Erie, Ont., 17.50 m.; *Leamington and St. Clair R.R.*: Comber to Leamington, 13.80 m.; *Petrolia Branch*, 7 m.—total in Canada, 378.91 miles; 2d track, 95.21 m.; sidings, 212.03 m. Rail (steel, — m.), 60 lbs. The company also owns and controls the Sarnia, Chatham and Erie Ry., 7 m.; the Toledo, Canada Southern and Detroit Ry., 55.87 m.; the Michigan Midland and Canada Ry., 14.68 m.; the Toledo Belt Line, 3.05 m.; and the Canada Southern Bridge, 3.66 miles. Total length of line operated, 456.17 miles. Chartered in Canada Feb. 23, 1898; entire line opened Nov. 15, 1873. Shortly after completion the company defaulted on bond interest, and in 1878, under authority of a special act of Parliament, the old bonds were exchanged for new bonds bearing interest at 3 p. c. for three years and 5 p. c. thereafter. The interest on the new issue is guaranteed by the New York Central and Hudson River R.R. Co. for 20 years from Jan. 1, 1878. An agreement, to run for 21 years from Jan. 1, 1883, has been made with the Michigan Central R.R. Co., by the terms of which the M. C. Co. is to operate this company's roads in connection with its own, the gross earnings of the whole system to be applied first to the payment of the operating expenses and fixed charges of both companies, and the net surplus to be then divided in the proportion of two-thirds to the M. C. and one-third to this company; the proportion being subject to readjustment at the end of the fifth, tenth and fifteenth years. For the five years beginning Jan. 1, 1893, the M. C. takes 60 p. c. and the C. S. 40 p. c. of the first \$1,000,000 of net surplus, and any excess above that amount is to be divided in the proportion of two-thirds to the M. C. and one-third to the C. S. During 1887 the company acquired trackage rights over the London and Port Stanley Rys., from St. Thomas to London, Ont., a distance of 15 miles. On Mar. 1, 1889, this company took possession under lease for 15 years of the Leamington and St. Clair R.R., at a rental of \$6,000 per annum for the first 5 years, \$6,000 per annum for the second 5 years, and \$7,200 per annum for the third 5 years; but this company has the option of purchasing the road and property at any time during the 15 years for the sum of \$133,000 or its equivalent in bonds acceptable to that company. Early in July, 1889, a consolidation was effected between this company and the Erie and Niagara Ry. Co., in accordance with legislative powers previously acquired.

2d track, 2.6 m.; sidings, 60.1 m. Gauge, 4 ft. 8½ in. Rail (steel, 312 m.), 50 to 66 lbs.

History.—Organized in May, 1870. (See MANUAL for 1888.) The White Bear Branch (the old Minneapolis and Duluth RR.) is operated by the St. Paul and Duluth RR. Co. under lease. (See statement for MINNEAPOLIS AND DULUTH RR.) This company owns a one-eighth interest in the property of the Minnesota Transfer Ry. Co., situated between St. Paul and Minneapolis, and consisting of stock yards, depots, etc. Between Minneapolis and St. Paul the track of the St. Paul and Northern Pacific RR. is used under lease contract.

Coupons of equipment bonds due Jan. 1, 1888, went to default, and in June, 1888, the president of the company was appointed receiver pending the suit for foreclosure under the improvement and equipment mortgage. Under decisions of the Court rendered during the past fiscal year all coupons in arrears have been paid in full on Minneapolis to Merriam Junction, Merriam Junction to Albert Lea, and Pacific Extension bonds, and those accruing during the year on the same issues have also been paid as they became due, excepting those due June 1, 1893, on the Merriam Junction to Albert Lea Bonds. The funds applicable to payment of these have been attached in a suit for attorney's fees, and the coupons remain unpaid pending the result of the suit. The Dec., 1893, coupon, however, was paid when due.

A decision has been rendered in the suit under the improvement and equipment mortgage, ordering the sale of the road and its franchises in June, 1894.

The unpaid coupons of the 1st mortgage (b) bonds have been paid since July 1, 1893.

The Minneapolis and Duluth bonds (a) were originally guaranteed by this company, and by the consolidation of May, 1881, became an obligation of the M. & S. L. Ry. Co. The \$455,000 7 per cents. of Jan. 1, 1877 (b), are issued at the rate of \$30,500 per mile. The total issue of 7 per cents. of Feb. 1, 1877 (c) is \$1,100,000, of which \$150,000 are assumed by Burlington, Cedar Rapids and Northern RR. The Iowa Extension bonds (d) are issued at \$10,000 per mile. The Southwestern Extension bonds (e) are \$12,000 per mile. The Pacific Extension (f) bonds are \$15,000 per mile. The improvement and equipment bonds (g and h) are authorized to the amount of \$2,000,000 each series, and are secured by a first lien on all the rolling stock of the company, and also cover all other property of the company, subject to prior liens. Of these the first series (g) of \$2,000,000 was issued in Oct., 1882. The second series (h) of \$2,000,000 was issued in 1887 in order to retire the outstanding obligations on account of the equipment trust and of real estate purchased, and the issue was made subject to the consent of a majority of first series bonds.

Interest on all bonds payable at Bank of North America, New York, excepting recent coupons paid on bonds marked c, which are payable at Farmers' Loan and Trust Co., New York; on bonds marked a, b, c, d, and f interest is payable in gold. Principal of bonds marked a and b payable in Philadelphia, Pa.; all others in New York, N. Y.

Annual meeting 1st Tuesday in October, at Minneapolis; books close Sept. 1 and reopen day after meeting. Trustee of bonds and registrar of stock, Central Trust Co., New York.

NEWPORT NEWS AND MISSISSIPPI VALLEY COMPANY.

History.—Chartered by the State of Connecticut in Mar., 1884, with power to build, acquire by purchase, lease, and operate railroads, steamboat and steamship lines, and to acquire, hold, and dispose of stocks, bonds, and securities issued by any corporation, or by Government, State, or local authorities. On Feb. 1, 1886, the company leased the Chesapeake, Ohio & Southwestern RR. and the Elizabethtown, Lexington & Big Sandy RR., the former for 50 years and the latter for 250 years. The lease of the latter was assigned to the Chesapeake & Ohio Ry. Co. as of Nov. 30, 1891. The lease of the C., O. & S. W. was cancelled July 31, 1893, and in Nov., 1893, the company's interest in the securities of that property was sold to the Illinois Central RR. Co. On the 13th day of April, 1894, Edward Zacher was appointed permanent receiver of the company by the Connecticut Court having jurisdiction over its affairs.

The *Midland R.R. bonds* are secured on the line from Marion to Unionville, 71.6 miles. The *Paterson Ext. bonds* are secured on the road and real estate in the city of Paterson. The N. Y., S. & W. *first* are 1st lien on the line from Two Bridges to Gravel Place, and on the Winton, Delaware and Lack. Val. Bns., in all 61.6 m., and a 2d lien on the main line and Paterson Ext. Trustee of bonds and registrar of stock: Central Trust Co. of N. Y.

The refunding bonds were issued to take up the 1st mtge. bonds of 1911, the coupon obligations issued for coupons of same issue during 1885 and 1886, and all outstanding car trusts. The authorized issue is \$3,750,000. With the 2d mtge. bonds the company took up the debentures and coupon obligations issued for interest on same in 1885 and 1886. The authorized issue is \$1,000,000; the amount unissued is reserved for future improvements. The authorized issue of gen. mtge. bonds is \$3,000,000, of which \$1,000,000 is reserved by the Central Trust Co. of New York, trustee, for the retirement of the 2d mtge. 4½ p. c. bonds, and \$1,000,000 was reserved for betterments, etc.

The terminal mtge. bonds are part of an authorized issue of \$2,000,000. They are secured on the property acquired from the Terminal Co., including 3 miles of railroad, a tunnel (almost completed) under the Palisades, and 62 acres of terminal property on the Hudson River. The \$1,100,000 bonds unissued are reserved to complete the tunnel and to add to and improve the property. The bonds are in coupon (\$1,000) and registered (\$5,000) forms; coupon bonds may be registered. Trustee: United States Trust Co., New York. Principal and interest payable in New York.

The company guarantees principal and interest of \$3,000,000 1st mtge. 5 p. c. bonds of the Wilkesbarre & Eastern RR. Co.

Capital stock was fixed by the terms of the consolidation of 1993 at \$13,000,000 common and \$13,000,000 preferred. The new common stock was issued share for share for the old. The old cumulative preferred was exchanged for 120 p. c. in new *non-cumulative* preferred stock, and the stock of the Terminal Co., amounting to \$5,000,000, was exchanged for \$1,000,000 in new preferred. These exchanges absorbed \$10,000,000 of the new stock, leaving \$2,400,000 on hand for future use. This additional stock has been issued since the close of the fiscal year to secure control of the Wilkesbarre & Eastern RR. Co. In Nov., 1893, a dividend of 1¼ p. c. was paid on the new preferred stock.

Annual meeting, 1st Thursday in Sept., at Jersey City, N. J.; books close 20 days in advance, and stock owned then is entitled to vote. Interest payable at the company's office and at the Nat. Park Bank, New York. Dividends payable at company's office.

* The \$425,000 bills payable have all been paid off since Jan. 1, 1894. † The suspense account includes all items incident to purchase, exchange, and retirement of Preferred Stock, also legal and other expenses incident to sale of the main line; final adjustment and completing entries being deferred until after the negotiations of C. C. C. & St. L. Bonds held for retirement of this Company's Bonds, due in 1894, and the utilization of the then available Sinking Fund Surplus.

Funded debt consisted, December 31, 1893, of:

1st mortgage 7 per cent. (A) 30-year bonds, due July 1, 1894, interest January and July	\$1,100,000
1st mortgage 7 per cent. (B) 30-year bonds, due July 1, 1894, interest April and October	1,100,000
2d mortgage preferred 7 per cent. (C) 30-year bonds, due July 1, 1894, interest February and August	1,400,000
2d mortgage preferred 7 per cent. (D) 30-year bonds, due July 1, 1894, interest May and November	1,400,000
2d mortgage income 7 per cent. 30-year bonds, due July 1, 1894, interest May and November	1,700,000
Dividend 6 per cent. bonds, dated 1881, due Jan 1, 1894, interest not exceeding 6 per cent. if earned	1,357,000

The trustees of the sinking fund of the 1st mtge. bonds report to Dec. 31, 1893—1st mtge. bonds in sinking fund, series "A," \$651,000; series "B," \$620,000—total, \$1,274,000; cash on deposit with the U. S. Trust Co., \$245,633—total, \$1,519,633. Holders of outstanding bonds have been given the option of exchanging them at maturity for C. C. C. & St. L. 1st mtge. St. L. Division bonds or of having them paid off in cash.

The interest on the preferred stock is cumulative. It takes precedence of the interest on the dividend bonds issued in 1881, and is also convertible into common stock at par. The arrears of dividends on July 1, 1894, will be 61½ p. c. A plan for the readjustment of the securities of the company and the cancellation of these arrears of dividends is being prepared. Voting power attaches to all classes of bonds except the dividend bonds.

It was proposed in a circular of Dec. 29, 1890, qualified by later circulars of Jan. 8 and Feb. 25, 1891, that such holders of preferred stock as might so elect should have the opportunity of surrendering their certificates of stock, with all arrears of accrued dividends, in exchange for 150 p. c. of the par of the said stock in the bonds of the C. C. C. & St. L. Ry. Co., held by this company; all stock so surrendered to be cancelled and retired. Up to Dec. 31, 1893, there had been retired \$1,297,600 preferred stock, and in exchange there had been delivered to the holders bonds and fractional scrip of the C. C. C. & St. L. Ry. Co. to the par value of \$1,946,400.

The dividend bonds are not entitled to receive anything either for interest or principal until all arrears of dividend upon the preferred stock, as well as other prior legal claims, shall have been adjusted, and a surplus of annual earnings reached which will be applicable to such dividend bonds.

Annual meeting, Wednesday after 3d Monday in Oct. The date of close of this company's fiscal year has been changed to June 30th. Books close for annual meeting at least 30 days previously, and reopen the day after the meeting. Registrar of stock, Bank of North America. Stock and bonds listed on the New York Stock Exchange.

Summary.—Mileage of lines included in the traffic returns of the company, 6,327 miles; lines worked for others, 776.2 miles; lines under construction, 115.2 miles. This last item does not include the Crow's Nest Pass Branch, under construction from Langevin *via* Macleod to Crow's Nest Pass, the mileage of which is undetermined. The lines worked for account of others are the Southeastern, the Qu'Appelle, Long Lake and Saskatchewan, and the Calgary and Edmonton Rys. Their receipts and expenses are not included in the accounts of the Canadian Pacific, nor is that company subject to any rent charge in respect of them.

History.—Chartered Feb. 17, 1881; main line opened throughout on May 26, 1887. The branches and leased lines were built or acquired at different periods. (See MANUAL for 1892.) The company runs a line of mail steamers monthly between Vancouver and China and Japan, the British and Dominion Governments combining to pay the company a subsidy of £60,000 per annum in consideration of the service. Connection is made between the Pacific terminus and San Francisco by means of the Pacific Coast Steamship line.

The company owns a controlling interest in the Duluth, South Shore & Atlantic Ry., 584 miles, and in the Minneapolis, St. Paul & Sault Ste. Marie Ry., 1,167.7 miles completed, and 106.5 miles under construction. It guarantees the 4 p. c. consols, principal and interest of the former, and 4 p. c. interest on the bonds of the latter. (See statements of those companies.)

During 1893 the (leased) Montreal & Western Ry. was extended from St. Agathe, 36.5 miles; the Souris Branch was completed from Estevan to North Portal, 24.3 miles; and the Alberta Ry., 109.5 miles, was added through lease.

By an agreement dated July 26, 1892, between this company, the Grand Trunk Co., and the City of Toronto, this company secures in perpetuity land for station purposes in the city named at a specified rental, to be increased at the end of each fifty years at the rate of 25 p. c. on each previous rent; and a second agreement was made on the same day between the two railroad companies, which provides that the present Union Station shall be altered and extended, this company paying for joint use of the new station a rental equivalent to an agreed percentage of the present value of the properties supplied by the Grand Trunk, and also a percentage of the cost of rebuilding the station.

A lease of the Nakusp & Slocan Ry., 34 miles, for 999 years from Aug. 9, 1893, at a rental of 40 p. c. of gross earnings; a lease of the Nicola Valley Ry., from Spence's Bridge, B. C., into the Nicola Valley, 50 miles, at a rental of 40 p. c. of gross earnings, and a lease of the completed portion of Section 5 of the Atlantic & Northwest line from Renfrew to Eganville, 18 miles, for 999 years from April 1, 1894, at a rental of \$640 per mile per annum, with the option to the lessee of purchasing the line at any time during the term of the lease at the price of \$16,000 per mile, were ratified at the annual meeting in April, 1894.

Rolling Stock, Dec. 31, 1893.—Locomotives, 578. Cars—passenger, baggage, and emigrant sleeping, 575; sleeping and dining, 86; parlor, pay, and official, 30; freight and cattle, 14,505; conductors' vans, 297; boarding, tool, and auxiliary, 522—total cars, 16,015. The company owns the lake steamers Alberta, Athabasca and Manitoba, the Pacific steamships Empress of China, Empress of Japan, and Empress of India.

Operations, year ending Dec. 31, 1893.—Train mileage—passenger, 6,136,732; freight, 8,385,880—total, 14,522,612 miles. For traffic operations, see tabulated statement.

Algebra Branch 5 p. c. 1st mtg. bonds.—Secured on the Algebra branch, from Sudbury to the bridge over the River Sta. Marie. There are 250 bonds of £1,000 (numbers 1 to 250), 400 of £500 (numbers 251 to 650), and 3,000 of

£100 (numbers 651 to 3,650), all bearing interest from Jan. 1, 1888, payable on Jan. 1 & July 1, at Baring Bros. & Co.'s, where the principal is also redeemable on July 1, 1937. The bonds may be exchanged for registered certificates at the same place. Sir Charles Tupper and Lord Revelstoke are the trustees for the bondholders.

Land Grant Bonds, or Inscribed Stock, 3½ p. c., are secured by a mortgage on the unsold Canadian Pacific lands, subject to the lien of the 5 p. c. mtge. The interest is guaranteed by the Dominion Government, and the net proceeds of the sales of land are to be deposited with the Government to constitute a sinking fund for the said bonds, and to bear interest at 3½ p. c. per annum, to be applied toward satisfying the interest on the bonds; and when the money thus deposited with the Government, whether from land sales or other sources, is sufficient to redeem the principal of the outstanding bonds, the mortgage on the land is to be discharged, and the Government will assume and pay all the future interest as well as the principal, the company being freed from any liability in respect thereof. The inscribed stock amounts to £163,800, and will be transferable in any amount divisible by £10. There are 800 A bonds of £1,000 (numbers 1 to 800), 2,000 B bonds of £500 (numbers 1,001 to 3,000), and 11,299 C bonds of £100 (numbers 5,001 to 16,299). Bonds to bearer may at any time be converted into registered stock at a fee of one-eighth per cent., but registered stock cannot be converted into bonds to bearer. Interest accrues from July 1, 1888, payable on Jan. 1 & July 1, and the principal will become due on July 1, 1938.

Common Stock.—The original share capital was \$5,000,000, issued at par, which was increased to \$25,000,000 on May 10, 1882, the \$20,000,000 new stock being sold to shareholders at 25 cents on the dollar. On Nov. 28, 1882, the capital was increased to \$100,000,000, and \$40,000,000 of the increase was sold at an average price of 52 p. c., the balance being deposited with the Dominion Government. In 1885 the \$35,000,000 so deposited was cancelled, and the common stock thus reduced to \$65,000,000. All certificates of stock now issued are stamped so as to show this reduction. From Nov., 1883, to and including Aug. 17, 1893, the Dominion Government paid guaranteed dividends of 3 p. c. per annum (payable Feb. 17 and Aug. 17) on this stock. For statement of dividends paid on common stock, see MANUAL for 1893.

Annual meeting, 1st Wednesday in April, at Montreal, P. Q. Books close in New York and Montreal one week, and in London not less than two weeks, previous to meeting. For dividends, books close in New York and Montreal two weeks, and in London not less than three weeks, in advance of payment.

Land Grant.—The company received a land grant from the Dominion Government of 25,000,000 acres, in alternate sections of 640 acres each, within 24 miles of the road on either side from Winnipeg to the base of the mountains, of which 6,793,014 acres were surrendered to the government under agreement of Mar. 30, 1886, leaving 18,206,986 acres. Adding 1,411,200 acres earned on account of the Souris Branch makes the total grant 19,618,186 acres. Total sales to Dec. 31, 1892, 3,847,139 acres; less 21,341 acres cancelled in 1893 leaves net sales of 3,825,798 acres. Quantity of land unsold, 15,792,388 acres.

The company issued \$25,000,000 1st mtge. 5 p. c. 50-yr. land grant bonds, due Oct. 1, 1931, \$1,000,000 of which are held by the government without interest; \$20,574,000 have been redeemed and cancelled; and the balance, \$3,426,000, is outstanding. Against this balance the company holds \$1,970,094, interest-bearing obligations on land sale contracts.

Total Manitoba Southwestern land grant, 1,396,800 acres. Less sales to Dec. 31, 1893, 298,714 acres. Lands unsold, 1,098,086 acres. Columbia and Kootenay land grant, 190,000 acres. Aggregate of lands owned by the company, 17,080,474 acres.

Lines Owned or Leased by the Canadian Pacific Ry. Co.

ALBERTA RY. AND COAL CO.—See statement on page 973.

ATLANTIC AND NORTHWEST RY.—South end of Lachine Bridge to Megantic, 167.1 m.; Megantic to Mattawankeag, 159.9 m.; Renfrew to Eganville, 22.5 m.—total, 349.5 miles. Incorporated to build from the Atlantic seaboard to Lake Superior, and on Nov. 2, 1886, purchased the line of the International Ry. of Canada, with its interest in the International Ry. of Maine, and, having assumed the obligations of that company, obtained the subsidy of \$250,000 per annum for 30 yrs., granted by the Dominion Government in aid of a line from the south bank of the St. Lawrence River near Canajoharie to the harbors of St. Andrews, St. John, and Halifax. The subsidy was made applicable as follows: In aid of the section from the St. Lawrence to a junction with the International Ry. at Lennoxville, \$71,100 per annum; in aid of the section from a point of junction with the International Ry. at the international boundary to a point of junction with the Maine Central Ry. at Mattawankeag, \$115,500 per annum; and the remainder, \$63,400 per annum, in aid of the remaining portion of the line for which the subsidy was granted. The line was opened throughout on Jan. 1, 1889. The Maine Central Ry. is used from Mattawankeag to Vanceboro' under a trackage arrangement. On Dec. 6, 1886, the road was leased in perpetuity to the Canadian Pacific Ry. Co. for an annual rental of \$28,013 15c. for the first 20 years and of \$66,500 thereafter. The subsidy applicable to the completed portion of the line amounts to \$186,600, or \$28,486 ba., which will be applied toward payment of interest on bonds described below, the C. P. Ry. Co. advancing the balance required (\$28,013 15c.) to meet full interest charges under the terms of its lease.

To provide the means for the construction of this line there was issued in April, 1887, in London, £1,330,000 1st mtge. 5 p. c. 50-yr. £100, £500, and £1,000 consp. bonds (with registration privilege), due Jan. 1, 1937, interest Jan. 1 & July 1, by Baring Bros. & Co., London. The interest on these bonds amounts to \$266,700 annually, which is guaranteed in the manner shown before. The proceeds of these bonds proving inadequate for the construction of the road, the C. P. Ry. Co., on Mar. 27, 1889, made a further guarantee of 5 p. c. annually on \$3,240,000 preferred stock, which the company issued to complete the road. The line to Eganville was built in 1892.

The total issue of bonds is secured upon the entire property, excluding the land grant, and the proceeds have been applied toward the construction of the line to Prince Albert. The company is entitled to an annual subsidy from the Dominion Government, for transport of Government traffic, of \$80,000 (£16,400) for 20 years from completion (1st section, July, 1891; 2d section, Oct., 1890), which is to be paid over direct by the Government to the agents of the loan as trustees for the bondholders. The company is further entitled to a land grant of about 1,400,000 acres of selected lands, a portion of which has been sold, and the proceeds paid to the agents of the loan to provide the balance of the interest on the bonds until and including the coupon due Feb. 1, 1896, upon which date the Canadian Pacific Ry. Co. will, on giving six months' notice, have the power of paying off the bonds at 110. The bonds are redeemable Aug. 1, 1911, unless paid off by the Canadian Pacific, as stated. Interest payable Feb. 1 & Aug. 1; all payments made by the agents for the loan—Mortoin, Rose & Co., London, Eng.

The *M., S. S. M. & A. 1st* are secured on line from Minneapolis to Sault Ste. Marie and St. Croix Falls Branch, together about 500.73 miles. The *Minneapolis and Pacific* bonds are secured on the line from Minneapolis to Boynton, N. Dak., 386.59 miles.

The authorized amount of *consols* is \$21,000,000 for 800 miles of road and \$20,000 for each additional mile of road, of which \$10,000,000 are reserved to take up a like amount of M., S. S. M. & A. 1st mtge. bonds, and \$4,290,000, to take up a like amount of M. & P. 1st mtge. bonds. The amount outstanding as above includes \$3,636,000 contracted for future delivery. The Canadian Pacific Ry. Co. guarantees interest on all these consols, and on such of the two issues of 1st mtge. bonds as have assented to a reduction in the rate to 4 p. c. per annum. About one-half of the M. & P. bonds and practically all of the M., S. S. M. & A. bonds have assented to the reduction. The income certificates were issued in exchange for 15 p. c. of outstanding bonds surrendered by holders.

All bonds are in coupon form, with privilege of registration. Interest on bonds payable at office of Morton, Bliss & Co., New York. Trustee of bonds and registrar of stock, Central Trust Co., New York, N. Y.

Annual meeting, first Tuesday in June, at Minneapolis, Minn.; books close 30 days in advance, and stock owned then may be voted at the meeting. Preferred stock is entitled to 7 p. c. before common stock can participate, and to share equally in any dividend over 7 p. c. on both issues.

History.—The Grand Trunk Ry. Co. was formed August 12, 1882, by the consolidation of a company of the same name with the Great Western Ry. Co.; and the company thus formed was united with the Northern Ry. Co. of Canada and its leased line, the Hamilton and North-western Ry., on January 24, 1888, the consolidation taking the present style of the Grand Trunk Ry. Co., Canada. Full particulars of both amalgamations were published in the MANUAL for 1892. (See also MANUAL for 1888, page 973.)

In 1892 the Northern and Pacific Junc. Ry. Co., owning a line extending from Gravenhurst to Nipissing Junc., 112 miles, was consolidated with this company; and in 1893 the Jacques Cartier Union, the Montreal and Champlain Junc., the Beauharnois Junc., the Midland, the Peterborough and Chemong Lake, the Lake Simcoe Junc., the Grand Trunk, Georgian Bay and Lake Erie, the London, Huron and Bruce, the Galt and Guelph, the Brantford, Norfolk and Port Burwell, the Wellington, Grey and Bruce, the Waterloo Junc., the North Simcoe, and the Coburg, Blairton and Marmora Ry. Cos., owning lines the aggregate length of which is 1,157.59 miles, and all of which were up to the time of the consolidation operated under lease or otherwise by the Grand Trunk Co., were consolidated under the name of the Grand Trunk Ry. Co. of Canada; and it was provided that the amalgamated capital shall be in amount equal to the capital of the Grand Trunk as it stood at the time of the consolidation, plus an amount equal to the combined capital of the other parties to the consolidation, exclusive of the amount of such combined capital held by the Grand Trunk.

The lease of the London and Port Stanley Ry. expired Sept. 1, 1892, but was renewed for six months, expiring finally on Mar. 1, 1893, and the road has not been operated by the Grand Trunk Co. since the latter date. It is now operated by the Cleveland, Port Stanley and London Transportation Co. (See GENERAL INDEX.)

Four per cent. Guaranteed Stock.—Created by Act of 1884, and issued to holders of Great Western preference stock and ordinary shares, and is entitled to a non-cumulative dividend not exceeding 4 p. c. per annum of the net earnings of the company. Ranks next in priority to debenture stock.

First Preference Stock.—Under the Acts of 1873 and 1874 this stock is now entitled to a dividend of 5 p. c. per annum, in perpetuity, charged on the available net profits of each year after payment of dividend on guaranteed stock.

Second Preference Stock.—Ranking next to the first preference stock and otherwise identical in security with it. Full dividends were paid for the second half of 1863 and the first half of 1864, and a dividend of £1 13s. p. c. was paid for the first half of 1873, but no further dividend was paid till 1880, when the full dividend of 5 p. c. for the year was paid. The full dividend was also paid for the six half-years ending Dec. 31, 1883; but there has been no distribution since, except $\frac{1}{2}$ p. c. for second half of 1887.

Third Preference Stock.—Under Acts of 1873 and 1884 this stock is entitled to a dividend of 4 p. c. per annum, in perpetuity, out of net earnings of each separate year, subject to the priority of the first and second preference stocks. The only distributions on this stock have been as follows: 1864 (1st half), 4 p. c.; 1880 (2d half), 1 p. c.; 1882 (2d half), $\frac{3}{4}$ p. c.; 1883 (2d half), $\frac{3}{4}$ p. c.

Perpetual 5 p. c. Debenture Stock (Grand Trunk Section).—Created under powers of the company's "Consolidated Debenture Stock Act, 1874," passed May 26, 1874. Secured by 1st mtge. on all the company's property, as also upon the company's interest in the International Bridge and in leased and operated lines, subject, however, to the priorities of all other preferential charges existing at date of issue; ranks immediately after the Equipment Mortgage Bonds; interest 5 p. c. per annum, in perpetuity, payable Jan. & July.

Perpetual 4 p. c. Consolidated Debenture Stock.—By the terms of the Grand Trunk Ry. Acts, 1887 and 1888, securities acquired by exchange for this stock are held alive for the benefit of the holders of the stock. The conversion into this stock of the pre-preference securities (including the 5 p. c. Grand Trunk and Great Western debenture stock), and the bonds of the controlled and subsidiary lines, will, from time to time, be proceeded with by an arrangement with the holders. Interest payable Jan. 14, April 14, July 14, and Oct. 14 by warrant.

The total amount of this stock issued to Dec. 31, 1893, was £10,393,966. The following statement shows the securities, bonds, and obligations acquired by purchase, exchange, or otherwise by the issue of 4 p. c. debenture stock from Aug. 12, 1882, to Dec. 31, 1893:

Second Equipment Mortgage Bonds.—Of these bonds £85,700 had been acquired by the company to Dec. 31, 1893, and are held as security for the debenture stock, £82,400 having been acquired by the issue of 4 p. c. consolidated debenture stock.

Five per cent. Perpetual Debenture Stock (Great Western Section).—Issued in bonds of £100 each; coupon, with privilege of registration; interest Feb. & Aug. In common with the terminal bonds of the company these are a 1st mtge. upon the railway, tolls, land, and other property of this company.

First Mtge. 5 p. c. Sterling Bonds (Northern Ry. of Canada).—These bonds are a first lien on the entire property of the Northern Ry. Co. They are for £100 and £500, and are in "bearer" or registered form. Bonds to bearer may be registered as to principal only, and registered bonds can be exchanged back again into bonds to bearer. Under the Grand Trunk Ry. Act of 1888, £81,300 of these bonds had been converted into 4 p. c. debenture stock to Dec. 31, 1893.

Four p. c. Perpetual Debenture Stock (North. Ry. of Can.).—Is entitled to privileges and priorities of 2d preference bonds, which matured Aug. 1, 1884. Issued to July, 1884, 2d preference bonds being received in payment at £100 for £125 stock. Interest payable Feb. & Aug. in London.

Third Preference Irredeemable 6 p. c. Bonds, Class A (North. Ry. of Can.).—Issued under the Companies Act of 1868, and representing the third charge on the undertaking. Holders of these bonds are offered by the company £125 of 4 p. c. debenture stock for £100 bond, and £41,000 bonds had been thus converted to Dec. 31, 1893.

Third Preference Irredeemable 6 p. c. Bonds, Class B (North. Ry. of Can.).—Issued under resolution of Feb. 10, 1869, and powers of Companies Act of 1868, in substitution of the arrears of interest bonds, and ranking for dividends immediately after the Class A bonds, and before the preference stock of 1876. The company offers £125 4 p. c. debenture stock for every £100 of these bonds, and £41,700 had been thus converted to Dec. 31, 1893.

First Mtge. 6 p. c. Bonds (Hamilton and Northw. Ry. Co.).—Issued in June, 1878, in bonds of £100 each. Interest payable June & Dec., at the office of the Grand Trunk Co., London, E. C. Under the Grand Trunk Ry. Act, 1888, £40,600 of these bonds have been converted into 4 p. c. debenture stock.

Sterling 1st Mtge. 5 p. c. coup. Grand Trunk, Georgia Bay and Lake Erie Bonds.—Total authorized amount, £310,200, of which £46,300 were set aside upon trust for extensions, etc., but £23,600 had since been expended in the construction of the South Norfolk extension and other capital expenditures. Of the balance of £264,000, £51,300 had been already issued to the Grand Trunk Ry. Co. and others, leaving £212,700 available. The bonds are secured by a 1st mtge. deed of trust, dated April 25, 1883, on the Grand Trunk Georgian Bay R.R., together with all its lands and property of whatever kind. Redeemable at par, in London, Aug. 1, 1903. Interest payable Feb. 1 & Aug. 1. The bonds are numbered 1 to 500 of £500 each, and 1 to 602 of £100 each. Those issued by the Scottish-American Investment Co. have been indorsed by them and are numbered 001 to 0408 of £500 and 001 to 0060 of £100 each. Under the Grand Trunk Ry. Act, 1888, £100,100 of these bonds had been, up to Dec. 31, 1893, converted into consol. deb. stock.

Midland of Canada 5 p. c. Consol. 1st Mtge. Bonds.—By the Act of Amalgamation of the Midland Ry. of Canada, a consolidated mortgage security was created for the purpose of (1) taking up and redeeming outstanding bonds of the companies then amalgamated, amounting altogether to £1,521,300; (2) making provision at the rate of £5,157 (£25,000 p. m.), for the construction and equipment of the Toronto and Ottawa Ry.; (3) providing £40,000 for improvements on the Grand Junction section, and (4) £351,000, to be issued as required for enlargements and extensions of the consolidated co.'s works. The bonds taken up are to retain their priorities on the sections in respect of which they were issued, and be held by the trustees for the benefit of the consolidated bondholders until the existing bonds on all the sections of the Midland Ry. have been got in, when they will be cancelled, and the consolidated bonds will form the first charge upon the entire undertaking of the Midland Ry. The consols. are secured by a mortgage deed of trust, dated May 10, 1882, conveying to trustees the railway, its lands, rolling stock, tolls, revenues, and all present and future real and personal property and effects. They are of £100 each, but may be of such other sums as the directors may deem proper. Interest payable Jan. 1 & July 1, and principal payable at par, in London, on Jan. 1, 1912. Under Grand Trunk Ry. Act, 1888, £499,600 of these bonds had been, at Dec. 31, 1893, converted into consol. debenture stock.

Midland of Canada 5 p. c. Sterling 1st Mtge. Bonds.—Issued in 1878 by the Old Midland Co. in lieu of outstanding mortgages. The bonds are to bearer, bear interest at the rate of 2½ p. c. per annum for the first three years, afterwards at the rate of 5 p. c. The coupon due May, 1878, was not paid till Nov., 1880, and the five following coupons were funded in 5 p. c. deferred interest certificates, which were included in the bonds to be redeemed by 1st mtge. consols. The subsequent coupons were paid at maturity. Both principal and interest are payable in London, and the bonds are redeemable in May, 1908. Under the Grand Trunk Ry. Act, 1888, £66,400 of these bonds had been, at Dec. 31, 1893, converted into consolidated debenture stock.

1st Mtge. 5 p. c. Bonds (Montreal and Champlain Ry.).—Issued in Nov., 1882, by the Grand Trunk Co., to provide the amount already expended on the construction of the existing section from Brossaude to St. Martine; and to defray the cost of the remaining section, 39.5 miles, from St. Martine to Dundee. They are secured on the "railway, lands, rolling stock, tools, revenue and present and future property and effects, franchises, and appurtenances" of the Montreal and Champlain Junc. Ry., and are redeemable at par Jan. 1, 1902. Interest payable Jan. 1 & July 1. Bonds are to bearer, but may be registered. Under the Grand Trunk Ry. Act, 1888, £68,300 of these bonds had been at Dec. 31, 1893, converted into Debenture Stock.

The Wellington, Grey, and Bruce 1st Mtge. 7 p. c. Bonds.—Including £74,400 issued under the Act of 1874, and taken over by the Great Western Co. The bonds are a first charge on the property of the Wellington, Grey and Bruce Co. Interest payable Jan. 1 and July 1 at the London office, or at the Bank of Commerce, New York, N. Y. The payment and liquidation of the bonds, including those acquired by the Grand Trunk Co., is, in respect of both the principal and interest, limited to the funds derived from 30 p. c. of the traffic receipts of the line. The 30 p. c. of the gross receipts has been insufficient to pay the full interest on the bonds, which is consequently in arrear. To Dec. 31, 1893, £427,100 of the bonds had been acquired by the Grand Trunk Co. by purchase drawings, or in exchange for consol. debenture stock, leaving £104,900 outstanding in the hands of the public.

NEWFOUNDLAND RY.—*Projected*: St. John's to Hall's Bay, N. F., 340 m.; St. John's to Carbonear, 100 m.—total, 440 miles. *Completed*: St. John's to Terminus, 96 m.; total track (steel; 45 m.), 101 miles; rail, 35 lbs. Gauge, 3 ft. 6 in. Chartered May 9, 1881; road opened to Holyrood, July, 1882; to Salmon Cove, Nov., 1892. (See **MANUAL** for 1889, page 963.) The Government has power to purchase the railway at any time after 35 years, at a valuation. The Newfoundland Government has let the Northern extension of this railway, to Hall's Bay, to contractors.

Financial Statement.—Capital stock authorized, \$6,000,000. Funded debt, £400,000 6 p. c. 1st mtge. land grant bonds (Southern Division). These bonds were issued in London in July, 1882. They are secured by a cash subsidy of £108 per mile, to be paid by the Government of Newfoundland for a period of 35 years, by a 1st lien on the 100 miles of road forming the Southern Division (comprising the railway and branches from St. John's to Harbor Grace on Conception Bay, about 100 miles) and upon the Government land grant of 5,000 acres per mile. Interest payable Jan. & July, at office of Melville, Evans & Co., 75 Lombard St., London, E. C. The bonds will be redeemed by July 1, 1932, from the proceeds of sales of lands, either by purchase up to 120 p. c. or by drawings at that price. They will also be received at 120 p. c. by the company in payment of lands.

The coupon due in Jan., 1885, was not paid, and thereupon Mr. F. H. Evans, 31 Abchurch Lane, E. C., was appointed receiver. The Government withheld the cash subsidy on the ground that the liability only came into force on the completion of the whole system, and not section by section, and the Government further claimed damages for the non-completion of the railway. The Newfoundland courts decided in favor of the company; but the matter was taken by the Government to the Privy Council, which decided, in Feb., 1888, that the bondholders were entitled to receive payment of the cash subsidy, and also were entitled to have the grants of land made to them, while the Government counter-claimed damages against the claim of the bondholders to the subsidy. The argument of this matter before the Colonial Court was completed on July 3, 1892, and judgment was then shortly expected. Meanwhile the Government is under order of the Colonial Courts to pay over the half-yearly subsidy as and when it becomes due. From this source the receiver has paid off £19,987 loans contracted under authority from the Court of Chancery, together with interest, and in Aug., 1890, there were paid £1 5s. on account of the arrear coupons of the bonds; in Jan., 1891, 15s.; and in July, 1891, the balance of £1. In Jan., 1892, £1 5s. were paid on account of the coupon due, July, 1885. Excluding London receiver's charges, the working in 1886 resulted in a deficit of \$202; in 1887 there was a surplus of \$7,526; in 1888, of \$9,509; in 1889, of \$8,546; in 1890, of \$3,244; and in 1891, of \$5,415.

Sidings, etc., 14 miles. Gauge, 4 ft. 8½ in. Rail (steel), 56 & 60 lbs. Chartered in 1869. Opened as a wooden road, to Gosford (25½ miles) in 1871, and opened to St. Raymond (36 miles) in steel, Jan. 1, 1882. The company had a land grant from the Province of Quebec of 5,000 acres per mile, situated in alternate sections partly along the line of railway and partly in the wheat lands surrounding Lake St. John; but it was resold to the Government for 70 cents per acre. It has also the following cash subsidies: Province of Quebec, \$5,000 per mile; Dominion of Canada, \$5,200 per mile; City of Quebec, \$2,500 per mile, to Lake St. John; and a Dominion subsidy of \$3,200 per mile, and a Provincial subsidy of \$5,000 and 5,000 acres of land, from Lake St. John to Chicoutimi and

St. Alphonse. The total amount received from the Dominion Government for main line and branches to Dec. 31, 1892, was \$1,002,999.50. Locomotives, 14. Cars—passenger, 15; sleeping and parlor, 4; baggage, etc., 4; freight (box, 49; stock, 8; flat, 233), 290; caboose, 5—total, 318. Also 5 snow-ploughs, 5 vans, and 4 steamboats.

Operations, year ending June 30, 1893.—Trains run (passenger, 90,100; freight and mixed, 79,548; other, 19,519), 189,167 miles. Passengers carried, 98,425. Tons freight moved, 133,458; moved one mile, 9,686,100. Earnings (passenger, \$43,859.21; freight, \$112,933.56; mail and express, \$8,223.30; miscellaneous, \$506.37), \$165,522.44. Operating expenses, \$159,843.60. Net earnings, \$5,678.84; other receipts, \$15,340.12—total, \$21,018.96.

Financial Statement, June 30, 1893.—Capital stock (auth., \$6,000,000), \$3,800,000; funded debt (auth., \$6,000,000), \$4,212,000; Government bonuses (Dominion, \$1,003,495; Quebec, \$2,748,000), \$3,751,495; paid up, \$2,664,749.50; municipal aid, \$462,000—total, \$11,138,749.50. *Contra*: Cost of road, equipment, etc., \$11,138,518. *Funded debt*, 1st mtge. 5 p. c. 20-yr. £100 bonds, due Jan. 1, 1909, interest Jan. & July, in London, by Glyn, Mills, Currie & Co.

These bonds, which amount to about £4,100 per mile, are secured on the main line, 190 miles, the plant, rolling stock, and material used for the working thereof, the buildings, stations, and station grounds, and upon all the lands, property, and material appertaining to the working and running of the main line. By the deed of trust the company covenants that no further charge of any kind shall be created over the property mortgaged, except in subordination to the bonds of this issue.

The Government of the Province of Quebec guarantees the payment of the interest on the bonds for ten years from Jan. 1, 1889, to Jan. 1, 1899, such payment being assumed by the Government, irrespective of the earnings of the line.

Under the arrangement with the Government, the net earnings of the road will not be required to meet the interest charges for the next ten years, and, as an additional security, the company has covenanted with the trustees for the bondholders to pay over to them during that period the whole of the net earnings of the line until a sufficient amount has been accumulated in their hands to provide for the interest for a further period of five years after the time, during which it will be paid by the Provincial Government.

(For map of this road see page 995.)

Main Line of Road.—Vera Cruz to Mexico City, Mex. 342.0
Morelos Division : Los Reyes to Jojutla. 111.5
Matamoros Division : Los Arcos to Matamoros Izucar. 48.0
San Lorenzo Branch : San Nicholas to San Lorenzo. 12.5
San Juan de los Llanos Branch : Vireyes to San Juan. 7.0—519.0 miles.
 Gauge, 3 ft. Rail (steel), 40.31 lbs.

History.—Chartered April 30, 1888, and purchased all the concessions granted by the Mexican Government to Señor Don Delfin Sanchez for a railroad from Vera Cruz, on the Gulf of Mexico, to Amacusac, and contracted with the concessionaire to build the lines necessary to complete existing links and to put the latter into repair. The concessions confer the privilege of operating the railroads for 99 years from Feb., 1883, after which the railroads are to pass to the State. Opened to Vera Cruz from the city of Mexico on April 1, 1891, but owing to damage from storms the portion from Jalapa to Vera Cruz had to be closed for repairs, and was not reopened until Oct., 1891. In July, 1891, the company purchased the Matamoros Ry., extending from Los Arcos, near Puebla, to Matamoros Izucar, 48 miles, the purchase price being £200,000 in ordinary shares and £165,000 in debentures (secured on the Matamoros line only), but has not exercised the option to acquire the concession for the extension to Acapulco *via* Amacusac. The extension from Jojutla to Amacusac, about 21 kilometres, is under construction, and will be completed early in 1894. A subvention of \$8,000 per kilometre is payable by the Government in respect of this extension.

General Balance Sheet, June 30, 1893.—To balance from capital account, £81,879 7s. 5d.; accrued interest to date, £36,920 0s. 6d.; through freight in suspense, £465 9s. 7d.; sundry creditors, £91,936 9s. 6d.—total, £211,201 7s. 0d. *Contra*: By net revenue account, £102,230 5s. 4d.; cash on deposit and current accounts, £18,933 10s. 6d.; stores on hand, £66,044 19s. 8d.; sundry debtors, £23,992 11s. 6d.—total, £211,201 7s. 0d.

The *ordinary shares* are for £10, fully paid, and were issued to the vendors of the original concession and the contractors, and £200,000 in part payment of the Matamoros Ry.

The *7 p. c. cumulative preferred shares* are for £10, fully paid. Of this amount £800,000 were issued to the public in July, 1888, at par, and the remainder (£200,000) were issued to the vendors of the original concession and the contractors.

The *prior lien debentures* are for £50 and £100 each, of which £200,000 were issued in Mar., 1892, at 90 p. c., and £100,000 in May, 1893, at 93. Interest payable Jan. 1 and July 1, and principal due Mar. 31, 1912, but the company reserves the right of repayment on May 1, 1897, on six months' notice. A sinking fund is provided.

The *6 p. c. mortgage debenture stock* was issued in July, 1888, at 97 p. c., interest payable Mar. 15 & Sept. 15, and principal Sept. 15, 1928. The company, however, reserves the right to pay off the whole amount at 110 p. c. on six months' notice. Interest was promptly paid to Mar., 1893, but that due Sept., 1893, was paid one-third in cash, and the balance in deferred cash; these warrants bear 8 p. c. interest, and together with accrued interest are redeemable out of the first net earnings available at the end of each year after providing for current debenture interest. "It is intended (as from July 1, 1893) that the whole of the net earnings of the railway shall be distributed to the debenture stockholders after providing for the prior lien charges, deferred warrants similar to the above being issued for any amount short paid."

The *6 p. c. Matamoros debenture stock* (ranking only the Matamoros Line) is due July 1, 1913, interest (paid to date) payable Jan. 1 & July 1.

No dividend has been paid on preferred shares since Sept., 1891.

Gauge, 4 ft. 8½ in. Rail (steel), 56 lbs.

History.—Incorporated in Massachusetts Feb. 25, 1880, and in the same year purchased of the Guanajuato Ry. Co. 60 kilometres of narrow-gauge railway, which was widened and

incorporated into the main line. The entire main line was completed Mar. 8, 1884, and opened April 10, 1884. For progress of construction see previous number of *MANUAL*.

The *Tampico Harbor Co.* (owned by this company) was organized for the purpose of canalizing, by jetties, the harbor of Tampico, and to aid this purpose a concession has been granted by the Mexican Government. Work began Mar. 13, 1890, and completed in 1892.

Subsidies.—The company acquired a subsidy of about \$15,200 per mile (\$9,500 per kilometre) covering the main line, the Tampico and the Guadalajara Divisions, the subsidy being payable from custom-house receipts, and the company having the right to import free of duty all material required for construction, maintenance, and operation of its lines for fifteen years, and being exempted from taxes till the expiration of forty-five years after completion of all the lines; also the right to construct and operate its railway and telegraph lines for 99 years. It also has small subsidies from the State Governments of San Luis Potosi and Guanajuato. The Government of Mexico, on June 1, 1885, suspended the payment of its subsidy.

On June 30, 1886, an amendment was made to the company's concession by agreement with the Executive, under the authority of the Act of the Mexican Congress of Dec. 12, 1885. By the terms of this amendment the subsidy certificates were to be amortized with the following percentages of the revenue receipts at the several custom-houses, namely: July 1, 1886, to Jan. 1, 1887, 0.75 p. c.; Jan. 1, 1887, to July 1, 1887, 1 p. c.; July 1, 1887, to Jan. 1, 1888, 2 p. c.; Jan. 1, 1888, to July 1, 1888, 3 p. c.; July 1, 1888, to Jan. 1, 1889, 4 p. c.; Jan. 1, 1889, to July 1, 1889, 5 p. c.; July 1, 1889, to Jan. 1, 1890, 6 p. c.; Jan. 1, 1890, to July 1, 1890, 7 p. c.; from July 1, 1890, onward, 8 p. c.

In the early part of the year 1890, negotiations were opened with the Mexican Government for the settlement of all the subsidy due the company on all lines that had been constructed, and an agreement was made on June 30, whereby the company was credited with a net balance on all the subsidy which had been earned of \$19,820,793.01, Mexican currency.

The company agreed to allow the Government a discount of 25 p. c., which, deducted from the \$19,820,793.01 previously specified as due the company, left the net amount due under the agreement as of June 30, 1890, \$14,865,594.76, Mexican currency.

The Government paid this amount to the company in four equal instalments, the first on Dec. 20, 1890; the second Jan. 20, 1891; the third Feb. 20, 1891; and the fourth, Mar. 20, 1891.

It was agreed by the Government that the company should continue the sale of subsidy certificates until Oct. 31, 1890, at which time all sales should cease, and that the amount which the company had sold from July 1 to Oct. 31, 1890, inclusive, should be deducted from the amount due which the Government had agreed to pay on Mar. 20, 1891.

With the proceeds of the final payment the trustees bought from time to time, under the terms of the consolidated mortgage, as an investment, \$5,597,000 of the priority bonds of the company; the balance of the issue of \$7,000,000 of said bonds then outstanding, \$1,403,000, were called for payment and cancellation on April 10, 1891.

Priority Consol. Mtge. 5 p. c. 50-yr. \$ and £ gold bonds, dated July 1, 1889, due Jan. 1, 1939, interest Jan. & July, in Boston and London. These bonds are coupon, with privilege of registration, and are redeemable at 110 p. c. They are secured by a deposit with the Boston Safe Deposit and Trust Co., trustee of 1st mtge. 4 p. c. bonds, by pledge of about \$30,000,000 (Mexican money) subsidy, to which the company was entitled on account of its railway construction; and are further secured by a consolidated mortgage on the road and all other property of the company. The remainder (\$1,000,000) of the authorized issue can be used only for the purchase of additional rolling stock. These bonds have been paid and cancelled or purchased for account of the Subsidy Trust Fund, as shown before in the statement of that fund.

Consol. Mtge. 4 p. c. 30-yr. \$1,000 gold bonds, coupon, with privilege of registration, due July 1, 1911, interest Jan. & July in Boston, Mass. These bonds are authorized at the rate of \$32,000 p. m., and were issued at par to holders of 1st mtge. assented 4 p. c. bonds, who also received, upon exchange, \$300 of 1st consol. income bonds. They are secured on same terms as the priority mortgage bonds. Of the \$57,408,000 outstanding, \$387,000 are deposited with the Government, leaving \$57,021,000 actually outstanding.

First Consol. Income 3 p. c. 50-yr. \$1,000 coup. gold bonds, due Jan. 1, 1939, interest (non-cumulative) payable annually, July 10, if earned. These bonds were authorized at the rate of \$9,600 p. m., and were issued to holders of 1st mtge. assented 4 p. c. bonds as a bonus of 80 p. c. on their holdings in consideration of their surrender of the right to additional interest to which they were entitled. The interest on these bonds must be satisfied before any interest can be paid on the 2d consol. income bonds. In 1890, 1891, and 1892, the full rate of interest was paid; in 1893 there was no payment. Trustee, American Loan and Trust Co., Boston, Mass.

Second Consol. Income 3 p. c. 50-yr. \$1,000 coup. bonds, due July 10, 1939, but power reserved by the company to pay off the issue on or before July 10, 1929, at 50 p. c. No interest is being paid. Interest annually, July 10, if earned. These bonds were authorized at the rate of \$6,400 p. m. and were issued at par to holders of old income bonds. They are redeemable at any time prior to July 10, 1929, at 50 p. c. U. S. currency. The first incomes have preference over these bonds in payment of interest.

The income bonds are registered and for \$1,000 each, ranking on the income of each year for 3 p. c. interest, due July 1. They mature July 1, 1911, but may be converted into ordinary shares. No interest is being paid. This is the amount outstanding of the old income bonds not converted under the scheme of 1889.

Annual meeting, first Wednesday in May.

Total length of lines operated December 31, 1893.....573.04 miles.
Sidings, 55.63 miles. Gauge, 4 ft. 8½ in. Rail (steel), 54 lbs.

History.—Organized Dec. 9, 1882, under special charter from the State of Connecticut. In 1883 it acquired certain concessions granted by the Government of Mexico under date of June 7, 1881, Nov. 4, 1881, and April 21, 1882, which authorized the construction and operation of a line of railroad and telegraph between the City of Mexico and the Rio Grande, terminating at or near Ciudad Porfirio Diaz (formerly Piedras Negras), with the right to construct another line from a convenient point on the main line to some point on the Gulf of Mexico between Matamoros and Vera Cruz; also another line to the Pacific Ocean at some point between Mazatlan and Zihuatanejo, and also such branches of the lines just mentioned as the company may deem desirable, said branches to be subject to the approval of the Department of Public Works, and not to exceed 100 miles each in length.

It is stipulated in said concessions that the road and its appurtenances shall be exempt from taxation for fifty years, and that materials required for the construction, operation, and repair of the road shall be free from import or other duties. No subvention is granted, but the Government has obligated itself not to grant a subvention to any other line of railroad within 50 miles on either side of the lines so authorized.

First section of (Ciudad Porfirio Diaz to Sabinas) 70 miles, completed in 1883; through-out in 1892. (See MANUAL for 1893.)

Total length of lines operated Dec. 31, 1893.	1,232.24 "
Gauge, 3 ft. Rail (steel and iron), 40 and 45 lbs.	

Included in the mileage statement are the following lines, which are unused or used only as side tracks, special service tracks, and tramway: El Salto, toward Tepeji, 2.48 m.; Quarry Branch, from Naucalpan June. to quarry,

2.76 m.; branch to repair shops in New Laredo, 0.95 m.; Fort Mackintosh Branch of Texas Mexican Ry., 0.59 m.; street railroads in City of Mexico, 2.2 m.; Texas Mexican Northern Ry., from Laredo, Texas, to the end of track, 1.34 m.; and grading beyond end of track, 3.33 m.—a total of 13.65 miles.

History.—Reorganization of the Mexican National Ry. Co., whose property was sold under foreclosure May 23, 1887. (See MANUAL for 1887, for plan of reorganization, etc.) The through line was completed Sept. 28, 1888, and opened for traffic Nov. 1, 1888. All the shares of the company, except enough to qualify directors, are lodged in a voting trust (Farmers' Loan and Trust Co. voting trustee) and representative certificates issued against them so as to insure control of the railroad to the 1st and 2d mtge. bondholders. Such control is to continue until the full rate of interest has been earned and paid for two consecutive years upon all the 1st and 2d mtge. bonds, when the shares are to be released against the surrender of the representative certificates. As long as the railroad is under control of the bondholders, foreclosure under the 2d mtge. cannot take place; and in the event of the company's defaulting on the 2d mtge. after such control has ceased, foreclosure cannot take place unless more than half the shares shall not have been deposited in the voting trust within four months after default.

These mortgages cover all existing lines and all lines under construction in the Republic of Mexico. Voting power attaches to 1st and 2d mtge. bonds.

First Mortgage Bonds and Subsidy.—Bonds called by trustees in 1891 for redemption and cancellation from proceeds of subsidy, \$319,000; called in 1892, \$305,000; in 1893, \$298,000—total, \$922,000. Paid and cancelled up to close of 1892, \$600,000; paid and cancelled up to close of 1893, \$285,000—total, \$885,000. Leaving yet to be paid and cancelled, \$37,000.

The 1st mtge. gold bonds are for \$1,000; coupons payable June 1 and Dec. 1, and principal due 1927, although the company has the option of redemption at par and interest of all or some of the outstanding bonds, on any coupon date,

on giving notice. They are secured by 1st mtge. on the line, and also by the pledge of 7,000,000 Mexican dollars of the Government subsidy. Bonds are to bearer, but may be registered, interest in all cases being payable by coupon. Authorized issue, \$13,500,000. Trustees: Hugh M. Matheson and W. G. Raoul.

The 2d mtge. 6s are for \$1,000 and \$500, issued in exchange for the 1st mtge. bonds of the old company. Interest on the A bonds is cumulative, but payable only when earned; on the B bonds interest is non-cumulative, ranking only on the profits of each year ending Dec. 31, and only after all arrears on the A bonds shall have been met. The A bonds have coupons payable Mar. 1 and Sept. 1, and may be registered as to principal only; the B bonds are registered, with interest payable (by warrant) annually on April 1. Principal of both due in 1917. Total authorized issue, \$33,250,000, which (in the event of the 1st mtge. being increased to \$13,500,000) is to be increased to \$34,500,000; the unissued bonds are to be held to replace 1st mtge. bonds and bonds on a leased line, etc. Of the old 1st mtge. bonds, \$5,000,000 issued in London had a lien on 2,500,000 Mexican dollars of the subsidy. This right is preserved to new A and B bonds issued against the old bonds. The only interest paid on the 2ds has been 2 p. c. on the A bonds, paid in Mar., 1893, from earnings of 1892. Trustees: Josiah A. Horsey and W. G. Raoul.

The income 3d mtge. bonds are 6 p. c. non-cumulative, and for \$1,000 each. Trustees: Charles J. Camden and Hanson A. Risley.

Extract from the company's report for 1893 :

"During the year the Trustees of the subsidy deemed it expedient, and to the best interest of all concerned, to acquiesce in a suggestion from the Mexican Government to suspend in part and for a time the collections upon the subsidy. After due consideration, and the submission of the proposition to a meeting of 1st mtge. bondholders, and receiving its approval, an agreement was entered into with the Government by which two-thirds of the monthly collections due under the terms of the subsidy grant were suspended for a term of three years from the first day of Sept. last. The remaining one-third, collected in the usual way, is to be held by the Trustees and applied at the close of the year 1893, and at the end of stated periods thereafter : (1) To pay to the Trustees interest on the amount of the deferred collections; (2) to pay to the RR. Co. any sums due to it by the Federal Government, for account of transportation services performed for the Government; (3) to pay over to the Trustees such amount as may be needed to make good the deficit in the net earnings of the RR. Co., to meet the interest on its 1st mtge. bonds, should such deficit occur; and (4) to return to the Government any surplus not needed for the above purposes.

"The sums that may be used for the payment of interest on the deferred collections, and that which may be used to liquidate the debts of the Government to the RR. Co., are not to operate in reducing the principal of the subsidy, but are to be finally reimbursed to the Trustees by the Government."

MEXICAN RAILWAY COMPANY.

Main Line of Road.—City of Mexico, Mex., to Vera Cruz, Mex.264
Puebla Br.: Apizaco to Puebla29
Pachuca Br.: Ometusco to Pachuca28—321 miles.
 Sidings, 36 miles. Rail (steel, 310 m.), 62 and 82 lbs.

History.—Company registered in 1864. This company operated the Jalapa line (Jalapa to Vera Cruz) till Aug. 20, 1893, when the road was abandoned. The State gave a subvention to the concessionaire of \$560,000 a year, of which \$420,000 was the property of the company for 25 years from Nov. 11, 1868. The Government agreed not to subsidize any other railway between Vera Cruz and Mexico for 65 years from Nov. 1868. When the net revenue of the company exceeds 8 p. c. per annum on the ordinary stock, the Government may, in conjunction with the company, readjust the rates, etc. After providing for dividends of 8 p. c. per annum, 4 p. c. of the surplus goes to the concessionaire, and of the balance then remaining 4 p. c. goes to the directors as extra remuneration, and 4 p. c. to the reserve.

The extension from Ometusco to Pachuca was completed and opened Dec. 3, 1890. The concession (dated May 27, 1889) for this extension carries no subvention, and runs for 99 years, after which the Government may purchase the line at a price to be fixed by experts.

Rolling Stock, Dec. 31, 1893.—Locomotives, 54. Cars—passenger (1st class 15; 2d class, 11; 3d class, 20; escort, 4; branch and luggage vans, 22; other, 11), 83; freight (goods, 321; pulque, 21; cattle, 2; firewood, 28; flat, 165; ballast, 92; way, 1), 630. Also 1 screw tug-steamer and 20 lighters.

First Preference Stock.—Created Nov. 11, 1874, and issued to creditors of the company (as fully paid-up shares) in satisfaction of equal amounts of overdue and unpaid 8 p. c. bonds. Entitled to a preferential dividend of 8 p. c. per annum, in perpetuity, out of the available net profits of each separate half-year.

Second Preference Stock.—Created Nov. 11, 1874, and issued to creditors in satisfaction of equal amounts of overdue and unpaid interest up to the end of 1873. Entitled to 6 p. c. per annum, in perpetuity, out of the available net profits of each separate half-year, and ranks after the first preferred stock.

Perpetual 6 p. c. Debenture Stock.—Issued at par in 1880; constitutes a first charge on the undertaking, the proceeds were applied to the redemption of outstanding bonds, by exchange or repayment, and for the improvement and development of the railway. Interest payable Jan. & July, at the office of the company's bankers, Glynn, Mills, Currie & Co., London, Eng.

A contract exists between this company and the Government whereby the company is exempted from the payment of taxes and import duties for 15 years from April, 1882. On the other hand, the company agrees to carry the materials of other companies at a lower rate than that permitted by the concession; to haul for 20 years a quantity of coal, not exceeding 50,000 tons per annum, at a rate of \$12 per ton for carriage from Vera Cruz to Mexico; and to transfer to the Government a considerable quantity of telegraph material.

MEXICAN SOUTHERN RAILWAY COMPANY, LIMITED.

Line of Road.—Puebla to Oaxaca, Mex. 228 miles.
 Sidings, etc., 11 miles. Gauge, 3 ft. Rail (steel), 50 lbs.

History.—Registered May 9, 1889, to construct and operate a narrow-gauge line from Puebla to Oaxaca (as above), under a concession granted by the Mexican Government. In May, 1892, a Government subvention of \$2,400 per kilometre per annum for 15 years was given up in exchange for a net sum of \$8,000,000 Mexican Government 6 p. c. 50-yr. silver bonds, with a sinking fund of $\frac{1}{4}$ p. c. per annum, commencing in 1895. The concession is for 99 years, at the end of which the line will revert to the Government without payment; but stations, rolling stock, and equipment must be paid for. Road opened through, Dec. 8, 1892.

Rolling Stock.—Locomotives, 17. Cars—passenger, 20; baggage, mail, etc., 4; freight (box, 154; stock, 11; flat, 95; coal, 30; caboose, 8), 298—total, 322.

Financial Statement.—Capital authorized, £2,000,000, in shares of £10 each, one-half being ordinary and one-half 7 p. c. cumulative preference; and £1,200,000 6 p. c. mortgage debenture stock.

Interest on the debenture stock is payable April 1, and Oct. 1, and the principal is redeemable at 105 by the operation of a cumulative sinking fund, with annual drawings, commencing 1896, of such amount as will redeem the whole of the stock in fifty years from July 1, 1892. The debenture stock is secured by first mortgage upon the whole line, and also by a special hypothecation of the \$8,000,000 Mexican Government silver bonds.

Any moneys received from the Government in redemption of the silver bonds in excess of the sinking fund for the debenture stock, may, at the option of the company, be applied either in the purchase (at not exceeding 105 p. c.) or redemption of the debenture stock by drawings at 105 p. c., the holders to have six months' notice; while the trustees for the debenture stockholders may, with the company's consent, realize the silver bonds and either invest them in securities, or apply the proceeds in the purchase or redemption of debenture stock. Line No. 1 (Puebla to Tecamavaca, 139 miles) was opened for traffic in Aug., 1891, and line No. 2 (Tecamavaca to Oaxaca, 89 miles) in Dec., 1892. Messrs. Read, Campbell & Co., Limited, the contractors, agreed to work the line until April 1, 1893, guaranteeing to that date the punctual payment of the interest due upon the first issues of debenture stock and preference shares (Nov. 1 to 50,000, the remaining preference shares being held by the contractors), the contractors having also provided for such distributions during construction of line No. 1. Under the works contract for line No. 2 the contractors also guaranteed the interest on the £600,000 debenture stock issued in Aug., 1892, until the whole line was taken over by the company (April 1, 1893). The payment of debenture interest due Oct. 1, 1893, was postponed to Jan., 1894, when a half-year's interest became due on the Mexican Government bonds held by the company. In the seven months to the end of Oct., 1893, the gross earnings were \$192,040.

Metropolitan Traction Co. of New York.—Incorp. Aug. 4, 1892, in New York State as successor to a company of the same name chartered in New Jersey in 1891. The company was formed for the purpose of acquiring control of the street railways in New York city, and has an authorized capital stock of \$30,000,000 (par, \$100), fully paid in. The capital stock of the old company was \$20,000,000, upon which 60 p. c. was paid, and the stockholders of that company were given the privilege of selling and exchanging their stock in the proportion of 10 shares for 12 shares of new stock. They were also given the right to subscribe at par for 1 share of new stock for each 10 shares of old stock owned. Of the authorized capital (\$30,000,000) \$500,000 were issued for the purchase of real estate in the city of New York, \$24,000,000 for exchange of old stock, \$2,000,000 sold at par for cash, and the remainder (\$3,500,000) is held in the treasury for corporate purposes of the company.

Chicago General Ry.—Length of lines projected, 10 m.; completed, 5.5 miles; gauge, 4 ft. 8½ in.; rail (girder), 80 lbs. The West and South Towns Street Ry. Co. was chartered Aug. 22, 1891, to build about 10 miles of street railway within the city of Chicago. Power was granted by city ordinance, passed Feb. 8, 1892, and amended April 5, 1893, to build the road and operate it with animal or cable power, electric, compressed air, or gas motor, the company to pay a license of \$50 per annum for each car. The road was built 5½ miles, and opened June 24, 1893; the remaining 4½ miles will be completed during 1894. The road was first operated by horses, but electric power (overhead single trolley system) was substituted, Nov. 23, 1893. To provide means for building the road the company executed a mortgage to the Northern Trust Co. of Chicago, as trustee, to secure an issue of \$500,000 1st mtge. 6 p. c. 10-20-yr. \$1,000 gold coup. bonds (with privilege of registration), due Aug. 1, 1912, but redeemable at 105 and interest on any interest day after Feb. 1, 1902, interest payable Feb. & Aug., in Chicago. Of these bonds \$300,000 have been issued and are outstanding. The Chicago General Street Ry. Co. was chartered Dec. 22, 1892, and took a lease of the North and West Street Ry. Co.'s lines and property. The name was changed to Chicago General Ry. Co. Oct. 21, 1893. Extent of paving between and outside tracks, 16 feet. *Equipment*: Horses, 8; motors, 5; storage battery, 1. Rate of fare, 5 cents; cash, 6 rides, 25 cents.

West Chicago Street RR.—Main line, 190 miles, of which 30 m. operated by cable; gauge, 4 ft. 8½ in.; rail (Johnson girder and Chicago flat), 45 to 90 lbs.; owns 4,385 horses, 1,814 cars, and 304 other vehicles, including snow-ploughs, sweepers, buggies, wagons, etc. Chartered July 19, 1887. In 1887 this company acquired control of all the street railway lines in the West Division of Chicago by the purchase of a majority of the capital stock of the Chicago West Division Ry. Co., and the procurement of a lease of that company's lines for 999 years. By the terms of this lease the lessee guarantees payment of interest at 4½ p. c. on the bonded debt of the lessor, which amounts to \$4,040,000, and stipulates that it shall remain a first lien on the leased property, and also agrees to pay a yearly rental equal to \$25 on each of the 12,500 shares of the lessor's capital stock. As the lessor company owned 7,900 shares of stock of the Chicago Pass. Ry. Co., the lines of that company also passed into the hands of the lessee. (See Chicago Pass. Ry. Co. below.) By the franchise granted to it and to its lessors, the West Chicago St. RR. Co. controls all means of communication between the West and South Divisions, south of Lake Street, except the bridge at Jackson Street, upon which no tracks are permitted. It is required by the city to pave 16 ft. in width of the street upon which double tracks are laid, and 8 ft. in width of the street where a single track is laid. The company has rebuilt the old tunnel under the Chicago River, which is the longest tunnel in the world of its width, through which, when completed, the cable lines of Halsted Street and Blue Island Avenue will be run. The fixed charges of the company, and of its lessors, which it guarantees, are as follows: Rental C. W. D. Ry. stock, 12,500 sh. at \$35 ea., \$437,500; organization expenses, \$3,000; interest on West C. St. RR. Co. 1st mtge. bonds, \$205,000; on debenture bonds, \$120,000; on C. W. D. bonds, \$181,800; on C. P. Ry. 1st mtge., \$34,000; on C. P. Ry. consols, \$36,000; and dividend on C. P. Ry. stock, \$50,000—total \$1,037,300. Of this amount the item of \$205,000 for interest on W. C. St. RR. 1st mtge. bonds is balanced by the dividend on 6,251 shares of the West Div. stock held by the trustee to pay for same. The amount of such dividend in excess of such interest is turned into a sinking fund for the redemption of these bonds.

Operations, year ending Dec. 31, 1893.—Trips, 2,018,785. Miles run (horse, 9,602,245; cable, 7,210,890), 16,813,135. Passengers (horse, 61,130,388; cable, 45,990,070), 107,033,461.

LINES OWNED BY THE BROOKLYN TRACTION CO.

ATLANTIC AVENUE RR. CO. OF BROOKLYN (THE).—Main lines, 5.625 m.; branches, 14.25 m.—total owned, 19.875 m.; 2d track, 18.5 m.; sidings, 0.50 m.; leased, 1.875 m.; 2d track, 1.875 m.—total, 42.625 m.; gauge, 4 ft. 8½ in.; rail (glider), 90 lbs. Incorp. May 1, 1872, to continue 1,000 years. Authorized to construct, maintain and operate the routes which had been the property of the following companies: Brooklyn and Jamaica R.R., Brooklyn Central R.R., Brooklyn Central and Jamaica Ry. and the Brooklyn and Jamaica Ry. Cos. The Brooklyn and Jamaica R.R. Co. became possessed in fee simple absolute by purchase of a strip of land 30 feet in width, through the centre of Atlantic avenue from Flatbush avenue to Jamaica. In 1876 this part of the railroad, then and now owned by the Atlantic Avenue R.R. Co., was leased to the Long Island R.R. Co. for 99 years. The net income from the rental of the said road, known as the Atlantic Division of the Long Island R.R., for the fiscal year ending Feb. 26, 1894, was \$53,180.81. The lines acquired and operated upon the organization of the company May 1, 1872, were the Greenwood and Atlantic avenue; by special act of the Legislature in 1873, the Adams street, Butler street and Seventh avenue lines were added. In 1885 the South Brooklyn Central R.R. Co., operating the Bergen street line, was acquired by purchase, and in addition to the Bergen street, the new line, known as the Hoyt street, was established. Dec. 1885, all the City of Brooklyn franchises of the Prospect Park and Coney Island R.R. Co. were acquired, and as a result there have been added the Vanderbilt avenue, Hicks street and Park avenue lines. There are now ten separate lines operated by the company. In 1893, the Brooklyn, Bath and West End R.R., running from Greenwood Cemetery to Coney Island, was leased, and subsequently all but a few shares of the stock purchased. The lines of railway thus owned or controlled by the Atlantic Avenue R.R. Co. of Brooklyn consist of 53 miles of single track, all operated by electricity, with the exception of the line leased to the Long Island R.R. Co., as stated above. **Equipment**, April 1, 1894: 233 electric motor cars, complete; 67 car bodies additional; 125 cars to be rebuilt; 15 trail cars and 40 horses.

BROOKLYN CITY RR.—Length of main line and branches, 96.5 m.; 2d track, 87.32 m.; sidings, 16.25 m.—total tracks, 199.07 m. Gauge, 4 ft. 8½ in. Rail (girder and stringer), 45 to 70 lbs. This company's property consists of a number of lines of railroad upon the leading thoroughfares of Brooklyn. Its most important terminals in the Western District of the city are at Fulton Ferry and the Brooklyn terminus of the East River Bridge, whence its lines radiate in all directions through the city. In the Eastern District its most important terminal is at the Broadway and Greenpoint Avenue Ferries. **History.**—Organized under the General Railroad Law and filed Articles of Association Dec. 17, 1853. Construction begun on April 10, 1854, and in July, 1854, the first section, from Fulton Ferry to City Hall, 0.74 m. was opened for traffic. In Sept. of the same year the extension from City Hall to Brooklyn Avenue, 2.69 m. was completed. In Mar. 1875, the line was extended to East New York, 5.6 m. from Fulton Ferry. The Myrtle Avenue line, from City Hall to Broadway, 2.91 m., was built in 1854, as also the line from Fulton Street to N. 13th Street, 3.82 m. This latter line was further extended in 1855 to Freeman Street, 0.75 m. The line from Kent Avenue to Broadway was built in 1854 and 1855, and the line from City Hall to Greenwood, 3.44 m., was built in 1854. In 1855 were also built: From Greenwood to City Line, 1.17 m., and from Hamilton Ferry to Court Street, 0.93 m. In 1856 only 0.56 m. was opened—from City Line to Yellow Hook Lane. Various extensions between 1870 and 1875 brought the total mileage at the end of that year up to 44 m. On Oct. 31, 1891, by consolidating with the Bushwick, the Brooklyn Crostown, the Calvary Cemetery, Greenpoint and Brooklyn, the New Williamsburgh and Flatbush, the Greenpoint and Lorimer Street, and the Grand Street and Newtown R.R. Cos. and by sundry extensions, the mileage increased to 95.50 m. (For history of these companies see MANUAL for 1890.) On July 5, 1892, by lease and purchase of entire capital stock, this company acquired all the rights, franchises, etc., of the South Brooklyn Street R.R. Co., and on July 9, 1892, that company was merged into the Brooklyn City R.R. Co. The overhead single trolley system of electricity is being substituted for horse power, and the company expects to have the entire system so equipped during 1894.

On Feb. 14, 1893, the entire property of this company was leased to the Brooklyn Heights R.R. Co. for 999 years, that company paying all fixed charges and 10 p. c. on \$12,000,000 capital stock, payable quarterly. Lessee assumed operations under lease on June 6, 1893. Rental guaranteed by fund of \$4,000,000 of Long Island Traction. **Equipment**, Mar. 31, 1894.—Horses, 1,800; dummy engines, 28; cars—not motors (box, 363; open, 226), 589; motor cars (box, 855; open, 570), 1,425—total cars, 2,014; power stations (large, 2; small, 1), 3.

Operations, year ending June 30, 1893.—Passengers carried, 33,196,302; rate of fare—adults, 5 cents; children, 3 cents. Gross earnings (passenger, \$3,735,241.75; other, \$35,502.35), \$3,770,744. Operating expenses, \$2,741,864.36. Net earnings, \$1,018,879.64; other receipts (rental, B. H. R.R., 25 days, \$72,862.91; interest, \$888.19; taxes refunded, \$1,712.85), \$75,463.95—total income, \$1,094,343.59. Payments: Interest on bonds, \$203,521.33; other interest, \$745; taxes, \$169,288.46; dividends, \$660,000—total, \$1,033,614.79. Balance, surplus, \$60,728.80; surplus forward, \$660,285.97; add (interest on stock issued for construction, \$90,000; premium on sale stock not subscribed for, \$899; petty surplus and deficiency, \$8,000), \$98,899—total surplus, June 30, 1893, \$714,913.77.

STREET RAILWAYS IN LOUISVILLE, KY.

Louisville Ry.—Length of main line and branches—double track, 60 m. (equal to 120 m. single track); single track, 20 m.; of side track, 10 miles—total mileage of track, 150 miles. Gauge, 5 ft.; rail (C. B. and girder) from 16 lbs. iron to 100 lbs. steel. Chartered under a special legislative charter of the State of Ky. on Jan. 22, 1867, to continue 30 years, and which was extended indefinitely on April 16, 1890. The city charter was renewed in June, 1891, for 30 years. This company was authorized to construct, maintain, operate, and acquire by purchase or otherwise, street railways in the city of Louisville, and in virtue of its charter acquired by purchase on June 19, 1890, all the railways, properties, and franchises of the Louisville City Ry. Co., the Central Passenger RR. Co., the Kentucky Street Ry. Co., and the Beargrass Ry. Co., and subsequently the Crescent Hill Ry. These lines embrace all the street railways in the city of Louisville and its suburbs, except the Louisville Terminal Ry. The franchises thus owned and acquired from the Louisville City Ry. Co., were on April 9, 1886, extended for 99 years from that date, and those acquired from the Central Pass. RR. Co. were extended for a like period from March 3, 1886. The other franchises are perpetual. Charter authorized the company to change its motive power to electricity or cable system at will. Two and one-half p. c. value of franchise paid to State. The Thomson-Houston overhead double trolley system of electricity is used on the lines now in operation. The company is required to pave between and one foot outside tracks. *Equipment*.—Horses and mules, 1,200; cars (motor, 200; trail, 150; horse, 150, 500; other vehicles, 25; power stations, 2; engines to generate power, 8.

POOR'S BUREAU

OF

Information and Investigation,

Conducted in connection with and as an adjunct to

Poor's Manual of Railroads,

WILL FURNISH UPON ORDER

Detailed information relative to new or projected Railroads,

Analyses of Railroad and other reports,

Statistics of Steam, Electric, Cable and Horse Railways,

Advance information relative to Railroad reports, etc.; or will make

Full and comprehensive investigations into Railroad mortgages, bonds, leases or other contracts.

In a word, we propose to furnish information of any character coming within the scope of this Bureau, but not contained in or within the province of our three annual publications, viz.:

POOR'S MANUAL OF RAILROADS,

POOR'S HAND-BOOK ON INVESTMENT SECURITIES,

**POOR'S DIRECTORY OF RAILWAY OFFICIALS and
MANUAL OF AMERICAN STREET RAILWAYS.**

Subscribers to any of the above-named works may address their inquiries to us, and a prompt reply will be mailed at a cost based upon the length of time occupied on the work.

Special attention will be given to the preparation of Historical Statements of existing or defunct corporations; to investigations into the value of old railroad bonds, and to the preparation of statistical exhibits designed to show the value of railroad securities. Besides this, investigations will be made at any time through official channels into the status of new projects, and reports made thereon. Proceedings in foreclosure or reorganization will be carefully followed, and all facts relating to such proceedings noted for reference.

It is believed that the establishment of this Bureau will prove of great benefit to the subscribers for our annual publications, as it will enable them at a nominal cost to avail of our unequalled facilities for the collection of news items relative to Railroad Investments or projects, besides securing the privilege of access to our Library, which contains all reports and documents issued during the past *half century*.

Annual subscribers to this Bureau may call for whatever information they desire during the period of their subscription. Terms upon application. Address

JOHN P. MEANY, Manager,

44 Broad Street, New York, N. Y.

Alabama, New Orleans, Texas and Pacific Junction Railways Co., The, (Limited).—This is an English corporation, registered in London, June 18, 1881, to provide the means for acquiring the control of certain railways which it was considered could be advantageously associated with the Alabama Great Southern Ry. Co. On Dec. 31, 1892, the capital stock (£10 shares) consisted of £2,500,000 deferred "B" shares, £1,500,000 preferred or "A" shares, and £200,000 pre-preference shares—the latter unissued; also £748,850 (of an authorized issue of £750,000) 5 p. c. "A" debentures; £1,048,390 (of an authorized issue of £1,050,000) 5 p. c. income "B" debentures, and £810,652 19s. (of an authorized issue of £840,000) 5 p. c. income "C" debentures.

The Preferred "A" Shares are entitled to preference in capital and a cumulative preferential dividend of 6 p. c. over the "B" shares. The pre-preference stock is entitled, in addition to all the rights and privileges held by the "A" shares, to 7 p. c. cumulative dividends until such time as the net profits of one year become sufficient to pay, in addition to such dividend and arrears thereof, a dividend of 6 p. c. upon the "A" stock, after which the rate shall be reduced to 6 p. c.; and when the "A" stock shall have received, after payment of pre-preferential dividends and all arrears of same, all dividends and arrears of dividends to which it shall be entitled, the right of pre-preference shall cease, and the new shares shall rank thenceforth, in all respects, *pari passu* with the original "A" shares. Par value of stock, £10 per share. The deferred "B" shares, £2,000,000, were used in acquiring the interests in the various undertakings. No dividend has yet been paid on either class of stock.

The debenture bonds were created in July, 1891, under a plan for the rearrangement of the debenture debt of the company, and were issued to holders of old 1st and 2d debentures on the following basis of exchange: For £100 old 1st debentures and overdue coupons, £50 of new "A" debentures, £70 of new "B" debentures, and £1 10s. in cash; for £100 old 2d debentures and overdue coupons, £120 of new "C" debentures. Default was made in payment of all 1st and 2d debenture coupons, due Oct. & Dec., 1887, respectively, and a receiver appointed in Sept., 1887, under whose management the road was operated till April 6, 1891, when the company again assumed control.

The "A" Debentures are of the denominations of £50 and £100 each, and are a first lien on the company's property. They are redeemable Nov. 1, 1940, and bear 5 p. c. interest from Nov. 1, 1890, payable May 1 and Nov. 1. These bonds may be called for redemption at 115 at any time after 1910, upon six months' notice. The interest is to be paid out of the net profits from the date of first interest payment, and should the profits be insufficient to pay such interest, when accrued, it shall be cumulative, but the bondholders have no right of foreclosure until Nov. 1, 1895.

The "B" Debentures are of the denominations of £20, £50, and £100 each, and are a second lien on the company's property. They are redeemable Nov. 1, 1940, and bear 5 p. c. interest from Nov. 1, 1890, payable May 1 and Nov. 1. These bonds, like the "A" debentures, may be redeemed at 115 after 1910, upon six months' notice. Interest is payable out of net profits after payment of interest on "A" debentures, but is not cumulative. Should there be any deficiency in the payment of the full amount of interest for any first half-year, such deficiency shall be payable out of the profits of the second half, provided that the profits for the full year are sufficient for the purpose.

The "C" Debentures are of the denominations of £20 and £100, and are a third lien on the company's property. They are redeemable Nov. 1, 1940, and bear 5 p. c. interest from Oct. 1, 1890, payable April 1 and Oct. 1. Bonds may be redeemed at any time, at par, on six months' notice. Interest is payable out of profits after provision has been made for interest on "A" and "B" debenture bonds.

The company owns a controlling interest in the following railroads in the United States:

Alabama and Vicksburg RR.....	143 miles.
Vicksburg, Shreveport and Pacific RR.....	189 "
New Orleans and North Eastern RR.....	196 "
Cincinnati, New Orleans and Texas Pacific Railway Co., lessee of the Cincinnati Southern RR., about.....	336 "

Aggregate mileage controlled by the company..... 864 miles.

The Alabama Great Southern RR. (295 miles)—a separate organization—is operated under the same management.

Whole system is under one general management, although each road is maintained and operated primarily in its own interest as a separate organization.

The New Orleans and North Eastern RR. was opened through Nov. 1, 1883; the Vicksburg, Shreveport and Pacific RR. in July, 1884.

During the years 1893, the Cincinnati, New Orleans, and Texas Pacific Ry. Co. passed into the hands of a receiver. The directors are informed that this was rendered necessary in consequence of a judgment against the company involving about \$300,000, and the receiver was appointed for the protection of the property pending an appeal.

American Bell Telephone Co.—*Exchange Connections.*—The estimated number of exchange connections daily in the United States, made up from actual count in most of the exchanges, is 1,871,667, or a total per year of about 680,000,000. The number of daily calls per station varies in different exchanges from 2 to 18, the average throughout the United States being 8, which is about the same as the number reported last year. The average cost to the subscriber varies, according to the size of the exchange and character of the service, from less than 2 to 8½ cents per connection.

Toll Connections.—The average daily number of toll connections is 34,321, or a total per year of about 11,000,000. The toll revenue reported by all companies for the year 1893 (not including herein earnings of the American Telephone and Telegraph Co.) was \$2,146,677.77. Earnings of extra-territorial lines included in this sum amounted to \$921,576.99, of which last item this company's share is \$108,008.96.

American Cotton Oil Company.—Incorp. Oct. 12, 1880, under laws of New Jersey, and succeeded, by reorganization, the American Cotton Oil Trust. This is a manufacturing and mercantile organization, producing and dealing in the products of the seed of American cotton. The principal products of this industry are cotton seed oil, cotton seed cake, cotton seed meal, linters and cotton seed hulls.

Properties. The property of this company consists of its (1) cash capital, represented (a) by cash on deposit and (b) by interest bearing advances made by it to mills, refineries and other companies in which this corporation is concerned, and employed in the purchase of seed, the manufacture of its products, and other business purposes. In the marketing of these products this company reimburses itself for such seed advances before the close of each business season. (2) Oil tank cars, for the transportation of the crude oil to the refineries and the refined oil to the consumers, a facility that is an economy and a financial and commercial advantage. (3) Real estate, buildings, machinery and property, comprising plant and refinery in New Jersey and crude oil mills in Southern States. (4) Practically the entire ownership in 127 manufacturing properties as follows: 73 crude oil mills, 14 refineries, 4 lard plants, 9 soap fac-

ories, 15 cotton ginneries, 4 cotton compressors and 8 fertilizer-mixing establishments, located in sixteen States. All these properties are free from mortgage lien.

These ownerships include the good will, trademarks and kindred assets of a large and established business, with sole agencies in all the principal cities of the United States, Canada, Spanish America and Europe.

Valuation of properties: During the past year there has been expended in new construction, that enlarged the manufacturing capacity, the sum of \$952,827.73. From this has been deducted the amount realized from sales of real estate, buildings, machinery, etc., from the properties, \$110,510.21; depreciation of property by buildings torn down and destroyed by storms, and by machinery, etc., sold for less than previous valuation, \$23,182.80—total credits to property accounts, \$133,692.51; leaving net cash value of additions to property during the past year, \$820,135.22. The real estate, buildings, machinery and other property, exclusive of the quick assets, had an actual value (as ascertained by two separate appraisals of the entire property) at the commencement of the past fiscal year of, \$9,567,531.03—total appraised value of real property, exclusive of quick assets, Aug. 31, 1893, \$10,387,666.25.

Cash valuation of property in 1891, 45.2 p. c.; good will acct., 54.8 p. c. In 1892, cash valuations, 48 p. c.; good will, 52 p. c. In 1893, cash val., 50 p. c.; good will, 50 p. c.

The pref. stock is entitled to receive non-accumulative dividends at the rate of 6 p. c. per annum before any dividends for the same year are paid upon the common stock. Its participation in the profits is thus limited in consideration of the security and income given by its preference in dividends and in final liquidation. The preferred stock is subject to compulsory redemption at \$105 per share, and has like voting power with the common stock. Semi-annual dividends of 3 p. c. each were paid on the pref. stock in June and Dec., 1892 and 1893, and June, 1894.

The common stock is entitled to all the dividends declared in excess of 6 p. c. per annum upon the pref. stk. It may be increased under the provisions and restrictions of the law of the State of New Jersey, and in conformity with the regulations of the New York Stock Exchange, and thus furnish means to retire the debenture bonds and preference stock.

The gold debenture bonds are part of an authorized issue of \$5,000,000; and bear interest at the rate of 8 p. c. per annum, payable in gold Feb., May, Aug., and Nov., at the New York agency. They are 10-yr. \$1,000 coup. debentures and mature Nov. 1, 1900. They are not secured by mortgage. There is no mortgage on any portion of the company's property or any of the properties in which this company is interested, and no mortgage can be made without the written approval of the holders of 80 p. c. in amount of the debenture bonds then outstanding. These bonds were issued to fund temporary loans and to provide working capital, and are subject to compulsory redemption at 110 p. c. upon not less than 60 days' notice. Of these bonds \$210,000 were drawn and cancelled on Aug. 1, 1892; \$224,000 on Aug. 1, 1893, and \$240,000 on Aug. 1, 1894, leaving outstanding \$3,326,000 of authorized issue. Annual meeting, 1st Thursday in Nov.

Extract from the company's report for 1891:

"The circular submitted to the certificate holders at the time of organization provided for the issue of capital stock of \$50,000, of which \$25,000,000 were to be common stock and \$25,000,000 preferred stock. Of the common stock, \$11,000 was subscribed in cash at the organization of the company. The remaining \$24,989,000 of common stock and the entire amount, i. e., \$25,000,000 of preferred stock were issued to pay for the assets of the Sugar Refineries Company.

"The circular above referred to contained the following statement:

"Upon completion of the plan of reorganization and after the distribution of five per cent. in cash (to holders of certificates of the Sugar Refineries Company) it is estimated that the American Sugar Refining Company will commence operations with cash assets and investments exceeding \$9,000,000, with the power to raise upon mortgage \$10,000,000 additional if required.

"The value of cash assets and investments actually taken over by the American Sugar Refining Company, and after deducting the expense of reorganization, was \$8,739,000, which, together with the \$11,000 cash capital paid in, made the amount of cash assets and investments represented by the capital stock \$8,750,000. The remainder of the stock, \$41,250,000, representing the real estate and plant transferred to the company.

"The liquidation of the cash assets and investments above referred to has thus far realized a surplus of \$55,908.36, and of the amount issued for plant, after providing for all the outstanding certificates of the Sugar Refineries Company, there came back to the treasurer available for the purchase of additional property 3,583 shares of common stock, and 3,695 shares of preferred stock with the accumulated dividends \$54,515.

"There have been issued in accordance with the authority conferred by the stockholders \$10,000,000 six per cent. bonds, none of which, however, have been disposed of up to this time.

"Of these bonds 2,560 have been lodged, in accordance with the terms of the reorganization agreement, with the receivers pending the completion of the dissolution proceedings of the old corporations in Kings County. The decree of the court dissolving these corporations has been granted, and the bonds will soon be returned to the treasury of the company."

In Jan., 1892, an increase of \$25,000,000 in stock was voted, half to be common and half preferred, the proceeds to be used for buying up other refineries, or for buildings. Accordingly, a controlling interest was purchased (in Mar., 1892) in the stock of the E. C. Knight Co., of Philadelphia, (\$800,000), of the Franklin Sugar Co., of Penn. (\$5,000,000), the Spreckels Sugar Refining Co., of Penn. (\$5,000,000), and the Delaware Sugar House (\$96,000). Legal proceedings to prevent the consummation of the sale were instituted.

Fiscal year closes Nov. 30. **Annual meeting** at Jersey City, N. Barney and Smith Car Co. (The).—Incorp. May 31, 1892, under laws of West Virginia, and acquired the entire property and assets of the Barney & Smith Mfg. Co., of Dayton, O., established in 1849. The amount of capital originally invested in the business of the Barney & Smith Mfg. Co. was \$10,000 in cash and a tract of land, now a part of the company's real estate, considered at the time to be worth \$10,000. No additions from any extraneous source were ever made to this original capital; the large withdrawals, amounting to several millions of dollars, and the plant, etc., valued on July 31, 1891, at \$3,472,594.59, representing exclusively the surplus profits arising in the regular course of business.

The property covers about 28 acres of ground, all (with the exception of a small fraction which is under 99 years' lease) owned by the company, and wholly located within the city of Dayton, O. The buildings, 40 in number, are of the most substantial character, being constructed of stone and brick, and especially adapted to the requirements of the business. The machinery is of the latest type, and is maintained in the highest state of efficiency. The company employs 1,750 men.

The business of the Barney & Smith Car Co. consists in the manufacture and sale of passenger, parlor, sleeping, dining, freight, coal, refrigerator, and other cars, and also car wheels and castings. Its customers include all of the principal railroads of the United States. The total losses sustained by the business in the last few years, upon sales amounting to more than \$25,000,000, have been only about \$4,800, or less than one-fiftieth part of one per cent.

The profits of the company for six years and one month, ending July 31, 1891, as certified to by Messrs. Barrow, Wade, Guthrie & Co., chartered accountants, of London and New York, amounted to \$2,321,163.30, or a yearly average of \$381,561.08.

Central and South American Telegraph Co.—Incorporated under the laws of the State of New York for the purpose of establishing telegraphic communication between Mexico, Central America, and South America via the Isthmuses of Tehuantepec and Panama, thereby connecting telegraphically those countries with the United States and with Europe.

By the terms of contracts dated Feb. 25, 1881, the following contracts and agreements have been secured: An exclusive contract with Mexico for 50 years, on very advantageous terms, and preferential contracts for 50 years each, on like terms, with Guatemala, Nicaragua, and Costa Rica. An unrestricted permission for an indefinite period on the Isthmus of Panama. An exclusive contract has been made with the Mexican Telegraph Co. of New York for the exchange of messages for 40 years, whereby all messages destined for points reached by the proposed cable must go exclusively via this route. The cables and lines of the Mexican Telegraph Co. are now in operation between Vera Cruz, Mex., and Galveston, Tex., where they connect with the lines of the Western Union Telegraph Co. and all Atlantic cables.

The company owns the cable line from Vera Cruz, Mex., to Valparaiso, Chili, 4,750 m., and land lines, 350 m.; also the Trans-Andine telegraph lines, 1,300 m., purchased in 1891, and connecting Valparaiso with Buenos Ayres; connects at Vera Cruz with Mexican Telegraph Co., and owns an interest in the direct cable between Galveston and Contazacow, 825 m. In Feb., 1891, the cable from Chorillos, Peru, to Valparaiso, about 1,650 m., was completed and an increase of stock to \$6,000,000 was authorized, and in Nov., 1891, a further increase to \$6,500,000 was made to acquire line connecting Valparaiso with Buenos Ayres. In June, 1892, \$1,500,000 construction certificates, convertible into stock, were sold at par to stockholders to meet the expense of duplicating the cable between Salina Cruz, Mex., and Chorillos, Peru. These certificates are to be converted into stock within three years after the completion of the work, May, 1893. Gross earnings for 1893, \$818,421; net, \$535,000.

Financial Statement, Dec. 31, 1893.—Capital stock (par, \$100), \$6,500,000; construction certificates (convertible), 5 p. c., int. F. & A., at Co.'s office, New York, \$1,500,000—total, \$8,000,000. Dividends payable quarterly—J., A., J., & O.—at the Co.'s office, New York.

Dividends paid by company.—In 1885 and 1886, 4 p. c.; 1887, 6 p. c.; from 1888 to July, 1894, both inclusive, at rate of 7 p. c. per annum. In Mar., 1890, a stock dividend of 20 p. c. was paid.

Central Car Trust.—Organized in April, 1884, under laws of New Jersey, to furnish railroad and transportation companies with rolling stock on the Car Trust plan. The purchaser pays from 20 to 30 p. c. of the cost in cash, on delivery, and gives its monthly or quarterly notes, extending over a period of four to ten years, for the balance, with interest, these notes being a first lien on the rolling stock until they are paid. The purchaser uses the rolling stock as lessee only during the term of the notes and agrees to keep it insured and in proper repair, etc. In case of default in any of the payments, or of non-performance of the other provisions of the contract, the Car Trust Company has the right to sell the rolling stock and to apply the proceeds to the payment of any indebtedness arising under the contract. These Car Trusts are the basis of an issue of bonds by The Central Car Trust Company, which assigns to a trust company its title to the cars and deposits with it the Car Trust contract, promissory notes, etc., for the further security of the bonds.

Financial Statement, May 1, 1894.—Capital stock, full paid, \$500,000 (which has been increased from \$250,000 since the organization of the company). Car Trust Bonds outstanding, \$2,723,500. The company has paid dividends at the rate of 6 p. c. per annum since its organization.

Central Ry. and Bridge Co.—Organized under laws of Kentucky, and owns the truss bridge across the Ohio River between the cities of Cincinnati, O., and Newport, Ky., which was completed and commenced taking toll Aug. 31, 1892. The bridge is about 1,940 feet long, including approaches, and about 43 feet extreme width, with walks on either side for foot passengers. It is 100 feet high in the clear above low water mark, supported by 11 piers of heavy masonry, of which 7 are on land and 4 in the water, all of them resting on solid rock. The pier in the river nearest the centre supports a cantilever span, and the bridge is so constructed that teams can cross at speed. The company owns in fee all the land covered by the bridge's approaches on both sides of the river, and not following any street in either city. The parties in control of the bridge own all the street railway lines in Newport and have extended them over the new bridge.

Receipts from tolls from Sept. 1, 1891, to June 1, 1892, \$50,409.89; average receipts per month, \$5,611.10; average receipts per day, \$184.31. Interest on \$1,000,000 5 p. c. bonds for one year, \$50,000. Estimated to cover all expenses for one year, \$12,000. Average revenue per day required to meet interest and expenses, \$169.86.

Financial Statement.—Capital stock (par, \$100), \$1,500,000. *Funded debt* consists of \$1,000,000 1st mtge. 5 p. c. 50-yr. gold bonds, due 1940, interest payable Jan. & July, at the Bank of Commerce, New York City. These bonds are secured by a first and only mortgage upon the bridge and real estate covered by its approaches in Cincinnati and Newport. A sinking fund, commencing Jan. 1, 1896, of \$5,000 per annum for 25 years and \$10,000 per annum for the remainder of the life of the bonds, is provided for their payment. Trustee of bonds, Dan. P. Ellis, Cleveland, O.

Chicago Gas Companies.—Chicago Gas Trust Co. was incorporated in Illinois in 1887 to acquire gas properties in Chicago. In April, 1890, its name was changed to the Chicago Gas Co. (for statement of which see **MANUAL** for 1890, page 1078), and in April, 1891, the stockholders surrendered their charter to the State of Illinois, the courts having decided that the holding of stocks in constituent companies was illegal. An agreement was then entered into between the stockholders of the various Chicago gas companies named below and the Fidelity Insurance Trust and Safe Deposit Co., of Philadelphia, Pa., which held in trust all the securities of the old company, whereby the stockholders agreed to accept, in lieu of their stock certificates, the certificates of the trust company above named, for the property held by the latter, in exact proportion of ownership represented by the stock surrendered. The trust certificates entitle the holder to vote at all meetings of the various gas companies (whose stocks are held by the trust company under deeds of trust), and also to enjoy any dividends declared by the various companies.

In June, 1891, an arrangement was effected between the city of Chicago and the various companies, whereby the city receives $3\frac{1}{2}$ p. c. of gross receipts, or at least \$150,000 per annum and pays \$1 per 1,000 feet of gas consumed—the price to other consumers to remain at \$1.25 until 1893, when a reduction of 5 cents per 1,000 must be annually made till the price has reached \$1. The guarantee of the Gas Trust Co. as to principal and interest is indorsed upon the bonds of the several controlled companies, whose statements are appended.

In April, 1894, legal proceedings were instituted for the annulment of the company's charter on the ground that a trust was being maintained, and in July, 1894, a decision was rendered dissolving the combination, perpetually enjoining the several companies from issuing their stock to any foreign or unlawful trust, and ordering the election of a separate board of directors for each of the companies.
